ADVICE 57-W
(U 338-E)

PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA
WATER DIVISION

SUBJECT: Newly Designed Bill Format and Establishment of an Optional
Simplified Bill Format

Consistent with electric Resolution E-4053 (Resolution), Southern California Edison Company (SCE) hereby submits for filing the following changes to its tariff schedules and filed forms. The revised tariff sheets and filed forms are listed on Attachment A and are attached hereto.

PURPOSE

The purpose of this filing is to implement recently approved electric redesigned bill format changes to SCE's various Santa Catalina Island (Catalina) customers' Water Statements, as well as offer Catalina customers an optional simplified bill format which omits certain billing component detail only upon the customer's request. In addition, SCE requests to withdraw Form C-419, *Customer's Deposit Receipt* and Form MR-505 *Overdue Notice*. These changes are in compliance with the Resolution and are also consistent with Decision (D.) 05-11-009, which directs the utilities to develop more customer-friendly bill formats.

BACKGROUND

On November 15, 2006, SCE filed electric Advice 2058-E to request authority to implement a redesigned bill format for its various electric Energy Statements and collection/disconnection notices and to withdraw from service several obsolete forms. SCE also requested to offer electric customers an optional simplified bill format which omits certain billing component details only upon the customer's request.

On January 25, 2007, the California Public Utilities Commission (Commission) issued the Resolution approving SCE's electric Advice 2058-E with the following modifications:

- Cost recovery associated with SCE's revised bill format is subject to a future Commission order. The Resolution does not prejudice or determine what costs the Commission will allow SCE to recover in rates associated with revising its bill format;
- Prior to switching to the redesigned bill formats and implementation of all simplified bill formats, SCE shall file a separate advice letter containing all finalized electric new bill formats and revised forms addressed by the Resolution, and all forms to be withdrawn by SCE. The advice letter shall become effective after review and disposition by the Energy Division or by Commission order.

Consistent with the Resolution, SCE filed electric Advice 2114-E on April 5, 2007. The Commission approved Advice 2114-E effective May 5, 2007.

This Advice Letter is filed consistent with the Resolution and proposes that the same bill format changes and optional simplified bill format that were approved for SCE's electric bills also apply to SCE's water bills. SCE proposes that all collection/disconnection notices that have been redesigned and approved in SCE's electric Advice 2114-E apply for water collection/disconnection notices as well. Consequently, SCE requests to withdraw from service Form C-419, *Customer's Deposit Receipt* and Form MR-505 *Overdue Notice* as these forms have not been revised since 1969 and 1975, respectively, and have since been superseded by the respective redesigned electric notices.

TARIFF REVISIONS

SCE herein revises its Form 14-574.W, Water Statement, establishes Form 14-574.W.S, as the optional simplified bill format, and withdraws from service Form C-419, *Customer's Deposit Receipt* and Form MR-505 *Overdue Notice*.

Consistent with the requirements of the Resolution, SCE herein provides a sample of the current water statement, a redlined version of the current water statement denoting location and format changes, a cross-reference aid to be used in concert with the redlined version which displays the new locations and format changes, and a sample of the redesigned bill, Form 14-574.W. Along with these location and format changes, SCE is adding the reference, "Consumer Affairs Branch," "Room 2003," and an updated telephone number for the TTY (teletypewriter) for the hearing impaired within the Disputed Bills section on page 2 of the newly redesigned bill.¹ These new references are added as noted below and are consistent with the intent of the Water and Audits Division's tariff sample, Form No. 3 attached hereto for information as Attachment B.

Disputed Bills

If you think your bill is incorrect, call us and speak with a customer service representative, or if necessary, with a manager. If you feel unsatisfied with the result of such discussion(s), contact the CPUC, Consumer Affairs Branch by mail at: 505 Van Ness, Room 2003, San Francisco, CA 94102; or at www.cpuc.ca.gov, (800) 649-7570, TTY: (800) 924-9599...

¹ Page 2 is also referred to as SCE's Terms and Conditions page. Customer Service, multicultural services, and important information are displayed on this page as well.

SCE also provides a sample of the optional simplified bill, Form 14-574.W.S. The simplified bill format is an optional bill format for Catalina water customers where certain billing component details are omitted from display on the bill upon the customer's request. The detailed bill component information will continue to be retained in SCE's billing system and can be provided to the customer upon request. Customers who opt for the simplified billing statement may opt back into the full bill format option at any time.

SCE currently plans to implement the redesigned water bill format in November 2007.

This advice filing will not increase any rate or charge, cause the withdrawal of service, or conflict with any other schedule or rule.

TIER DESIGNATION

Because the tariff changes and form revisions proposed herein are consistent with an existing Commission resolution, SCE submits this advice letter as a Tier 1 filing.²

EFFECTIVE DATE

SCE requests that this advice filing become effective on August 18, 2007, the 30th calendar day after the date filed.

Important information

Rotating Outages

A rotating outage is a controlled electric outage that lasts approximately one hour for a group of circuits, which is used during electric system emergency conditions to avoid widespread or uncontrolled blackouts. Each SCE customer is assigned a rotating outage group, shown on the upper part of the SCE bill. If your rotating outage group begins with the letters A, M, R, S, or X, you are subject to rotating outages. If it begins with N or Exempt, you are not. Your rotating outage group may change at any time. For more information, and to see which rotating outage groups are likely to be called in the event of a system emergency, visit www.sce.com or call (800) 655-4555.

Options for Paying Your Bill

You can pay your bill by:

- Mail
- In person at an authorized payment location
- By telephone
- Online at www.sce.com

You may call us for electronic payment options, to make payment arrangements, or for information on agencies to assist you in bill payment.

Past-Due Bills

Your bill was prepared on Mmm DD, 'YY. Your bill is due when you receive it and becomes past due 19 days after the date the bill was prepared. You will have 15 days at your new address to pay a bill from a prior address before your service will be terminated. SCE does not terminate residential service for non-payment of bills for other classes of service. Termination of electric service requires a reconnection charge. A field assignment charge may appear on your next bill if SCE visits your premises because of non-payment. If you are a residential customer, and claim an inability to pay and payment arrangements have not been extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission (CPUC).

Disputed Bills

If you think your bill is incorrect, call us and speak with a customer service representative, or if necessary, with a manager. If you feel unsatisfied with the result of such discussion(s), contact the CPUC, Consumer Affairs Branch by mail at: 505 Van Ness, Room 2003, San Francisco, CA 94102; or at: www.cpuc.ca.gov, (800) 649-7570, TTY: (800) 867-4323. Include a copy of your bill, why you believe SCE did not follow its rules and rates, and a check or money order made out to the CPUC for the disputed amount. You must pay the disputed amount, or send it to the CPUC, before the past-due date to avoid disconnection. The CPUC accepts payment only for matters relating directly to bill accuracy. While the CPUC is investigating your complaint, you must pay any new SCE bills that become due.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

Even simple activities can produce big cash and energy savings this summer. Here are some things you can do:

- Set your thermostat at 78 degrees. You can save up to xx% on cooling costs.
- Replace an air conditioner with a new, more efficient model.
- Switch from incandescent to compact fluorescent light bulbs, which can save you as much as \$xx.xx per light bulb in just one year. Fluorescents are cooler, too, which means your air-conditioning system won't have to work as hard.

Find more money and energy-saving tips at www.sce.com. Click on "Rebates & Savings." Or call 1-800-000-0000.

Please fill out the following information, detached and return it in the enclosed postage-paid return envelope along with your payment stub.

I pledge to reduce my energy use by 20% this summer and receive my "emPOWERed to conserve" pledge band. With my pledge, the pledge band will be sent to the address listed below.

Voluntary Renewables

California's air quality can use your help by making a voluntary contribution to renewable energy resources like wind, solar, geothermal, biomass and small hydropower. SCE supports renewable energy and the landmark state legislation that promotes the use of these natural resources to generate electricity. Here's how you can contribute to clean air:

- Make a contribution in any amount you choose by writing a separate check to the Renewable Resource Trust Fund, which is administered by the California Energy Commission (CEC). Enclose your contribution with your bill payment check in the return envelope.
- Please do not send cash. Your contribution is not tax-deductible, but will go a long way toward supporting alternative energy resources.

If you have any questions about the Trust Fund or renewable energy, please call the CEC at (800) 000-0000.

SCE Solicits Offers for New Power Supply

Your energy conservation efforts help assure adequate power supply for Southern California, but the region will need additional supply sources as early as next year.

That's why SCE is conducting a competitive Request for Offers to attract new electricity generating plants that would serve all Southern California electricity users. SCE is soliciting bids for contracts of up to 10 years to buy electricity from new sources that could start providing power between Month DD, YYYY and Month D, YYYY.

The offer is intended to assure adequate power supply while state policymakers continue to develop strategies that encourage new power construction.

See more details at www.sce.com/NewGenRFO.

Generator Safety

If you have a temporary portable generator, never attempt to connect it to home or building wiring. Carefully connect appliances directly into the portable generator. Use a portable generator in a well-ventilated area and install according to local electrical codes and instructions.

You may have a more permanently installed generator that is attached to building wiring in accordance with local electrical codes and Southern California Edison (SCE) standards. Before operating such a generator, switch off the main circuit breaker or open the transfer switch to disconnect your wiring from the utility system. This helps avoid feeding electricity back through utility power lines, which endangers SCE crews.

Note: State law requires that you notify SCE if you have a generator that can be connected to your wiring. Call 1-800-000-0000 to request an Electric Generator Notification Card.

It's Easy to Earn the 20/20 Discount

Even simple activities can produce big cash and energy savings this summer. Here are some things you can do:

- Set your thermostat at 78 degrees. You can save up to xx% on cooling costs.
- Replace an air conditioner with a new, more efficient model.
- Switch from incandescent to compact fluorescent light bulbs, which can save you as much as \$xx.xx per light bulb in just one year. Fluorescents are cooler, too, which means your air-conditioning system won't have to work as hard.

Find more money and energy-saving tips at www.sce.com. Click on "Rebates & Savings." Or call 1-800-000-0000.

Please fill out the following information, detached and return it in the enclosed postage-paid return envelope along with your payment stub.

I pledge to reduce my energy use by 20% this summer and receive my "emPOWERed to conserve" pledge band. With my pledge, the pledge band will be sent to the address listed below.

You can also pledge online at www.sce.com/pledgetosave and receive your "emPOWERed to conserve"

Voluntary Renewables

California's air quality can use your help by making a voluntary contribution to renewable energy resources like wind, solar, geothermal, biomass and small hydropower. SCE supports renewable energy and the landmark state legislation that promotes the use of these natural resources to generate electricity. Here's how you can contribute to clean air:

- Make a contribution in any amount you choose by writing a separate check to the Renewable Resource Trust Fund, which is administered by the California Energy Commission (CEC). Enclose your contribution with your bill payment check in the return envelope.
- Please do not send cash. Your contribution is not tax-deductible, but will go a long way toward supporting alternative energy resources.

If you have any questions about the Trust Fund or renewable energy, please call the CEC at (800) 000-0000.

SCE Solicits Offers for New Power Supply

Your energy conservation efforts help assure adequate power supply for Southern California, but the region will need additional supply sources as early as next year.

That's why SCE is conducting a competitive Request for Offers to attract new electricity generating plants that would serve all Southern California electricity users. SCE is soliciting bids for contracts of up to 10 years to buy electricity from new sources that could start providing power between Month DD, YYYY and Month D, YYYY.

The offer is intended to assure adequate power supply while state policymakers continue to develop strategies that encourage new power construction.

See more details at www.sce.com/NewGenRFO.

Generator Safety

If you have a temporary portable generator, never attempt to connect it to home or building wiring. Carefully connect appliances directly into the portable generator. Use a portable generator in a well-ventilated area and install according to local electrical codes and instructions.

You may have a more permanently installed generator that is attached to building wiring in accordance with local electrical codes and Southern California Edison (SCE) standards. Before operating such a generator, switch off the main circuit breaker or open the transfer switch to disconnect your wiring from the utility system. This helps avoid feeding electricity back through utility power lines, which endangers SCE crews.

Note: State law requires that you notify SCE if you have a generator that can be connected to your wiring. Call 1-800-000-0000 to request an Electric Generator Notification Card.

Important information

Rotating Outages

A rotating outage is a controlled electric outage that lasts approximately one hour for a group of circuits, which is used during electric system emergency conditions to avoid widespread or uncontrolled blackouts. Each SCE customer is assigned a rotating outage group, shown on the upper part of the SCE bill. If your rotating outage group begins with the letters A, M, R, S, or X, you are subject to rotating outages. If it begins with N or Exempt, you are not. Your rotating outage group may change at any time. For more information, and to see which rotating outage groups are likely to be called in the event of a system emergency, visit www.sce.com or call (800) 655-4555.

Options for Paying Your Bill

You can pay your bill by:

- Mail
- In person at an authorized payment location
- By telephone
- Online at www.sce.com

You may call us for electronic payment options, to make payment arrangements, or for information on agencies to assist you in bill payment.

Past-Due Bills

Your bill was prepared on Mmm DD, 'YY. Your bill is due when you receive it and becomes past due 19 days after the date the bill was prepared. You will have 15 days at your new address to pay a bill from a prior address before your service will be terminated. SCE does not terminate residential service for non-payment of bills for other classes of service. Termination of electric service requires a reconnection charge. A field assignment charge may appear on your next bill if SCE visits your premises because of non-payment. If you are a residential customer, and claim an inability to pay and payment arrangements have not been extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission (CPUC).

Disputed Bills

If you think your bill is incorrect, call us and speak with a customer service representative, or if necessary, with a manager. If you feel unsatisfied with the result of such discussion(s), contact the CPUC, Consumer Affairs Branch by mail at: 505 Van Ness, Room 2003, San Francisco, CA 94102; or at: www.cpuc.ca.gov, (800) 649-7570, TTY: (800) 867-4323. Include a copy of your bill, why you believe SCE did not follow its rules and rates, and a check or money order made out to the CPUC for the disputed amount. You must pay the disputed amount, or send it to the CPUC, before the past-due date to avoid disconnection. The CPUC accepts payment only for matters relating directly to bill accuracy. While the CPUC is investigating your complaint, you must pay any new SCE bills that become due.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

Rules and Rates

SCE's rules and rates are available in full at www.sce.com or upon request.

Late Payment Charge (LPC)

A late payment charge of .9% will be applied to the total unpaid balance on your account if full payment is not received by the due date on this bill (except for CARE rate and state agency accounts).

Electronic Fund Transfers (EFT)

When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment. You will not receive your check back from your financial institution, but the transaction will appear on your financial institution statement. If you do not wish to authorize an electronic fund transfer, please call the 800 number on the front of your bill.

Definitions

- DWR Bond Charge: Bonds issued by the Department of Water Resources (DWR) to cover the cost of buying power for customers during the energy crisis are being repaid through this charge.
- DWR Generation: Charges for that portion of your energy usage provided by the DWR; these are collected by SCE as an agent for DWR.
- Historic Procurement Charge (HPC): The HPC has been authorized by the CPUC to allow SCE to recover past due collections.
- SCE Generation: These charges recover energy procurement and generation costs for that portion of your energy provided by SCE. Effective September 20, 2001, your ability to enter into new contracts to purchase electricity from a supplier other than SCE is suspended by the CPUC. Customers who were taking Direct Access service or who had a signed contract prior to September 20, 2001, may switch suppliers consistent with CPUC-established rules.
- Trust Transfer Amount (TTA): This reflects the Fixed Transition Amount (FTA), chargeable to residential and small commercial customers pursuant to state law and a financing order issued by the CPUC. The TTA is the property of SCE Funding Limited Liability Corporation (LLC) and is collected by SCE solely as the servicing agent for SCE Funding LLC.

Direct Payment (Automatic Debit) Enrollment: 0-00-000-0000

I hereby authorize SCE and my financial institution to automatically deduct my monthly payment from the checking account as shown on my enclosed check, ten calendar days after my bill is mailed.
