ADVICE 1491-E-I
(U 338-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
ENERGY DIVISION

SUBJECT: Semi-Annual Filing Regarding Service Provider
Lists Pursuant to Affiliate Transaction Rule IV.C.2

PURPOSE

As directed by Affiliate Transaction Rule IV.C.2, Southern California Edison Company (SCE) hereby submits for California Public Utilities Commission (Commission) approval this semi-annual update that: 1) describes the development and dissemination of service provider lists to customers who request such information; 2) requests approval of new and/or changed lists for which approval is required; and 3) furnishes the Commission with current lists of non-affiliated energy efficiency-related service providers that SCE currently distributes outside of the approval process due to the continuing need to conserve energy in California following the energy crisis. This is the thirteenth semi-annual advice letter filed in accordance with Rule IV.C.2 as set forth in Appendix B of Decision (D.) 98-08-035. This advice filing supplements and replaces Advice 1491-E-H in its entirety.

BACKGROUND

Rule IV.C.2 states:

“If a customer requests information about any affiliated service provider, the utility shall provide a list of all providers of gas-related, electricity-related, or other utility-related goods and services operating in its service territory, including its affiliates. The Commission shall authorize, by semi-annual utility advice letter filing, and either the utility, the Commission, or a Commission-authorized third party provider shall

maintain on file with the Commission a copy of the most updated lists of service providers which have been created to disseminate to a customer upon a customer's request. Any service provider may request that it be included on such list, and, barring Commission direction, the utility shall honor such request. Where maintenance of such list would be unduly burdensome due to the number of service providers, subject to Commission approval by advice letter filing, the utility shall direct the customer to a generally available listing of service providers (e.g., the Yellow Pages). In such cases, no list shall be provided. The list of service providers should make clear that the Commission does not guarantee the financial stability or service quality of the service providers listed by the act of approving this list."

Advice 1342-E-B, which the Commission approved by letter on February 1, 2000, described SCE's procedure¹ for the creation of the "list of all providers of gas-related, electricity-related, or other utility-related goods and services operating in its service territory, including its affiliates," to be provided to a customer requesting information about any affiliated service provider. The Commission also approved SCE's request in Advice 1342-E-B to continue referring customers to generally available lists of service providers, to resume distribution of focused lists of non-affiliated service providers, and to resume the distribution of government-approved lists. The Commission next approved Advice 1450-E on May 8, 2000, which provided the Commission with updated versions of the lists initially approved in 1342-E-B. SCE has since filed Advice 1491-E (October 16, 2000), Advice 1491-E-A (March 27, 2001), Advice 1491-E-B (May 8, 2001), Advice 1491-E-C (November 26, 2001), Advice 1491-E-D (June 20, 2002), Advice 1491-E-E (December 18, 2002), Advice 1491-E-F (June 16, 2003), Advice 1491-E-G (December 16, 2003), and Advice 1491-E-H (June 17, 2004), upon which the Commission has not acted. This advice filing supersedes these nine previous filings in their entirety.

In addition to reiterating the list-creation procedure and SCE's Commission-approved referrals to generally available lists and sources, this advice letter and its attachments delineate the various list categories and the status of SCE's request as to each. These categories include:

- Service Provider List Resulting From Internet-Based Process
(Approval Requested Herein - Attached as Appendix F)
- Generally Available Lists

¹ Required by Affiliate Transaction Rule IV.C.2 and Commission Resolution E-3539.

- Focused Lists of Non-Affiliated Service Providers
 - Table A: Lists Previously Approved by the Commission
 - Table B: Updated or New Lists and Lists Previously Filed But Not Yet Approved (Approval Requested Herein)
 - Table C: Energy Efficiency and Backup Generators (Exigent Circumstances)
- Government-Approved Lists
 - Table D: Government-Approved Lists

DISCUSSION

I. Internet-Based Development of A Service Provider List

Rule IV.C.2 requires SCE to develop, or cause to be developed, a list of “all providers of gas-related, electricity-related, or other utility-related goods and services operating in its service territory” to be provided if a customer requests information about any affiliated service provider. This Rule also directs SCE to include on the Commission-approved list any service provider who requests inclusion. Commission Resolution E-3539 directed SCE to comply with this Rule by posting on its Web site notice of its creation of such list and the process by which interested service providers may be included on the list.

To comply with Rule IV.C.2, SCE created a specialized area at its Web Site: www.sce.com → Regulatory Info Center → SCE Affiliate Notices → Service Provider Lists (Rule IV.C.2), which is dedicated specifically to the creation and maintenance of the service provider list. In addition, for those service providers who do not have access to the internet or who prefer to utilize the mail, SCE has set up the following mailing address: SCE-Service Provider List, Attn: Regulatory Compliance, Quad 3D, 2244 Walnut Grove Ave., Rosemead, CA 91770. In accordance with Commission directive, the list resulting from this process will be updated and submitted to the Commission for approval as part of the semi-annual Rule IV.C Advice Letter.

Upon request for information about an affiliated service provider, the list resulting from this process would be provided to customers in printed form, via e-mail, and/or on SCE’s Affiliate Transactions Web page. Customers may obtain the list in the manner most convenient for them.

Since this process was instituted several years ago, a small number of providers have taken advantage of the self-nomination opportunity. This list is included for approval as Appendix F in this advice letter. Because this self-nominated list contains only a few service providers, SCE will continue referring customers, on request, to the generally-available lists of service providers, as described in the following section. Because the provision of this small list of contractors may create an impression that SCE or the Commission endorses those providers—notwithstanding inclusion on the list of the required disclaimers—SCE requests permission to continue its practice of making referrals to generally available lists, in lieu of providing this small list of entities. SCE will, however, continue to maintain the Web-based list creation process, in the event that additional service providers wish to take advantage of the opportunity.

II. Referrals to Generally-Available Lists of Service Providers

SCE will continue referring customers requesting information about service providers to “generally-available listings of service providers” in compliance with Resolution E-3539, which acknowledged that “generally available lists of service providers” includes, in addition to the Yellow Pages mentioned in the text of the Rule, Internet search engines and bulletin boards. This practice was authorized by the Commission in its approval of Advice 1342-E-B in February 2000.

III. Focused Lists of Non-Affiliated Service Providers

Prior to the adoption of Resolution E-3539 in 1998, SCE had routinely provided lists, upon request, of manufacturers, distributors or other service providers (or had made links available on its Web sites) to inform customers of providers with offerings related to energy efficiency, safety, and new or emerging technologies. In approving Advice 1342-E-B and 1450-E, the Commission again authorized SCE to provide such “Focused Lists of Non-Affiliated Service Providers” to its customers upon request.

Table A below identifies the focused lists in this category which the Commission has already approved and which SCE currently distributes upon request.

Table A

Focused Lists of Non-Affiliated Service Providers (Approved)

1998 Food Service Equipment Catalogue
Electric Lawnmowers Manufacturers
Product Guides – Various

- LED Exit Signs
- LED Traffic Lights

Electric Transportation Internet Links
Uninterruptible Power Suppliers
SCE List of Contractors that Perform Underground,
Construction and Sub-station Work²

Table B below identifies existing lists that are pending approval from the Commission (i.e., they were included in previously submitted Rule IV.C.2 advice letters), as well as updates to those lists and any new focused lists. These lists, which are not currently being distributed, are attached as Appendix B.

Table B

Focused Lists of Non-Affiliated Service Providers (Approval Requested Herein)

Product Guides – Various

- Electric Motors
- Occupancy Sensors
- Variable Speed Drives
- Ultraviolet Ink Suppliers
- Carbon Monoxide Sensors
- Daylight Controls for Skylights
- Energy Management Systems
- HID Lighting
- Humidifiers
- Ultraviolet Curing
- Air Compressors

² The contractors on this list are all authorized to work in hazardous environments and have agreed to perform services according to SCE's operating and safety requirements. In the interest of public health and safety, SCE is currently issuing updated versions of this list (See Appendix A).

Following the energy supply shortages during 2001, SCE continues to receive requests from business and residential customers for information related to energy efficiency, conservation and sources of backup generation.

In the interest of providing these customers with the information necessary to identify and implement energy efficiency solutions, SCE will continue to distribute and update the energy efficiency lists in Table C below, many of which were previously reported to the Commission in Advice 1491-E-A, 1491-E-B, 1491-E-C, 1491-E-D, 1491-E-E, 1491-E-F, 1491-E-G and 1491-E-H. **These lists do not include any affiliates of SCE.**

Table C

Focused Lists of Non-Affiliated Service Providers for Residential & Nonresidential Energy Efficiency, Backup & Self-Generation Equipment Suppliers

Backup & Self-Generation Equipment Suppliers (Appendix C)
Residential Energy Efficiency Vendor Lists (Appendix D)

- Home Products
- Lighting Retailers
- Lighting Manufacturers
- Lighting Suppliers
- HVAC Contractors
- Low Income (LI) Energy Efficiency Services Vendors/Contractors
- LI Cool Center Project
- Residential New Construction Program
 - Local Government Initiatives
 - Comfortwise Home Builders
- Residential New Construction Program Services
- Residential Swimming Pool Vendor List

Nonresidential Energy Efficiency (EE) Product Suppliers and Services Vendor Lists (Appendix E)

- Consulting
- EE Agricultural/Motors Vendors
- EE Lighting Vendors
- EE AC & Heating Vendors
- EE Refrigeration Vendors
- EE Contractors
- EE Window Film Vendors
- EE Food Service Vendors

IV. Government-Approved Lists

Following the Commission's approval of Advice 1342-E-B, SCE resumed distributing government-approved lists to customers requesting information, and has provided Internet links to government-sponsored or approved Web sites as permitted in Rule IV.C.1. The currently-approved lists include the following:

Table D

Electric Service Providers (ESPs) registered with the CPUC as listed on the Commission Web site:

(www.cpuc.ca.gov/published/ESP_Lists/esp_udc.htm)³

Suppliers of Water-Based Cleaning Materials and/or Equipment as approved by the South Coast Air Quality Management District

List of Firms Qualified by California Energy Commission (CEC) Staff to participate in the Transitional Incentives Program, Technical Assistance Incentive⁴

V. List Disclaimers and Instructions for Inclusion

SCE will include disclaimers 1, 2, 3, and 5 on any Service Provider List resulting from the process described in Section I above. SCE will include disclaimers 2, 4, and 5 on the Focused Lists of Non-Affiliated Service Providers described in Section III, and will include disclaimer 2 on the Government-Approved Lists described in Section IV.

1. "Southern California Edison has compiled this list and makes it available pursuant to an order of the California Public Utilities Commission (CPUC)."
2. "Neither the CPUC's approval of this list nor SCE's distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list."
3. "If you are a business providing gas-related, electricity-related, or other utility-related products and services, and would like to be included on SCE's service provider list, please apply at "www.sce.com → Regulatory Info Center → SCE Affiliate Notices → Service Provider Lists (Rule IV.C.2)," or write to SCE-Service Provider List, Attn: Regulatory Compliance, Quad 3D,

³ Referrals to this list are expressly permitted pursuant to Resolution E-3539, Finding 49.

⁴ Current list attached as Appendix G.

2244 Walnut Grove Ave., Rosemead, CA 91770. Please provide your company's name, address, phone number, Web address, and business line in the application."

4. "If you are a business providing energy-related services and would like to be included on a future list, please provide your company's name, business address, phone number, Web address and specialty to Name at SCE: [List-Specific]Telephone: [List-Specific] Fax: [List-Specific]E-mail: [List-Specific]."
5. "SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this list or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE."

Pursuant to Affiliate Transaction Rule V.F.1, SCE will place the then-current disclaimer language on all lists that include any of SCE's Class A (covered) affiliates.

EFFECTIVE DATE

This advice filing is made pursuant to D.98-08-035, Appendix B, Rule IV.C.2, and pursuant to Ordering Paragraph 13 of Resolution E-3539. This filing will become effective upon Commission approval.

NOTICE

Anyone wishing to protest this advice filing may do so by sending a letter via US mail, facsimile or electronically, any of which must be received by the Commission's Energy Division and no later than 20 days after the date of this advice filing. Protests should be furnished to:

IMC Program Manager
c/o Jerry Royer
Energy Division
California Public Utilities Commission
505 Van Ness Avenue, Room 4002
San Francisco, California 94102
Facsimile: (415) 703-2200
E-mail: jjr@cpuc.ca.gov

Copies should also be mailed to the attention of the Director, Energy Division, Room 4004 (same address above).

In addition, protests and all other correspondence regarding this advice letter should also be sent by letter and transmitted via U.S. mail, facsimile or electronically to the attention of:

Akbar Jazayeri
Director of Revenue and Tariffs
Southern California Edison Company
2244 Walnut Grove Avenue, Quad 3D
Rosemead, California 91770
Facsimile: (626) 302-4829
E-mail: AdviceTariffManager@sce.com

Vice President of Regulatory Operations
c/o Karyn Gansecki
601 Van Ness Avenue, Suite 2040
San Francisco, California 94102
Facsimile: (415) 673-1116
E-mail: Karyn.Gansecki@sce.com

There are no restrictions on who may file a protest, but the protest shall set forth specifically the grounds upon which it is based and shall be submitted expeditiously.

In accordance with Section III, Paragraph G, of General Order No. 96-A, SCE is serving copies of this advice filing to the interested parties shown on the attached service list and on the R.97-04-011/I.97-04-012. Address change requests to SCE's GO 96A Service List should be directed to AdviceTariffManager@sce.com or at (626) 302-4039. For changes to any other service lists, please contact the Commission's Process Office at (415) 703-2021 or Process_Office@cpuc.ca.gov.

Further, in accordance with Public Utilities Code Section 491, notice to the public is hereby given by filing and keeping the advice filing open for public inspection at SCE's corporate headquarters. To view other SCE advice letters filed with the Commission log on to SCE's web site at <http://www.sce.com/adviceletters>.

For questions, please contact Melody Carriere at (626) 302-2011 or by electronic mail at Melody.Carriere@sce.com.

APPENDIX A

(Advice 1491-E-I)

SCE List of Contractors that Perform Underground, Construction and Sub-station Work

Upon request, Southern California Edison Company (SCE) provides these lists to cities, developers, and other entities who are installing overhead and sub-structure systems (under applicable Rules) that tie-in to the utility's system. The tie-in portion is in proximity to systems and underground structures that contain energized cable and equipment owned or operated by SCE. The primary reason for distributing these lists is SCE's concern for safety. The contractors on the list have been made aware of SCE's operating and safety requirements and have indicated their intention to perform work in compliance with those requirements.

In the interest of safety, SCE is currently distributing the updated list.

December 17, 2004

SCE List of Contractors – Sub-station

Neither the CPUC’s approval of this list nor SCE’s distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer (“Vendor”) and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this list or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy-related services and would like to be included on a future list, please provide your company’s name, business address, phone number, Web address, and specialty to William D. Lowerison at SCE.

APPENDIX B
(Advice 1491-E-I)

Product Guides - Various

December 17, 2004

Product Guides - Electric Motors

Neither the CPUC's approval of this list nor Southern California Edison's distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor Southern California Edison shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE energy efficiency program planners and support staff developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this SCE Energy Efficiency Vendor List or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy efficiency-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to William Grimm at SCE:

Telephone: (626) 302-8795

(ADVICE 1491-E-I)

List of Backup & Self- Generation Equipment Suppliers

Upon request, Southern California Edison (SCE) provides this list to cities, developers, customers and other entities who are interested in obtaining information on potential suppliers, manufacturers, distributors, dealers and/or installation services for generation equipment suppliers. The primary reason for distributing this list is for the Company's concern related to electrical safety and to provide a resource for customers concerned with the availability of power during Stage 2 and Stage 3 emergencies called by the CAISO. The contractors on the list were all contacted prior to being placed on the list to obtain their verbal approval to be included. In the interest of helping our customers and the state deal with the current shortage of power supply and safety, SCE began distributing this list on March 28, 2001, after filing Advice 1491-E-A.

SCE Company is providing this list of suppliers of emergency power generators and self-generation equipment as a courtesy to its customers. This list does not constitute any recommendation, endorsement or approval by SCE of the quality, suitability, or fitness for use of any generation equipment supplier. Furthermore, SCE shall not be responsible or held liable for the accuracy, completeness or validity of this list.

December 17, 2004

Neither the CPUC's approval of this list nor Southern California Edison's distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor Southern California Edison shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this list or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to William Grimm at SCE:
 Telephone: (626) 302-8795 Fax: (626) 302-6253 E-mail: william.grimm@sce.com

SOUTHERN CALIFORNIA EDISON ENERGY EFFICIENCY VENDOR LIST

Lighting Retailers

Neither the CPUC's approval of this list nor Southern California Edison's (SCE) distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE energy efficiency program planners and support staff developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this SCE Energy Efficiency Vendor List or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy efficiency-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to William Grimm at SCE:

Telephone: (626) 302-8795

APPENDIX E

(Advice-E-I)

NONRESIDENTIAL ENERGY EFFICIENCY PRODUCT SUPPLIERS AND SERVICES VENDOR LIST

SCE will provide these lists to all consumers who request information concerning energy efficiency products and installation services for businesses.

December 17, 2004

Consulting

Neither the CPUC's approval of this list nor Southern California Edison's (SCE) distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE energy efficiency program planners and support staff developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this SCE Energy Efficiency Vendor List or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy efficiency-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to Bill Grimm at SCE:
Telephone: 626-302-8131 Fax 626-302-3185. Email: bill.grimm@sce.com

Neither the CPUC's approval of this list nor Southern California Edison's (SCE) distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE energy efficiency program planners and support staff developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this SCE Energy Efficiency Vendor List or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy efficiency-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to Bill Grimm at SCE:
Telephone: 626-302-8131 Fax 626-302-3185. Email: bill.grimm@sce.com

Energy Efficiency A/C & Heating Vendors

Neither the CPUC's approval of this list nor Southern California Edison's (SCE) distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE energy efficiency program planners and support staff developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this SCE Energy Efficiency Vendor List or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy efficiency-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to Bill Grimm at SCE:
Telephone: 626-302-8131 Fax 626-302-3185. Email: bill.grimm@sce.com

Energy Efficiency Window Film Vendors

Neither the CPUC's approval of this list nor Southern California Edison's (SCE) distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE energy efficiency program planners and support staff developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this SCE Energy Efficiency Vendor List or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.

If you are a business providing energy efficiency-related services and would like to be included on a future list, please provide your company's name, business address, phone number, web address and specialty to Bill Grimm at SCE:
Telephone: 626-302-8131 Fax 626-302-3185. Email: bill.grimm@sce.com

**Service Provider List Resulting From
Internet-Based Process**

December 17, 2004

Self-Nominated Service Providers

Southern California Edison has compiled this list and makes it available pursuant to an order of the California Public Utilities Commission (CPUC).

Neither the CPUC's approval of this list nor SCE's distribution thereof constitutes any approval, endorsement or guarantee of the financial stability or service quality of the entities included therein. Furthermore, neither the CPUC nor SCE shall be responsible or held liable for the accuracy, completeness or validity of this list.

If you are a business providing gas-related, electricity-related, or other utility-related products and services and would like to be included on SCE's service provider list, please apply at "www.sce.com→Regulatory Info Center→SCE Affiliate Notices→Service Provider Lists (Rule IV.C.2)," or write to SCE-Service Provider List, Attn: Regulatory Compliance, Quad 3D, 2244 Walnut Grove Ave., Rosemead, CA 91770. Please provide your company's name, address, phone number, Web address, and business line in the application.

SCE does not endorse a specific contractor, distributor, retailer, other product supplier or manufacturer ("Vendor") and encourages customers to request more than one bid or quote when considering equipment replacement or energy efficiency services. This list of Vendors is not comprehensive. SCE developed the list from available information. The list will be updated twice a year. A Vendor is listed herein because the vendor elected to have its name and contact information included in the list, not because SCE is knowledgeable about that Vendor. SCE is not responsible in any way, and customer agrees that SCE is not liable, for any problems customer may have with Vendors on this list or for negligence, acts of commission, omission, or improper conduct by any such Vendor. Any agreement made between a customer and a listed Vendor is exclusive of SCE.
