ABOUT SCE’S APPLICATION

SCE filed its 2021 GRC application and amended GRC application on August 30, 2019, and November 7, 2019, respectively. In the GRC proceeding, the CPUC will set the rate that

customers pay to fund SCE’s day-to-day operations, including maintenance for its equipment and electricity grid upgrades. The primary reasons for SCE’s requested revenue increases are to:

1. Reduce the risk from wildfires to keep the electric grid safe for the public and for SCE workers;
2. Reinforce grid reliability and grid resiliency in case of an emergency; and
3. Improve customer service and communication, integrate distributed energy resources, and offer customers more choices to meet their needs.

WHAT THIS PROPOSED APPLICATION MEANS TO YOU

The table below shows an estimate of proposed revenues and rate changes by customer group:

Bundled service customers’ average rate impacts:

Customer Group	Current Average Rates as of July 2019 (cents/kWh)	Proposed Average Rates as of January 2021 (cents/kWh)	Total Change (cents/kWh)	Percentage Change (% Increase)
Residential	18.1 cents/kWh	20.7 cents/kWh	2.6 cents/kWh	14.4%
Lighting — Small and Medium Power	17.3 cents/kWh	19.2 cents/kWh	1.9 cents/kWh	11.0%
Large Power	12.4 cents/kWh	13.5 cents/kWh	1.1 cents/kWh	8.9%
Agricultural	13.7 cents/kWh	15.1 cents/kWh	1.4 cents/kWh	10.2%
Street Lighting	25.5 cents/kWh	26.2 cents/kWh	0.7 cents/kWh	2.7%
Standby	10.2 cents/kWh	10.8 cents/kWh	0.6 cents/kWh	5.9%
Total	16.3 cents/kWh	18.2 cents/kWh	1.9 cents/kWh	11.7%

Note: Total percentage system revenue increase including bundled and non-bundled service customers is 12.9%. The rates and percentages shown above are averages and are not the exact changes you may see in your bill. Changes in individual bills depend on how much energy each customer uses.

If SCE’s rate request is approved by the CPUC, the average residential monthly bill would increase by approximately \$14 in 2021, \$4 in 2022, and \$6 in 2023.

CPUC PROCESS

At the EHs, the assigned Administrative Law Judges (Judges) will receive the testimony of SCE, consumer advocacy groups, and all other parties to this proceeding. These EHs are open to the public but only those who are parties to the proceeding may present evidence, testimony, and are subject to cross-examination. The hearings and documents submitted during this proceeding will become part of the formal record that the Judges rely upon in writing a proposed decision to present to the Commissioners for their consideration.

After considering all proposals and evidence presented during the formal hearing process, the assigned Judges will issue a proposed decision which may adopt SCE’s application as proposed,

modify, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.
