NOTICE OF PROPOSED RATE INCREASE
SOUTHERN CALIFORNIA EDISON COMPANY'S (SCE) APPLICATION FOR 2020
ENERGY STORAGE PROCUREMENT AND INVESTMENT PLAN A.20-03-004

Summary

On March 2, 2020, Southern California Edison Company (SCE) filed an application with the California Public Utilities Commission (CPUC) requesting approval to increase rates by \$20 million for its 2020 Energy Storage Procurement and Investment Plan (ESP&IP). Investor-owned utilities (IOUs) are required to file applications detailing their plans for finding and obtaining energy storage from external sources (procurement), as well as programs and investments in energy storage.

This rate increase is intended to cover costs for:

- The New Home Energy Storage Pilot to incentivize energy storage installation in new construction housing, and
- The Smart Heat Pump Water Heater Program to incentivize customers to replace existing water heaters with heat pump water heaters.

SCE's total budget for the proposed programs is \$20 million. The following tables represent the estimated rate increases by customer group if this application is approved by the CPUC.

How could this affect my monthly bill?

If SCE's proposed rate increase is approved, an average residential electric customer using 600 kWh per month would see a bill increase of \$0.05 per month, from \$110.11 to \$110.16. The impacts will be less for lower-income residential customers enrolled in the California Alternate Rates for Energy (CARE) program, from \$74.43 to \$74.46.

Bundled Average Rates (¢/kWh)				
Customer Group	Current Rates □	Proposed Increase	Proposed Rates □	% Increase
Residential	18.9	0.81%	18.9	0.04%
Lighting - Small and Medium Power	17.3	0.73%	17.3	0.04%
Large Power	12.4	0.52%	12.4	0.04%
Agricultural and Pumping	13.8	0.58%	13.8	0.04%
Street and Area Lighting	19.2	0.80%	19.2	0.04%
Standby	10.7	0.45%	10.8	0.04%
Total	16.4	0.70%	16.4	0.04%

Residential Bill Impact (\$/Month)						
Description		Current	Proposed Increase		Proposed	% Increase
Non-CARE residential bill	\$	110.11	\$ 0.05	\$	110.16	0.04%
CARE residential bill	\$	74.43	\$ 0.03	\$	74.46	0.04%

Assumptions:

Current rate based on

1-Jan-20

 effective rates

Based on

1-Jan-20

 sales forecast

Residential bill impact is calculated for non-CARE customers and CARE customers with average usage of
Residential bill calculated using baseline region 9 allocation

How does the rest of the process work?

This application will be assigned to a Judge who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EH) may be held where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate.

After considering all proposals and evidence presented during the formal hearing process, if required, the Judge will issue a proposed decision which may adopt SCE’s application as proposed, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.

The Public Advocates Office (Cal Advocates) has reviewed this application. Cal Advocates is the independent consumer advocate within the CPUC with a statutory mandate to represent customers of investor-owned utilities to obtain the lowest possible rate for service consistent with safe and reliable service and the state’s environmental policy goals. Cal Advocates has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. For more information about Cal Advocates, please call (415) 703-1584, e-mail PublicAdvocatesOffice@cpuc.ca.gov, or visit Cal Advocates’ website at www.publicadvocates.cpuc.ca.gov.
