

2010

Home Energy Efficiency Rebate Program

Cash Rebates for existing single-family detached homes, attached homes (up to four-plex), condominiums and mobile homes. New construction homes do not qualify.

HOW TO APPLY

- 1. Read** the Terms and Conditions included in this application package. **Rebates for this program are for a limited time only and may be terminated without prior notice.**
- 2. Purchase qualifying product(s)** between January 1, 2010 and December 31, 2010. Install qualifying product(s) between January 1, 2010 and February 28, 2011. Please be aware that these order/purchase dates will end earlier if funds are depleted. Qualifying product information is found on the Specification Sheet. Qualifying products must be installed prior to submitting for a rebate.
- 3.** Complete the Product Form and **read and sign** the Customer Application Form. Mail the completed forms along with a **copy of the receipt or proof of purchase** (see Proof of Purchase Requirements section in this application) to:

SCE Rebate Processing Center
P. O. Box 800
Rosemead, CA 91770

Completed forms with required documentation must be **postmarked by February 28, 2011**. Incomplete applications cannot be processed.

- 4. Keep a copy** of your completed forms with required documentation (including receipts or home improvement contract) for your records.
- 5.** A rebate check will generally be mailed within 5 weeks unless (a) your application is incomplete or (b) is selected for inspection/verification which may result in additional processing time, or (c) funds are depleted. Applications are processed on a first-come, first-served basis.

SCE reserves the right to verify energy efficient product(s), customer eligibility, and equipment installation prior to payment of rebate.

Questions? Call SCE toll-free at 1-800-736-4777.

You may qualify for FREE energy-saving home improvements while funds last, and/or a 20% discount on your monthly energy bill, if you meet certain income guidelines and other requirements. Please call SCE at 1-800-736-4777 for more information.

TERMS AND CONDITIONS – READ, SIGN AND DATE BELOW.

By submitting the 2010 Home Energy Efficiency Rebate (HEER) Program Application, I understand and agree to the following:

- To be eligible for the rebate: (a) I must be an SCE residential customer on a residential rate with an active meter, and (b) the product(s) I have installed must (i) qualify for the rebate, (ii) be installed in a residential dwelling, fully constructed and occupied, within SCE's service area, and (iii) be designed to reduce my consumption of energy distributed to me by SCE at the installation address. I understand I must complete and submit an Application for each installation at each address where a qualifying product has been installed. All uses herein of the words "install", "installation", or similar phrases shall mean complete installation such that the subject products are fully functional.
- The HEER Program term is January 1, 2010 through December 31, 2010, yet may end sooner if allocated funds are depleted. Any product(s) ordered or purchased prior to January 1, 2010 or after December 31, 2010 do not qualify for a rebate. Resale products, products leased, rebuilt, rented, received from warranty insurance claims, exchanged, won as a prize, or new parts installed in existing products do not qualify.
- Funds are limited. Applications are accepted on a first-come, first-served basis. The HEER Program may be modified or terminated without prior notice. In the event that rebate amounts change, the order/purchase date will be used to determine product eligibility and the application postmark date will be used to determine rebate amount, if any.
- A signed and dated Application, and all other required documentation including all appropriate Proof(s) of Purchase, must be sent to SCE's Rebate Processing Center and postmarked by February 28, 2011 to be considered eligible for a rebate. After SCE receives a submitted Application, and determines that it is complete and accurate and approves it for payment, a rebate check is generally mailed within five weeks to the installation address, or the address provided in Section 2 of this Application; however, that SCE reserves the right to select any Application for verification, or reject any incomplete Applications. If an Application is selected for verification, additional time may be required before a rebate check is mailed. If applying for the HEER Program online, the rebate check can only be sent to the customer of record at the address on record for the service account.
- I will allow, if requested, SCE's and/or the California Public Utilities Commission's (CPUC) representative(s) reasonable access to my home to verify installation of the qualifying product I have purchased, either prior to payment of a rebate and/or following payment of a rebate.** I understand that a rebate will not be paid if I refuse to participate in any required verification. I understand that if I refuse to participate in or fail any required verification after receiving a rebate, I may be required to repay to SCE the amount of any rebate received. The verification of installation must be scheduled within 30 days of customer contact by SCE. I understand that SCE may contact the qualifying product vendor and/or installer to verify purchase and/or installation and may provide my name and/or address to complete this verification.
- I have installed a qualifying product(s) and understand the energy-efficiency level of the qualifying product(s) determines the rebate amount. The rebate amount may not exceed the purchase price. I understand that I cannot receive a rebate for the same product from more than one California investor-owned utility or third party energy efficiency program offering rebates, financing or other incentives funded with CPUC Public Goods Charge funds.
- I agree that the selection of qualifying product(s), selection of manufacturer, dealer, supplier and/or installer, and purchase, installation and ownership/maintenance of the qualifying product(s) referenced in this Application are my sole responsibility, and the manufacturer, dealer, supplier or installer of these products is not an agent or representative of SCE.
- I understand that SCE makes no representations regarding manufacturers, dealers, contractors, materials or workmanship. **I ALSO UNDERSTAND THAT SCE MAKES NO WARRANTY WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PARTICULAR PURPOSE, USE, OR APPLICATION OF THE PRODUCTS.**
- I agree that SCE has no liability whatsoever concerning (1) the quality, safety and/or installation of the products, including their fitness for any purpose, (2) the estimated energy savings of the products, (3) the workmanship of any third parties, (4) the installation or use of the products including, but not limited to, effects on indoor pollutants, or (5) any other matter with respect to the 2010 HEER Program. I waive any and all claims against SCE, its parent companies, directors, officers, employees, or agents, arising out of activities conducted by or on behalf of SCE in connection with my Application for any rebate(s) under the 2010 HEER Program. Without limiting the generality of the foregoing, none of such parties shall be liable hereunder for any type of damages, whether direct, or indirect, incidental, consequential, exemplary, reliance, punitive or special damages, including damages for loss of use, regardless of the form of action, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind.
- I am responsible for meeting all 2010 HEER Program requirements and complying with my state/county/city governments, property owner and/or homeowners association requirements (if any) in my area regarding local conditions, restrictions, codes, ordinances, rules, and regulations concerning this installation.
- If a tenant, I am responsible for obtaining the property owner's permission to install the product(s) for which I am applying for a rebate. My signature on this Application indicates I have obtained this permission.
- SCE is not responsible for items lost or destroyed in the mail/transit.
- SCE utilizes the "Point-of-Sale" method of program delivery for selected products with participating retailers. Under this method, customers will receive applicable rebates instantly at the cash register. Such purchases are not eligible for a second rebate through this Application or the SCE Rebate Processing Center.
- You certify that the information you have provided is true and correct, and that the product(s) and/or equipment(s) for which you are requesting a rebate meet(s) the requirements in this application.**

Date

Funding is limited. Please call SCE at 1-800-736-4777 or visit www.sce.com to make sure rebate applications are still being accepted. Applications are accepted on a first-come, first-served basis. This program shall at all times be subject to change or termination without prior notice. This program is funded by California utility customers and administered by SCE, under the auspices of the California Public Utilities Commission.

Home Energy Efficiency Rebate Program

Read accompanying Specification Sheet before purchasing products.

Provide the information requested for each product installed. Mail in this Product Form with your completed and signed Customer Application Form, copy of proof of purchase, and other required documentation. Please refer to the Proof of Purchase Requirement section.

Rebate Subtotal = \$ _____

An on-site verification of the product(s) purchased and installed may be required before the rebate is paid.

REBATE TOTAL = \$ _____

All equipment/materials must be new. Follow manufacturer installation requirements. Equipment/Materials must meet or exceed all applicable local, state and federal standards.

A. ENERGY STAR® QUALIFIED REFRIGERATOR

List of qualifying products is available at www.sce.com. Go to "Rebates & Savings, then Residential", then "ENERGY STAR® Qualified Refrigerator Rebate", then "List of Qualifying Models".

Only one refrigerator per residence is allowed. The new refrigerator must be the household primary use refrigerator.

B. ENERGY STAR® QUALIFIED ROOM AIR CONDITIONERS

List of qualifying products is available at www.energystar.gov/products or call SCE at 1-800-736-4777.

C. EFFICIENT ELECTRIC STORAGE WATER HEATER

Efficient electric storage water heaters must have an Energy Factor (EF) of 0.93 or greater. **Look for the EF rating on the water heater specification sheet or on the packaging box; it does not always appear on the water heater label itself.** This rebate is limited to electric storage water heaters that are 30 gallons or greater. Tankless water heaters do not qualify. Replacing a gas water heater with an electric unit does not qualify.

List of qualifying products is available at www.sce.com or call SCE at 1-800-736-4777.

D. WHOLE HOUSE FAN

A whole house fan must move 1000 cubic feet of air per minute (CFM) or more and be permanently installed (connected to the framing) to be eligible for rebate. Consult manufacturer's specifications to determine the proper size fan prior to purchase. Whole House Fans are usually installed in your home by attaching the fan to the ceiling joists in the hall. The fan exhausts air from the living space into the attic, so it is important to make sure there is adequate attic ventilation to allow the air to easily escape. **Existing central air conditioner or heat pump required.**

It is recommended that louvers between the living space and the attic create a tight air seal. An insulated louver cover should also be purchased for use in the winter. List of qualifying products is available at www.sce.com or call SCE at 1-800-736-4777.

Only one whole house fan per residence is allowed.

E. ENERGY EFFICIENT DUCTED EVAPORATIVE COOLING SYSTEM

Single Stage and Two Stage Evaporative Coolers

This rebate does not apply to portable or window mounted evaporative coolers.

The replacement of your single stage or two stage central cooler must:

1. Be permanently installed.
2. Have UL recognized electrical components.
3. Come with a water quality management system that provides positive removal of sump water on a regular interval (a bleed system is not allowed).
4. Have a single duct or multi ducted distribution system.
5. Have either:
 - a. A multi-function manual control switch which offers high and low fan speed, pump on or off and the unit control of on or off. When a multifunction manual control switch is used, pressure relief dampers are not required.
 - b. A thermostat specifically designed for evaporative coolers which automatically controls the unit operation based on the indoor temperature, fan speed, and pump operation. The automatic thermostat must be mounted remotely from the cooler. If new pressure relief dampers are installed, they must be indicated on your proof of purchase.

A list of qualifying energy efficient evaporative coolers is available at www.sce.com or for other helpful information call SCE at 1-800-736-4777.

Rebates will not be paid for pre-existing pressure relief damper(s).

Only one evaporative cooling system per residence is allowed.

F. VARIABLE-SPEED POOL PUMPS – IN-GROUND POOLS ONLY

Replace existing pool pump and motor with a qualifying high efficiency variable-speed pool pump on a single family residence. In addition, for those models that require an automatic control system capable of controlling both high and low speeds, a controller must be installed.

List of qualifying products is available at www.sce.com or call SCE at 1-800-736-4777.

Only one variable-speed pool pump per residence is allowed.

While you may install some of the products yourself, some require hiring a licensed contractor to complete installation. The Proof of Purchase and other documentation required to process your rebate application may differ depending on who completes the installation.

WHEN YOU HIRE A CONTRACTOR

When using a contractor the following may be used as Proof of Purchase — **Home Improvement Contract (HIC) and/or paid invoice/receipts. Proof of Purchase must include at least the following information:**

1. Contractor's name, business address and phone;
2. Itemized listing of each product including such things as:
 - a. Manufacturer make and model numbers
 - b. Energy Factor (EF) for electric water heater
 - c. Square footage for Cool Roofs
3. Price per product, payment terms or "paid in full" notation and the date paid
4. Product installation date and address

You may wish to confirm your contractor's license status at the Contractors State License Board (CSLB) by calling 1-800-321-CSLB. You may also confirm your contractor's license status at the CSLB Web site at www.cslb.ca.gov:

- a. Click on "License Status Check"
- b. Type in the six-digit license number for verification
- c. Confirm the active status of license under the License Status heading
- d. Confirm the contractor holds the appropriate license under the Class heading selected

A Home Improvement Contract (HIC) must be used if the materials and labor total for the product(s) and installation is \$500 or more per the CSLB requirements. It is recommended that you request a HIC from your contractor even if the contractor installation was less than \$500. Your HIC must be signed and dated by both your licensed contractor and yourself. For more information about Home Improvement Contracts go to: www.cslb.ca.gov/contractors/hicontracts.html.

If submitting a HIC as Proof of Purchase for the 2010 Home Energy Efficiency Rebate Program, the date you signed the HIC and the date the product is purchased must be between January 1, 2010 and December 31, 2010. If both the signatures are not dated, the date that the HIC was written will be the default date for determining eligibility for rebate.

OR

WHEN YOU DO IT YOURSELF

When a qualifying product is installed by the customer, a paid invoice/receipt may be used as Proof of Purchase. You may have to ask your retailer for additional product information depending on the product being installed. The paid invoice/receipt must include at least the following information:

1. Home improvement retailer/store name, business address and phone
2. What was purchased and when purchased
3. Price per product

Reminder: All products must be purchased between January 1, 2010 and December 31, 2010. All products must be installed between January 1, 2010 and February 28, 2011. Additionally, all products must be installed prior to submitting your completed and signed Customer Application Form, completed Product Form(s) and Proof of Purchase. For additional product information, check the Specification Sheet in your Application Package.

Please be aware these purchase and install periods, whether contractor installed or customer installed, will end earlier if funds are depleted.

Read the Specification Sheet included with each Product Form to make sure you meet all requirements.
