**ADVICE 2282-E**  
**(U 338-E)**

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA  
ENERGY DIVISION

**SUBJECT:** Month-Ahead Resource Adequacy Compliance Filing for  
Compliance Month December 2008 of Southern California  
Edison Company

In compliance with Decision No. (D.) 05-10-042, Southern California Edison Company (SCE) hereby submits its month-ahead resource adequacy (RA) compliance filing for December 2008. SCE's submission includes a completed RA Reporting Workbook for December 2008. SCE designates this advice letter as a Tier 2 advice filing.

California Public Utilities Commission (Commission or CPUC) General Order (GO) 96-B, among other things, implemented new requirements for establishing the confidentiality of advice letter filings.

The confidential information included in SCE's RA compliance filing is not included in the version of this advice letter that is being publicly posted on [www.sce.com](http://www.sce.com). The complete advice filing (which includes an electronic attachment) is being submitted to the Energy Division of the Commission via the CPUC's Secure File Transfer Protocol application. In accordance with the Energy Division's June 19, 2007 letter, confidential electronic versions of the complete advice filing are being served on the California Independent System Operator (CAISO) and the California Energy Commission (CEC). SCE will make a redacted copy of the confidential attachment available to parties upon request.

## **PURPOSE**

The purpose of this advice letter is to request the Commission's confirmation that SCE has met its month-ahead RA obligation for December 2008. The completed RA templates included with this advice letter demonstrate that SCE has acquired sufficient resources to satisfy the 100% forward commitment obligation for loads plus reserve requirements for December 2008 as required by D.05-10-042.

## **BACKGROUND**

To help ensure that customers receive reliable electric service at a reasonable cost, the Commission established a Resource Adequacy Requirement (RAR) on Investor-Owned Utilities (IOUs), electric service providers (ESPs) and community choice aggregators (CCAs) – collectively the load serving entities (LSEs). Under the RAR, LSEs are required to demonstrate to the Commission that they have acquired the capacity needed to serve their forecast retail customer load plus reserve requirements (15-17%) beginning in June 2006. This demonstration is to take place through year-ahead and month-ahead advice letter compliance filings. For the year-ahead compliance filing, LSEs must demonstrate that they have acquired sufficient resources to serve 90% of their loads plus reserve requirements for the five summer months (May-September). For the month-ahead compliance filing, LSEs must demonstrate that they have acquired sufficient resources to serve 100% of their loads plus reserve requirements for each of the 12 months of the year.

To facilitate the compliance filings, RA templates were developed in the RA workshop process. The templates provide the form for LSEs to identify the resources they are relying upon to satisfy their RAR.<sup>1</sup>

Pursuant to D.05-10-042, the Commission requires all LSEs to submit their month-ahead compliance filing for December 2008 by October 31, 2008.

## **CONFIDENTIALITY**

SCE is requesting confidentiality of certain information contained in this submission, subject to the protections adopted in D.06-06-066 and D.08-04-023. The information included in the RA templates for which SCE is seeking confidential treatment, including the length of time for which the information should remain confidential, was previously identified in Advice 2268-E. Pursuant to D.08-04-023, SCE refers back to that filing for this submission of the same type of information. This confidential information will be made available to appropriate parties (in accordance with the Second Revised Protective Order, dated February 1, 2007, issued by Administrative Law Judge Wetzell in R.05-12-013) upon execution of the required non-disclosure agreement. ---

<sup>1</sup> Pursuant to the instruction of the Energy Division, SCE used the Commission's 2006 version of the month-ahead RA compliance filing templates (with a modification to the minimum percentage of required non-Liquidated Damages contracts) to prepare this December 2008 compliance filing.

wishing to obtain access to such confidential information may contact Michael Backstrom in SCE's Law Department at [Michael.Backstrom@sce.com](mailto:Michael.Backstrom@sce.com) or (626) 302-6944 to obtain a non-disclosure agreement. A copy of the February 1, 2007 Second Revised Protective Order can be found as Attachment D to SCE's Advice 2166-E, dated September 28, 2007.

The confidential information provided in SCE's December 2008 RA compliance filing cannot be aggregated, redacted, summarized, masked, or otherwise protected in a manner that would allow partial disclosure of the data, while still protecting confidential information, because the compliance templates require the data to be provided in its present form. SCE would object to any disclosure of the confidential information in aggregated form. Based on the format of the RA templates, SCE is not aware of any manner that the confidential information could be aggregated that would qualify the information for public status under the IOU Matrix of D.06-06-066.

To the best of my knowledge, SCE maintains as confidential the information contained in the RA templates for which confidentiality is sought in this advice filing. I am informed and believe that this information is maintained by SCE's Energy Supply & Management Department and provided internally only to those employees who need to know the information to carry out their job duties. I am also informed and believe that this information has not been disclosed to any person other than employees of SCE or non-market participants (such as staff of the CPUC, CEC, or CAISO).

### **EFFECTIVE DATE**

SCE requests the Commission confirm that SCE has met its December 2008 month-ahead RA obligation by November 30, 2008. The disposition letter for this advice letter should be sent to Akbar Jazayeri at [AdviceTariffManager@sce.com](mailto:AdviceTariffManager@sce.com).

### **NOTICE**

This advice filing is made pursuant to D.05-10-042. Further "Notice" in accordance with Section 4.2 of GO 96-B is not deemed necessary.
