Important Notice

Southern California Edison's 2010 Home Energy Efficiency Rebate Program Variable-Speed Pool Pump Installation Incentive!

Southern California Edison ("SCE") is offering a \$100 incentive to pool pump retailers/contractors for each qualifying residential variable-speed pool pump installed. This incentive is for you, the retailer/contractor, and is in addition to the \$200 incentive a SCE residential customer may be eligible to receive. This offer is in effect until December 31, 2010 or until funding is exhausted, whichever comes earlier.

In order to be eligible for this incentive you must meet the following requirements, provided however, that SCE reserves the right to modify these requirements at anytime:

- 1) Be the SCE customer's source for the purchase and installation of a qualifying variable-speed pool pump on or after the effective date of your signed participation agreement. The SCE customer is required to submit your invoice with his rebate application. Please note, that **the SCE customer MUST submit the applicable Customer Rebate Application for a qualifying variable-speed pool pump in order to initiate your eligibility for this \$100 incentive;**
- 2) You must sign the attached agreement and mail it back to:
Southern California Edison
Rebate Processing Center
ATTN: Variable-Speed Pool Pump and Motor Incentive Program
PO Box 800
Rosemead CA, 91770

SCE will provide you with a confirmation receipt of your signed agreement via email, at which time you will be considered a valid participant of this incentive offer. Only those installations that take place on or after the date SCE provides you in its confirmation letter are eligible.

- 3) When the SCE customer submits his/her Customer Rebate Application with your invoice, the SCE rebate processing center will match the invoice with the Customer Rebate Application and your signed participation agreement. If all required documents are found to be satisfactory, in SCE's sole opinion, SCE will mail you a check for the \$100.00 incentive for each application that is verified according to the above process. Please note that due to customer confidentiality, SCE will not provide you with the name of any customer who submits their rebate. It will be your sole responsibility to verify the submission of their rebate application with your customer(s).
