ADVICE 147-G
(U 338-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
ENERGY DIVISION

SUBJECT: Adjustment of Existing Income Limitations for
California Alternate Rates for Energy

In compliance with the California Public Utilities Commission (Commission) Energy Division's letter (Letter) dated April 22, 2008 and Resolution E-3524, Southern California Edison Company (SCE) hereby submits for filing the following revised tariff sheets which are listed on Attachment A and are attached hereto.

PURPOSE

This advice filing revises Schedule G-1-CARE, Santa Catalina Island California Alternate Rates for Energy (CARE) Domestic Service to reflect an increase in the household annual income limitations applicable to the CARE program in compliance with the Energy Division's letter dated April 22, 2008 and Resolution E-3524 dated February 19, 1998. In the Letter, utilities are requested to file revised tariffs reflecting the revised income levels effective June 1, 2008.

BACKGROUND

The Commission authorized the Low Income Ratepayer Assistance (LIRA) program by Decision (D.) 89-07-062 which became effective September 1989. SCE's electric Schedule D-LI, Low Income Rate – Domestic Service, became effective pursuant to D.89-09-44 on November 1, 1989. The program name was changed from LIRA to CARE effective January 1, 1995, in accordance with Senate Bill 491. Accordingly, SCE's electric rate schedule was renamed to Schedule D-CARE.

Pursuant to D.04-12-018, SCE established Schedule G-1-CARE which provides Santa Catalina Island (Catalina) low-income domestic gas customers with CARE discounts.¹ Catalina customers who qualify for the CARE program for electric or water service are enrolled automatically in the CARE program for gas service. Catalina gas customers can also utilize the electric CARE application forms for enrollment as well as recertification. In accordance with Conclusion of Law No. 9 of D.04-12-018, low-income customers on Catalina will receive a 20 percent discount from gas service rates under Schedule G-1-CARE.

Household income limitations are used to determine whether a person or household qualifies for discounts provided under CARE schedules. The Commission, in Resolution E-3524, directed the Energy Division to communicate new eligibility income levels to the utilities on May 1 of each year. The Commission further required the Energy Division to direct the utilities to file revised tariffs effective June 1 of each year reflecting the new income levels.

The Energy Division's April 22, 2008 letter provided for an inflation factor of 1.041 from the current household annual income limitations provided for under the various CARE programs. The inflation factor used is the "final" Consumer Price Index All Urban Consumers for the prior year, as published by the U.S. Department of Labor, Bureau of Labor Statistics. The new income levels for CARE program eligibility were calculated by the Energy Division and are based upon the rules for computing income levels as set forth in Resolution E-3524. This advice filing updates Schedule G-1-CARE by incorporating the new household income limitation levels provided by the Energy Division.

No cost information is required for this advice filing.

This advice filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule.

TIER DESIGNATION

Pursuant to D.07-01-024, Energy Industry Rule 5.1(1), this advice letter is submitted with a Tier 1 designation.

EFFECTIVE DATE

In compliance with Resolution E-3524, this advice letter is effective June 1, 2008.

¹ Advice 130-G established Schedule G-1-CARE and was approved by the Commission on March 1, 2005.
