**ADVICE 2518-E**  
**(U 338-E)**

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA  
ENERGY DIVISION

**SUBJECT:** Implementation of Affiliate Transaction Rules With Respect to  
the Creation of 18 New Affiliates

In accordance with Affiliate Transaction Rule (Rule) VI.B adopted in Decision (D.) 97-12-088, Appendix A, dated December 16, 1997 as modified by D.06-12-029 dated December 14, 2006, Southern California Edison Company (SCE) hereby submits this advice filing to provide notice to the California Public Utilities Commission (Commission) of the creation of 18 new affiliates.

**PURPOSE**

The purpose of this advice filing is to provide notice to the Commission pursuant to Rule VI.B of the creation of the affiliates listed in Attachment A.

**BACKGROUND**

D.97-12-088, as subsequently modified by various decisions, adopted rules governing the relationship between California's natural gas local distribution companies and electric utilities and certain of their affiliates. For purposes of an electric utility, the rules apply to all utility transactions with affiliates engaging in the provision of a product that uses electricity or services that relate to the use of electricity, unless otherwise exempted by the rules.

Rule VI.B pertains to compliance plans for new affiliates subject to the Rules:

Upon the creation of a new affiliate, the utility shall immediately notify the Commission of the creation of the new affiliate, as well as posting notice on its electronic bulletin board. No later than 60 days after the creation of this affiliate, the utility shall file an advice letter with the Energy Division of the Commission. The advice letter shall state the affiliate's purpose or activities, whether the utility claims that Rule II.B makes the Rules applicable to the affiliate, and shall include a demonstration to the Commission that there are adequate procedures in place that will ensure compliance with these Rules. (Appendix A-3, D.06-12-029)

The affiliates listed in Attachment A will be considered Class A affiliates of SCE because they are or will be engaged in the provision of a product that uses electricity or a service that relates to the use of electricity.

No unusual or unique circumstances exist that would require affiliate transaction rule implementation measures beyond those SCE already has in place for the affiliates listed in Attachment A. Therefore, SCE will apply the provisions of its 2010 Affiliate Rules Compliance Plan, filed on June 30, 2010 via Advice 2486-E, to all transactions with these affiliates. If the Commission modifies or requires amendment of SCE's current and prevailing compliance plan, or in the event that SCE files a periodic update to its compliance plan, SCE will apply all such changes or the provisions of such amended plans to these affiliates.

No cost information is required for this advice filing.

### **TIER DESIGNATION**

Pursuant to General Order (GO) 96-B, Energy Industry Rule 5.1, this advice letter is submitted with a Tier 1 designation.

### **EFFECTIVE DATE**

This advice filing is made in compliance with D.97-12-088 and D.06-12-029, and will become effective on October 6, 2010, the date filed.
