

Rule 23  
COMMUNITY CHOICE AGGREGATION

Sheet 1

Community Choice Aggregation Service (CCA Service) permits cities, counties, cities and counties, or a joint powers agency whose governing board(s) have elected to acquire their electric power needs, hereinafter referred to as Community Choice Aggregators (CCA), to provide electric services to SCE end-use customers located within their service area(s) as set forth in California Public Utilities (PU) Code Section 366.2 and other Commission directives.

The following terms and conditions apply to both SCE customers and CCAs who participate in CCA Service and are not meant to include all requirements that may otherwise be mandated to comply with state laws, the PU Code, Federal Energy Regulatory Commission (FERC) Rules, and California Independent System Operator (CAISO) Rules applicable to CCAs and CCA Service. (T)  
CCA Service shall refer to the electric service provided by a CCA to any group of end-use electric customers located within the service area of the CCA who have not elected to opt-out from such service and receive electricity procurement and other related services from the CCA.

A. CUSTOMER SERVICE ELECTIONS

1. SCE Bundled Services

This service preserves traditional utility electric services, under which SCE performs all electric energy services for the end-use customer including metering, billing, collection, and customer services. Customers not receiving service under CCA Service or Direct Access Service shall receive service under SCE Bundled Services.

2. Non-SCE Energy Services

a. Community Choice Aggregation Service (CCA Service)

This service permits cities, counties, a city and county, or any group of cities, counties, or cities and counties, as defined by PU Code Section 331.1, whose governing boards have elected to do so, to aggregate the electric load of SCE end-use customers within their service areas for the purposes of acquiring and providing their electric power needs. These entities are CCAs. Customers that have not elected to opt-out of CCA Service or at the customer's election shall have their electric power procured by the CCA.

b. Direct Access

This service election allows customers to purchase electric power and, at the customer's election, additional energy services from non-SCE entities known as Energy Service Providers (ESPs). Direct Access service is governed by Rule 22. Direct Access customers are eligible for CCA Service participation pursuant to the provisions set forth in Section G of this Rule.

E. CCA SPECIALIZED SERVICE REQUESTS, INCLUDING PHASE-IN (Continued)

- h. Pursuant to D.04-12-046, a CCA may choose to phase-in CCA Service to customers. To assist CCA's with their phase-in plans, SCE has developed an optional standard phase-in service, more fully described in Schedule CCA-SF, which requires minimal system changes to minimize the CCA's phase-in costs. A CCA, however, has the option to propose its own phase-in plan as a Specialized Services request. Regardless whether a CCA chooses the standard phase-in service or proposes its own phase-in criteria, SCE will work cooperatively with CCAs to phase-in groups of customers in a manner that minimizes SCE and CCA costs. CCA phase-in service shall be subject to the provisions set forth in Schedule CCA-SF and this section.

***[Process details to be added once developed by the Commission Executive Director]***

- b. Pursuant to D.05-12-041, the Executive Director shall prepare and publish instructions for CCAs and utilities that include a timeline and describe the procedures for submitting and certifying receipt of the Implementation Plan, notice to customers, notice to CCAs of the appropriate CRS, and registration of CCAs.

***[Process details to be added once developed by the Commission Executive Director]***

- c. Pursuant to D.05-12-041, where the CCA fails to conform to SCE tariffs, SCE shall decline to initiate service to the CCA. If SCE refuses to facilitate the CCA's initiation of service or declines to provide service to the CCA, SCE must inform the CCA and Commission of its reasons in writing. The CCA may file a formal complaint with the Commission if the CCA believes it or its customers have been improperly refused service, whether before a CCA's service is initiated or in a case where SCE interrupts CCA services.

- d. The CCA and SCE shall follow the process below to resolve disputes over operational issues prior to the CCA's initiation of service.

Pursuant to PU.Code § 366.2(c)(13)(A)(i), CCA-issued Customer Notifications required for automatic enrollments into the CCA program shall include the opportunity for customers to opt-out of CCA Service and continue to receive their existing service. Pursuant to PU Code § 366.2(c)(13)(C), the opt out may take the form of a self-addressed return postcard indicating the customer's election to remain with, or return to, electrical energy service provided by the electrical corporation, or another straightforward means by which the customer may elect to derive electrical energy service through the electrical corporation providing service in the area. Pursuant to PU Code § 366.2 (c)(13)(B), a CCA may request that the Commission approve and order SCE to provide the Customer Notifications required in Subparagraph (A). If the CCA makes this request and the Commission approves it, the CCA shall use SCE's opt-out process as set forth below.

1. SCE shall provide an opt-out process to be used by all CCAs. SCE shall offer at least two (2) of the following options as a part of its opt-out process:
  - a. Reply letter or postcard (postage paid) enclosed in CCA Customer Notifications
  - b. Automated phone service
  - c. Internet service
  - d. Customer Call Center contact
2. Customers eligible for Automatic Enrollment in CCA Service must be notified twice during the Initial Notification period. If SCE is aware that a customer or group of customers has not received the required notifications, SCE shall immediately inform the CCA. If the CCA is aware that a customer or group of customers has not received the required notifications the CCA shall immediately inform SCE to remove the customer from Automatic Enrollment.

SCE shall provide a Mass Enrollment process whereby all eligible CCA customers that have not opted out of CCA Service shall be automatically enrolled in CCA Service on the customers' regular scheduled meter read dates over a one (1) billing month period, subject to phasing.

1. In advance of implementing the Mass Enrollment process, SCE must be in receipt of the CCA's confirmation, indicating the CCA has fulfilled its Initial Notification requirements. SCE has no responsibility for verifying that the CCA has complied with its notification requirements.
2. Within fifteen (15) days after conclusion of the Initial Notification Period, SCE shall provide to the CCA one (1) update of its customer enrollments, providing individual customer information and energy usage data for those customers scheduled for mass enrollment. The update shall exclude all customer information for which SCE has processed opt-out requests. A CCA has the option to request additional customer information pursuant to Schedule CCA-INFO.
3. The mass enrollment shall commence at a time not less than thirty (30) days and not more than forty-five (45) days after the conclusion of the Initial Notification Period, unless another date is mutually agreed to by the CCA and SCE, and shall be processed over a one billing month period by billing cycle unless the CCA and SCE have agreed to specialized services for CCA enrollment or Phase-in services as defined in this Rule.
4. For each account in the mass enrollment, SCE shall switch the customer's account on its scheduled meter reading date, providing confirmation to the CCA.
5. Following the Mass Enrollment, SCE shall provide the CCA with an update to its customer enrollments, providing individual customer information and energy usage data, and the switch dates for those customers that were actually enrolled in the CCA's CCA Service.
6. Effective beginning on the date of the transfer, the CCA is solely responsible for providing the electric power needs of its customers.
7. Customer opt-out requests processed after the account has switched to CCA Service shall be returned to the previous service by the initiation of a CCASR and under the CCASR process timing, as defined in Section M.
8. The CCA shall update its records within three (3) working days from the date of receiving a customer's opt-out notification from SCE to remove the opt-out customer from CCA Service and eliminate future communications from the CCA, concerning a customer's option to opt-out of the CCA Program, as defined in Section H of this Rule from the CCA.
9. Except as otherwise provided for in Rule 23, no special metering shall be necessary or permitted during the mass enrollment process.

- b. Customers must provide a six-month advance notice to SCE prior to becoming eligible for BPS so SCE can adjust its procurement activity to accommodate the additional load. Such notification will be made by the customer submitting a Customer Advanced Notification Form in writing or electronically. SCE shall provide those customers who have provided advance notice with written confirmation and necessary switching process information within 10 business days of receipt of the customer's notification. Once received by SCE, customers will have a three business-day rescission period after which advance notifications cannot be cancelled. SCE shall process requests to BPS in the following manner:

4. End of Bundled Portfolio Service

At the end of the customer's initial three-year BPS commitment, customers will have the option of switching back to CCA Service or remaining on BPS based on the then current applicable rules in effect. SCE will provide the customer with a courtesy reminder eight months before the expiration of the customer's three-year commitment. This timeframe will allow for the six-month notification period and will provide a 60-day transitional period for the customer to notify SCE of its intent to return to CCA Service. If for any reason the customer is not sent, or does not receive, a courtesy reminder from SCE, the customer is not relieved of its responsibility for providing SCE the notice required in this Section L.4.a., below.

a. Customers electing to return to CCA Service at the conclusion of the three-year BPS commitment period shall provide advance, written notice to SCE at least six months prior to the conclusion of the three-year commitment. SCE shall provide to the customer a written confirmation and necessary switching process information within 10 business days of the customer's notification, including the final date to be in receipt of a CCASR to return to CCA Service. The customer is responsible for providing its CCA with this information.

(1) The customer's CCA shall submit a CCASR to ensure the necessary switch to CCA Service under the CCASR rules, as set forth in Section M., occurs on the service account's next scheduled meter read date after the completion of the six-month advance notice period.

(2) If SCE is not in receipt of a CCASR by the end of the customer's three-year commitment, the customer's request to return to CCA Service shall be cancelled and the customer shall be subject to the terms of Section L.4.b., below.

b. Customers electing to remain on BPS are not required to take any action and shall automatically be subject to a new commitment period, if any, based on the then current applicable rules in effect. Unless a customer has submitted a six-month advance notice to return to CCA Service at the end of the three-year BPS commitment period, the customer shall automatically be subject to a new commitment period, if any, based on the then current applicable rules in effect.

M. CCA SERVICE REQUESTS (CCASR) AFTER MASS ENROLLMENT

1. CCASRs, in the form specified by SCE, must be submitted electronically by the CCA unless an alternate means of submittal has been mutually agreed to by SCE and the CCA. The CCASR process described herein is used for various changes to a customer's choice of services and service providers, such as customer CCA elections, customer-initiated returns to SCE Bundled Service, CCA-initiated customer returns to SCE Bundled Service, and maintaining customer information. CCAs must execute the CCA Service Agreement and successfully complete all CCA Service establishment requirements set forth in this Rule before submitting CCASRs.
2. SCE shall begin accepting CCASRs from the CCA for service accounts on a mutually agreed upon date with SCE, but no earlier than the start of the CCA's Mass Enrollment process.
3. A separate CCASR must be submitted for each service account. Upon request by a CCA, SCE shall provide timely updates on the status of the CCASR processing to the submitting CCA and customer.
4. CCASRs must identify SCE account information, as determined by SCE, of the customer participating in Community Choice Aggregation. A CCASR that does not contain this information shall be considered materially incomplete.
5. CCASR forms shall be available through electronic means (e.g., SCE's website).
6. SCE shall provide an acknowledgment of its receipt of the CCASR to the CCA within two (2) working days of its receipt. SCE shall provide to the CCA, within three (3) working days, a CCASR status notification informing them as to whether the CCASR has been accepted, rejected or deemed pending for further information. If accepted, the switch date determined in accordance with paragraphs 11 or 12 of this section shall be sent to the CCA. If a CCASR is rejected, SCE shall provide the reason for the rejection. If a CCASR is held pending further information, it shall be rejected if the CCASR is not completed within eleven (11) working days following the status notification.
7. In accordance with the provisions of Rule 3, SCE has the right to deny the CCA's request for service for a particular customer if the information provided by the customer is false, incomplete, or inaccurate in any material respect.
8. If a submitted CCASR complies with the CCASR requirements, the CCASR shall be accepted and scheduled for CCA implementation.

9. CCASRs shall be handled on a first-come, first-served basis. Each request shall be time-stamped by SCE.
10. If more than one enrollment CCASR is received for a service account within a single CCASR processing period, only the first valid CCASR received shall be processed in that period. All subsequent CCASRs shall be rejected.
11. Accepted CCASRs that do not require a meter change and that are received by SCE a minimum of fifteen (15) days before the customer's next scheduled meter reading date shall be switched over on the next scheduled meter reading date for that service account.
12. If an accepted CCASR requires a meter change (i.e., the existing meter is incompatible with SCE's meter reading system), SCE shall install a new meter and switch the account over to CCA on the date of installation. SCE shall endeavor to complete the meter change request within fifteen (15) days after acceptance of the CCASR in the absence of a meter installation backlog or other circumstances beyond SCE's control such as, but not limited to, delays in the installation of a communication line to the meter. SCE may require Direct Access customers with meters that are incompatible with SCE's systems to be replaced with a compatible meter prior to the acceptance of a CCASR. SCE shall provide notice of any current meter service backlog or the next available installation date. Such metering services are subject to fees in accordance with Schedule CC-DSF.
13. In the event the Commission or the CAISO governing board declares an emergency and institutes a moratorium of SCE processing of CCA requests, SCE shall comply with such moratoriums and inform CCAs or customers of the details of emergency plans. (T)
14. SCE, CCA and customer, on mutual agreement, may agree to a different service change date for the service changes requested in a CCASR.
15. A CCASR is submitted pursuant to the terms and conditions of the CCA Service Agreement and this Rule and shall also be used to define the CCA Services that the CCA is providing the customer.
16. CCASR's submitted for customers returning to SCE Bundled Service will follow the same process and timing as CCASRs to establish CCA Service. CCAs shall be responsible for the continued provision of the customer's electric power needs until the service change date. Customers returning to SCE Bundled Service shall be subject to the terms and conditions as set forth in Section L.

- 18. SCE shall not hold the CCA responsible for any unpaid customer billing charges that the customer incurred prior to the customer's switch to CCA. ## N. METERING SERVICES

## 1. Meter Services

Meter services are comprised of three primary functions, Meter Ownership, Meter Services (Installation, maintenance, and testing) and Meter Data Management Agent (MDMA) Services. SCE shall perform all Metering Services for a CCA's customers.

SCE, as the Meter Service provider, shall ensure all of its meters and associated metering services are in conformance with its metering standards and Commission approved rules governing such services.

## a. Meter Conformity

Customers who had previously purchased or leased an interval meter acceptable to SCE as a condition of receiving DA service, may own or lease interval meters used for billing purposes for CCA Service, but shall continue to be responsible for the obligations of a meter owner under Rule 22 Section G.

If the customer has a non-conforming meter, or elects to have the meter replaced, SCE reserves the right to extend its normal installation period due to meter and installation personnel availability. Under these circumstances, SCE shall apprise the customer and CCA of the specific reasons for the delay and the anticipated schedule for installation.

## b. MDMA Services

SCE shall perform all Meter Data and Management Agent (MDMA) services required for CCA Service in accordance with its Commission approved tariffs. MDMA obligations include but are not limited to the following:

- (1) Meter data for CCA customers shall be read, validated, edited, and transferred to the MDMA server pursuant to SCE's standards.
- (2) Both SCE and CCA shall have access to the MDMA server.
- (3) SCE shall provide the CCA's (or their designated agents) reasonable and timely access to meter data as required to allow the proper performance of billing, settlement, scheduling, forecasting and other functions.

## c. Charges for Metering Services

SCE may charge the customer or the CCA for the provision of metering services only to the extent such charges are authorized by the Commission. If the installation of metering services is at the customer's expense, the customer's authorization is required.

## O. BOUNDARY METERING SPECIAL REQUESTS

In accordance with PU Code Section 366.2, at the request and expense of any CCA SCE shall install, maintain and calibrate metering devices at mutually agreeable locations within or adjacent to the CCA's service area. SCE shall read the metering devices and provide the data collected to the CCA at the CCA's expense. All costs incurred by SCE as a result of providing this specialized service, hereinafter referred to as Boundary Metering shall be the sole responsibility of the requesting CCA.

1. SCE shall consider and evaluate requests for Boundary Metering on a case-by-case basis, provided that implementation can be accomplished without compromising the safety, reliability or operational flexibility of SCE's electrical facilities. Any CCA interested in submitting a request for Boundary Metering shall be responsible for funding an analysis of the electric system impacts and a study to determine the estimated costs associated with Boundary Metering. The CCA shall be provided with an estimate of costs for which it shall be responsible to pay.
2. A CCA requesting Boundary Metering installation shall be responsible for executing a Specialized Service agreement or contract established pursuant to Rule 2 establishing the terms and conditions for installation and maintenance of the special facilities.
3. The CCA shall be responsible for all actual costs associated with Boundary Metering services, including but not limited to the development of the estimate of costs, the implementation of Boundary Metering and all ongoing operating and maintenance costs.
4. All costs associated with the deployment of Boundary Metering for a CCA shall be paid in advance by the CCA before work commences.
5. A CCA terminating Boundary Metering services with SCE shall be responsible for all costs related to the restoration of SCE's facilities, which may include, but are not limited to, removal of meters.
6. As applicable, Boundary Metering costs shall be included as a part of SCE's credit requirements set forth in Section V.
7. The CCA and SCE shall agree to a mutually acceptable Boundary Metering installation schedule. The installation schedule shall take into consideration and provide priority to required SCE metering work which may include work related to mandated regulatory changes, customer installations and testing, emergency service orders and routine testing and maintenance.

d. Timing Requirements

- (1) SCE shall render customer bills once a month. Nothing contained in this Section shall limit SCE's ability to render bills more frequently, consistent with SCE's existing practices. However, CCA charges shall be included on SCE bills in accordance with the regular monthly billing cycles.
- (2) Except as provided in paragraph d(1) above, both CCA and SCE charges shall be based on the same billing period data to avoid any confusion concerning these charges.
- (3) CCA charges must be received by SCE the day following SCE's actual meter reading date. If billing charges have not been received from the CCA by this date, SCE will render the bill for SCE charges only, without CCA charges. The CCA must wait until the billing cycle following the receipt of the CCA charges. At the discretion of SCE, other arrangements may be made available at a fee as set forth in the applicable fee schedule.

2. Billing Information and Inserts

a. Identify SCE and CCA Charges

The consolidated SCE bill, at a minimum, shall identify SCE charges as specified by the Commission or its codes and when CCA charges are received shall identify, at a minimum, two sets of charges: one for SCE services and another for CCA energy services.

b. Required Legal and Safety Notices

All customers, including CCA and SCE Bundled Service customers, shall receive mandated legal and safety notices, and SCE shall be responsible for the creation of these notices. SCE may also enclose SCE-related bill inserts in consolidated SCE billing as permitted by Commission regulations.

c. CCA Obligations under Consolidated SCE Billing

The CCA may include any information directly related to the calculation or understanding of CCA charges directly in the bill but may not include any text on the separate detail page which is not specifically related to the charges or their explanation.

b. Adjustment of Bills for Billing Error

SCE shall perform the adjustment of bills for billing error in accordance with Rule 17.

4. Unauthorized Usage of Energy

a. SCE will conduct the investigation of the unauthorized use of energy in accordance with Rule 17.

b. If SCE determines there has been unauthorized use, SCE shall have the legal right to recover, from any customer, CCA, or other person that caused or benefited from such unauthorized use, the total estimated amount of the undercharge, including the CCA electric power component, for the full period of such unauthorized use, and any other actions authorized pursuant to its Commission-approved tariffs or by law.

Q. PAYMENT AND COLLECTION TERMS

1. SCE shall pay the CCA the amounts paid to SCE for CCA charges only after the payment is received from the customer. Payments shall be transferred to the CCA electronically specifying the amount paid by each specific customer account or group of customer accounts if the customer is Summary Billed.

3. SCE shall remit payments to the CCA only for the amounts paid by the CCA customer for payment of CCA charges. Payments are due on or before the later of:

a. Seventeen (17) calendar days after the bill was rendered to the customer, or

b. The next business day after the payment is received from the customer.

Q. PAYMENT AND COLLECTION TERMS (Continued)

4. SCE shall process payments, post SCE charges paid to customer accounts, and transfer funds owed the CCA to the CCA. SCE shall debit to the CCA any amounts resulting from returned payments and assess returned payment charges (i.e., a charge for each returned payment) to the appropriate customers.
5. The CCA has no payment obligations for customer payments under consolidated SCE billing services. The CCA is required to settle any disputes of CCA charges with the customer.
6. The customer is obligated to pay SCE for all SCE and CCA charges consistent with existing tariffs.
7. The customer must notify SCE of any disputed SCE charges; otherwise, any outstanding balance shall be handled as an amount past due. Customer disputes of CCA charges must be directed to the CCA, and customer disputes of SCE charges must be directed to SCE.
8. If the customer disputes any SCE charges, it shall nevertheless pay the amount billed; provided, however, that the customer may, at its election, pay that portion of the charges that the customer disputes to the Commission in accordance with Rule 10. If the customer disputes any CCA charges, the provisions of its agreement with the CCA shall apply. SCE shall forward to the CCA amounts paid to cover CCA charges. However, no CCA may discontinue CCA Service to a residential customer for a disputed amount if that customer has filed a complaint with the Commission, and that customer has paid the disputed amount into an escrow account.
9. For CCA sundry charges, SCE shall accept cash, check or electronic payments. The CCA must remit payment for any charges, approved by the Commission, for services provided it by SCE. Sundry charges shall be considered past due 30 days after the date the bill to the CCA is rendered.

## R. LATE OR PARTIAL PAYMENTS AND UNPAID BILLS

1. SCE is responsible for collecting the unpaid balance of all charges, including the CCA charges, from customers during the time the CCA is providing CCA Service, sending notices informing customers of unpaid balances, and taking the appropriate actions to recover the unpaid amounts owed the CCA during its credit related interactions with customers.
2. Partial payments by customers shall be allocated on a pro rata basis to the TTA and to SCE charges for which delinquency may result in disconnection, and then any balance shall be prorated between the CCA and other SCE charges.
3. Undisputed overdue balances owed SCE shall be considered late and subject to SCE late payment procedures.
4. Commission rules shall apply to unpaid SCE charges by the customer.

## S. VOLUNTARY CCA SERVICE TERMINATION

Termination of a CCA's CCA Service occurs when an individual CCA or a CCA operating under a Joint Powers Agency (JPA) discontinues providing CCA Service to all customers in its service area. Upon termination of CCA Service, all active CCA customers shall be returned to Bundled Portfolio Service (BPS) pursuant to Section L of this Rule. CCAs shall use best efforts to provide as much advance notice as possible to customers, the Commission and SCE and coordinate with the Commission and SCE to ensure an efficient process and to protect all SCE customers from service problems and additional costs. In addition to the above, the CCA must comply with the requirements set forth below or be subject to Section T, Involuntary Service Changes, of this Rule.

1. The CCA shall provide at least a one (1) year advanced written notice to the Commission and SCE of the CCA's intention to discontinue its CCA Service.
2. The CCA shall provide customers with a six-month notice and at a minimum provide a second notice during the final 60 days before the CCA's scheduled termination of service.
3. SCE shall provide notification to and return all CCA's customers to SCE's BPS during the month in which the CCA terminates its CCA Service on the customer's scheduled meter read date. The CCA shall be responsible for the continued provision of the customer's electric power needs until the date the customer returns to Bundled Service.

4. Customers eligible for Direct Access shall return to Bundled Service subject to Direct Access Rule 22.1. All other customers shall be returned to BPS subject to the terms in Section L, but are not subject to Transitional Bundled Service as defined in Schedule PC-TBS.
5. Customers requesting to return to Bundled Service before the termination of CCA Service shall be subject to all terms and conditions in Section L of this Rule. The CCA shall not terminate any of its customers' CCA Service before the termination of the CCA's CCA Service.
6. The CCA remains responsible for compliance with all applicable Commission rules, CAISO requirements and LSE obligations. (T)
7. A CCA shall be responsible for all costs resulting from the CCA's CCA Service termination. SCE reserves the right to withhold CCA customer payment remittances from the CCA for undisputed overdue charges.
8. The CCA's Service Agreement with SCE will be cancelled with its termination of its CCA Service. At any time not less than three (3) years after the CCA's termination of CCA Service, the CCA's eligibility to engage in CCA Service may be reinstated. The CCA's reestablishment of CCA Service will require the CCA to complete all CCA Service establishment requirements, including filing a new Implementation Plan with the Commission, being registered by the Commission, establishment of service with SCE pursuant to Section F, completion of credit requirements pursuant to Section V, all past due charges and arrearages having been paid, with interest, and the CCA has re-established compliance with all then-current Commission requirements.
9. A CCA providing CCA Service pursuant to a JPA that terminates its CCA Service must also fully comply with the CCA Service termination requirements. Should one or more constituent members of a JPA seek to continue operations as a CCA, that new entity shall comply with all requirements for CCA Service establishment set forth in Section F of this Rule.

## T. INVOLUNTARY SERVICE CHANGES

## 1. Service Changes

Pursuant to D.05-12-041, absent the express approval of the CCA, an order of a court, the Commission or the FERC, SCE shall adhere to the requirements set forth below in the event it seeks to terminate service to a CCA.

2. SCE shall send notices of involuntary service changes or termination to the CCA, to each affected CCA customer, and to the Commission. The CCA shall be responsible for all SCE costs associated with an Involuntary Service Change occurrence. Such costs may include, but not limited to, system, administrative, customer communications and legal costs. SCE has the right to withhold and offset CCA customer payment remittance to the CCA until all such charges are paid by the CCA.

## 3. Change of Service Election In Exigent Circumstances

Where continued CCA service would constitute an emergency or may substantially compromise SCE operations or service to bundled customers, SCE should seek an emergency order from the Commission. In the event a CCA or a customer has failed to meet its obligations under this Rule or CCA Service Agreement such that SCE seeks to invoke its remedies under this Section, and the failure constitutes an emergency (i.e. the failure poses a substantial threat to the reliability of the electric system or to public health and safety or the failure poses a substantial threat of irreparable economic or other harm to SCE or the customer), or the failure relates to CCA's unauthorized energy use, then SCE may initiate a change, or, in some cases, terminate a customer's CCA Service, or a CCA's ability to provide services under CCA. In such case, SCE shall seek an emergency order from the Commission. Pursuant to D.05-12-041, the assigned Administrative Law Judge (ALJ), in consultation with the assigned Commissioner, is authorized to issue a ruling providing interim authority for SCE to terminate a CCA's service. Upon receipt of such a ruling, SCE shall initiate the change or termination by preparing a CCASR, but the change or termination may be made immediately notwithstanding the applicable CCASR processing times set forth in this Rule. SCE shall provide such notice to the CCA and/or the affected customer as is reasonable under the circumstances of this section, if any is reasonable. The CCA or the affected customer shall have the right to seek an order from the Commission restoring the customer's service election and/or the CCA's ability to provide services. If a customer's CCA Service is terminated, the customer will be subject to the provisions of Section L and the terms and conditions of Bundled Portfolio Service. Unless expressly ordered by the Commission, these provisions do not disconnect electric service provided to the customer.

4. Change of Service Election Absent Exigent Circumstances

In the event SCE finds that a CCA has failed to meet its obligations under this Rule or CCA Service Agreement such that SCE seeks to invoke its remedies under this Section, but the failure does not constitute an emergency (as defined in Section T.3), SCE shall notify the CCA and the affected customer of such finding in writing stating specifically:

- a. The nature of the alleged non-performance;
- b. The actions necessary to cure it;
- c. The consequences of failure to cure it and the remedy SCE proposes to invoke in the event of a failure to cure; and
- d. The name, address and telephone number of a contact person at SCE authorized to discuss resolution of the problem.

The CCA shall have thirty (30) days from receipt of such notice to cure the alleged non-performance or reach an agreement regarding it with SCE. If the problem is not cured or an agreement is not reached following this 30 day period, SCE may seek authority from the Commission to terminate CCA Service. SCE's request to the Commission shall specify the reasons for the requested termination, the impacts of the termination, and the expected impacts if the CCA's service is not terminated. Upon Commission approval, SCE may initiate the CCASR process set forth in this Rule to accomplish the remedy set forth in the notice. If a customer's CCA Service is terminated, the customer will be subject to the provisions of Section L and the terms and conditions of Bundled Portfolio Service, unless the customer is eligible for Direct Access and has previously selected another ESP in accordance with Rule 22. SCE shall suspend the exercise of such remedy if, before the end of the cure period, the CCA has filed an application with the Commission requesting an order from the Commission that the CCA is entitled to continue the CCA Service Agreement and SCE is not entitled to exercise the remedy it has identified in its notice. The status of the CCA shall not change pending the Commission's review of SCE's request provided that an emergency, as described in Section T.3 of this Rule does not arise. Unless expressly ordered by the Commission, these provisions do not disconnect electric service provided to the customer. SCE's action to defer the exercise of its remedies in accordance with this section does not constitute a waiver of any rights.

5. Following consultation with the CCA, SCE is authorized to serve CCA customers temporarily where the CAISO or the CCA has notified SCE that customers would otherwise not be served. In such cases, the CCA's Service Agreement is not terminated; however SCE shall immediately initiate the process to return affected CCA customers to Bundled Service without prior Commission approval. SCE shall initiate the service change by preparing a CCASR, but the service change may be made immediately notwithstanding the applicable CCASR processing times set forth in this Rule. Affected customers will be provided service temporarily under Schedule PC-TBS. With the exception of Direct Access eligible customers, CCA customers receiving temporary service in this situation may not seek service from other Energy Service Providers or CCAs. SCE may seek authority from the Commission to terminate CCA Service pursuant to Section T.4 of this Rule at anytime after being notified that the CCA's customers are not being served. (T)

6. Burden of Proof Before Commission

In any case before the Commission the party bearing the burden of going forward and the party bearing the burden of proof shall be established in the manner normally established at the Commission.

7. Action in the Event of Termination

Upon termination of CCA Service pursuant to this Section T, the customer shall be returned to SCE Bundled Portfolio Service and subject to the terms and conditions of Section L of this Rule, unless the customer is eligible for Direct Access and has previously selected another ESP under the procedures set forth in the Direct Access Rules 22 and 22.1.

At any time not less than three (3) years and six (6) months after termination of a CCA's CCA Service rights pursuant to this Section T, the CCA's eligibility to engage in CCA Service shall be reinstated upon a reasonable showing by the CCA that the cause(s) of the CCA's termination have been cured, all past due charges and arrearages have been paid, with interest, and the CCA has re-established compliance with all then-current Commission requirements, including credit requirements under Section V.

U. SERVICE DISCONNECTIONS AND RECONNECTIONS

1. SCE shall notify the customer of SCE's right to disconnect electric service for the non-payment of SCE charges pursuant to electric Rule 8. The customer, and not SCE, is responsible for contacting CCA in the event it receives notice of late payment or service termination from SCE. If a customer has been disconnected, and is not reconnected within two days, SCE shall promptly notify the CCA. A service charge shall be imposed on the customer if a field call is performed to disconnect electric service.
2. SCE shall not disconnect electric service to the customer for the non-payment of CCA charges. In the event of non-payment of CCA charges by the customer, the CCA may submit a CCASR requesting transfer of the service account to SCE Bundled Service according to Section M.
3. SCE shall reconnect electric service for a Commission-authorized service fee when the criteria for reconnection pursuant to the provisions set forth Rule 11, Discontinuance of Service, have been met.

V. CREDIT REQUIREMENTS

1. SCE may require the CCA to establish its creditworthiness through evaluations, deposits, or other security in the manner described in Section V.2 of this Rule, to cover Commission-approved charges incurred as a result of CCA participation. That is, the creditworthiness only applies to SCE charges that are billed directly to the CCA.
2. Creditworthiness
  - a. Credit Evaluation

A CCA with a demonstrable current credit rating of Baa2 or higher from Moody's or BBB or higher from Standard and Poor's, Fitch or Duff & Phelps, is deemed to be creditworthy unless SCE determines that a material change in the CCA's creditworthiness has occurred. SCE requires CCAs to complete a credit application including financial information reasonably necessary to establish credit. The creditworthiness evaluation may be conducted by an outside credit analysis agency, determined by SCE, with final credit approval granted by SCE. This evaluation shall be completed within ten (10) business days. Credit reports shall remain strictly confidential between the credit analysis agency and SCE. A credit application processing fee, as approved by the Commission, may be charged to offset the cost of determining the CCA's creditworthiness.

## b. Security Deposits

The CCA or its authorized agent may submit and maintain a cost-based security deposit in lieu of submitting to or being qualified under a creditworthiness evaluation. The amount of the security deposit required to establish credit will be based on SCE providing services to the CCA for customers in the CCA's service area and costs associated with specialized services and boundary metering requested by the CCA. The value of the security deposit shall be determined by SCE. Security deposits may be in the form of (1) cash deposits, with interest earned at the 3-month commercial paper rate, (2) letters of credit, defined as irrevocable and renewable issued by a major financial institution acceptable to SCE, or (3) surety bonds, defined as renewable and issued by a major insurance company acceptable to SCE. Security deposits must be posted with SCE prior to the CCA's participation in CCA and prior to the implementation of any Customer Notifications as identified in Section H. Security deposits posted with SCE which are in excess of outstanding unpaid bills owed to SCE will be returned to the CCA within approximately 60 days after the CCA has terminated its services in SCE's service territory.

While the CCA is participating in CCA, deposits cannot be used as payment for past due bills in order to avoid or delay imposition of any of the Commission tariffs and rules pertaining to CCA's non-payment of bills owed to SCE.

## c. Interest on Cash Deposit

SCE shall pay interest on cash deposits, except as provided below, calculated on a daily basis, and compounded at the end of each calendar month, from the date fully paid to the date of refund by check or credit to the CCA's account. The interest rate applicable in each calendar month shall be set forth in Rule 7; except that when a refund is made within the first fifteen days of a calendar month the interest rate applicable in the previous month shall be applied for the elapsed portion of the month in which the refund is made. No interest shall be paid if the CCA's right to continue to provide CCA Service is temporarily or permanently discontinued for nonpayment of bills. No interest shall be paid for periods covered by bills paid after becoming past due.
