**SOUTHERN CALIFORNIA EDISON COMPANY
NOTICE OF PROPOSED CHANGE IN ELECTRIC RATES
TO RECOVER THE COSTS ASSOCIATED WITH THE PROJECT WITH THE
LAWRENCE LIVERMORE NATIONAL LABORATORY FOR THE
CALIFORNIA ENERGY SYSTEMS FOR THE 21ST CENTURY PROJECT
APPLICATION NO. A.11-07-008**

On July 18, 2011, Southern California Edison Company (SCE) filed a joint application filing with Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Gas Company (collectively, “Utilities”) with the California Public Utilities Commission (CPUC). The joint application filing is seeking authority from the CPUC to recover the fixed and directed project costs associated with a strategic applied research and development agreement between the Utilities and Lawrence Livermore National Laboratory. The project is known as the “California Energy Systems for the 21st Century Project.” The project seeks to leverage the joint resources of the Utilities, California agencies, and California research laboratories and institutions to develop the necessary technologies and computing power necessary to expand and enhance the use of renewable energy and energy efficiency resources for the benefit of California consumers, businesses, and governments. The consortium will employ a joint team of technical experts who will combine data integration with the nation’s most advanced modeling, simulation, and analytical tools to provide problem solving and planning to achieve California’s energy and environmental goals.

The joint Utilities’ application filing requests authorization for the Utilities to increase their electric rates and charges to collect up to a maximum of \$150 million over five years. SCE seeks to recover its share (\$53.1 million) of the total funding request, including franchise fees and uncollectible amounts, in rates over the five year period. Therefore SCE will increase its revenue requirements by approximately \$10.62 million in 2013 and this amount will remain in rates through the end of 2017.

Compared to revenue at present rates as of July 1, 2011, this application could result in a revenue increase of approximately \$10.62 million over a five year period, or 0.06% beginning in 2013 and continuing through the end of 2017. **If total rates were to change as requested, an average residential customer using 600 kilowatt-hours (kWh) per month would see an increase of \$0.14 per month, from \$101.98 to \$102.13.** The following table shows an estimate of proposed revenue and rate changes by customer group:

If this application is approved, the proposed change in rates for each customer class is as follows:

	Revenue Change (\$Millions)	% Change	Present Rates (¢/kWh)	Proposed Rate (¢/kWh)
Residential	5.321	0.06%	15.52	15.53
Lighting – Small and Medium Power	3.725	0.06%	15.18	15.19
Large Power	1.230	0.06%	10.35	10.36
Agricultural and Pumping	317	0.07%	11.94	11.94
Street and Area Lighting	27	0.01%	18.57	18.58
Total	10.620	0.06%	14.11	14.12

FOR FURTHER INFORMATION FROM SCE

As noted above, you may review a copy of this Application and related exhibits at SCE’s corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). You may also view these materials at the following SCE business offices:

1 Pebbly Beach Rd. Avalon, CA 90704	30553 Rimrock Rd. Barstow, CA 92311	374 Lagoon St. Bishop, CA 93514
505 W. 14 th Ave. Blythe, CA 92225	3001 Chateau Rd. Mammoth Lakes, CA 93546	510 S. China Lake Blvd. Ridgecrest, CA 93555
26364 Pine Ave. Rimforest, CA 92378	41694 Dinkey Creek Rd. Shaver Lake, CA 93664	421 W. J St. Tehachapi, CA 93561
120 Woodland Dr. Wofford Heights, CA 93285	6999 Old Woman Springs Rd. Yucca Valley, CA 92284	

Customers with Internet access may view and download the application and the papers supporting it on SCE’s web site, www.sce.com/applications. Anyone who would like to obtain more information about the application, please write to:

Attention: Case Administration

EVIDENTIARY HEARINGS

If the application is accepted, the CPUC may also hold evidentiary hearings whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record may participate. For information relating to the hearings, you may contact the Public Advisor's Office (PAO) at the address or phone number shown below. A separate notification to SCE customers regarding the date, time and location of these hearings will be sent as a separate bill insert, or will appear as a newspaper notification.

The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the evidentiary hearings. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

CPUC PROCESS

If you wish to present comments on this proceeding you may submit written comments to the CPUC's PAO at the address or e-mail shown below. Please state that you are writing concerning Application No. 11-07-008. Your comments will become a part of the formal correspondence file for public comment in this proceeding. The PAO will circulate your comments to the five Commissioners, the ALJ, DRA, and to CPUC staff assigned to this proceeding. You may also contact the CPUC if you need advice on how to participate in this proceeding.
