TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

This filing is for the purpose of submitting a water supply questionnaire for a new subdivision consisting of eight condominiums and requesting a PUC confirmation letter to the Department of Real Estate. The new subdivision, the Vista Glenar subdivision, is entirely within the service area of SCE. Therefore, this filing required no service area extension.

This filing will not increase any rate or charge, cause the withdrawal of service, nor conflict with other schedules or rules. This filing is being made under the provisions of General Order 96-A.

There are no competing or adjacent utilities either publicly or privately-owned which this filing will affect, nor have any notification requests been received. However, a copy of this tariff filing has been furnished to all parties listed in the *Service List for Advice Letter 54-W* (see attached).
