---

**Question 02:** Using the table formats shown below, for all fire incidents reported to the CPUC pursuant to D.14-02-015, please identify the number of incidents per month that occurred:

a. Outside of HFRA.

b. In HFRA.

c. In HFRA the CPUC has categorized as Tier 3.

d. In HFRA the CPUC has categorized as Tier 2.

As shown in the tables below, please provide this information for all fire incidents, and then broken out by incidents related to transmission and distribution facilities.

**Response to Question 02:**

The tables below contain the number of fire incidents, by month, which SCE reported to the CPUC pursuant to D.14-02-015. Please note that the fire incident data in the tables below is for the time period May 2014 through December 2017. This information is taken from SCE's annually-filed reports to the CPUC and does not include 2018 data as SCE has not yet filed its 2018 annual report with the CPUC. Additionally, SCE has defined Distribution for this response as 33 kV and below and Transmission as 55 kV and above.

**Number of Reported Total Fire Incidents (May 2014 - December 2017)**

Month	Non-HFRA	SCE HFRA Not in CPUC Tiers	Zone 1	200' Buffer for Tier 2	Tier 2	200' Buffer for Tier 3	Tier 3	Total HFRA Area
January	5	3	0	0	0	0	2	5
February	7	1	0	0	1	0	4	6
March	7	1	0	1	0	0	2	4
April	22	6	0	0	2	0	13	21
May	17	6	0	2	6	0	11	25
June	33	5	0	0	7	0	15	27
July	21	6	0	2	3	0	6	17
August	16	3	0	2	3	0	6	14
September	14	2	0	0	2	0	11	15
October	10	1	0	1	3	0	11	16
November	10	1	0	0	4	1	6	12
December	8	3	0	0	2	0	4	9

### Number of Reported Distribution Fire Incidents (May 2014 - December 2017)

Month	Non-HFRA	SCE HFRA Not in CPUC Tiers	Zone 1	200' Buffer for Tier 2	Tier 2	200' Buffer for Tier 3	Tier 3	Total HFRA Area
January	5	2	0	0	0	0	2	4
