

Agenda
SCE's PRG Meeting – Conference Call
September 02, 2009

Scheduled Time: 3:00 PM – 4:00 PM

AGENDA

1. Overview of 2009 RPS Solicitation
2. DWR Fuel Supply Plan - High Desert Power Project
3. Update on 2009 All-Source RFO

PARTICIPANTS:

Energy Division: Sara Kamins, Cheryl Lee, Sean Simon, Kevin Dudney, James Loewen, Junaid Rahman

DRA: Don Smith, Nika Rogers

TURN: Mike Florio, Kevin Woodruff (Woodruff Expert Services)

CERS: Jim Spence, Fred Mobasher (Electric Power Group)

CUE: Mark Joseph

Independent Evaluator: Wayne Oliver (Merrimack Energy), Michael Katz (Van Horn Consulting)

ACTION ITEMS:

1. Sara Kamins requested that SCE provide a list of previous RPS RFP bids that are "rolled over" to the 2009 RPS RFP. SCE provided this information at its September 16, 2009 PRG meeting. Please see SCE's presentation entitled, "Summary of Renewable and Alternative Power Contract Activities," at pages 2 and 3.
2. Fred Mobasher requested that SCE (1) identify the RPS bids that rely on Federal grants, and (2) provide an average price comparison between RPS projects that rely on Federal grants and RPS projects that do not rely on Federal grants. SCE is in the process of compiling a response to this request.
3. Fred Mobasher requested that Independent Evaluator reports be transmitted directly to PRG participants, in addition to their required submittal as part of each IOU's Quarterly Compliance Report. SCE indicated that it would do so where appropriate.
4. Fred Mobasher asked if SCE had conducted scenario analysis to assess the reasonableness of its probabilistic gas and power price forecasts, particularly SCE's low probability outcomes (i.e., the "tail" outcomes of SCE's probabilistic price process). SCE said that it would consider such a study at the conclusion of its 2009 All-Source RFO. SCE will report its findings to the PRG at a later time.
