SCE's 2020 Transmission Maintenance and Compliance Review (TMCR) Stakeholder Meeting June 26, 2020 – Updated Skype Link and Dial-In Number

On August 31, 2018 FERC accepted SCE's Transmission Owner Tariff amendment to implement an annual TMCR process (Docket No. ER18-370). Through the TMCR process, SCE will provide information to stakeholders about certain transmission-related maintenance and compliance activities. Stakeholders will have the opportunity to ask questions during a stakeholder meeting and submit written comments by July 27, 2020.

SCE has scheduled a stakeholder meeting on June 26 as part of the 2020 TMCR stakeholder process. Due to the health and safety concerns surrounding the COVID-19 pandemic, SCE will host a web-based public meeting only. There will be no in-person meeting for stakeholders. The [Draft 2020 TMCR Report](#) has been posted to SCE's Open Access webpage at <https://www.sce.com/regulatory/open-access-information?from=%20/aboutsce/regulatory/openaccess/default.htm>.
