**Question 01:**

Please provide a copy of each WMP-related document, submission, or report you submit to the Office of Energy Infrastructure Safety (Energy Safety) in 2023 that is related to your WMP. Provide the copy to Cal Advocates within one business day of the document's submittal to Energy Safety. (If you have submitted the document to Energy Safety in 2023 prior to this data request, please provide a copy as soon as possible and no later than 10 business days from the issuance of this data request.) This request is limited to materials or documents that (1) are related to work plans, initiative targets, risk models, risk spend efficiency (RSE) calculations, or WMP change orders; and (2) are provided to Energy Safety to provide additional details or context concerning information or statements in your WMP (and any subsequent revisions or change orders affecting your WMP).

**Response to Question 01:**

**CONFIDENTIAL**

The Attachment(s) are Marked Confidential In Accordance With Government Code §§ 6254 & 6255 and/or 14 CCR §29200 and decisions D.16-08-024 and D.17-09-023 . Basis for Confidentiality In Accompanying Confidentiality Declaration.  
Public Disclosure Restricted.

As discussed with Cal Advocates, SCE will send copies of WMP-related documents it sends to OEIS that are not made public on SCE's website and/or Energy Safety's service lists. For the pre-submission WMP, SCE sent the following documents to Energy Safety on Mon., Feb. 13:

- The pre-submission 2023-2025 WMP
- Confidential Excel file that includes data for certain tables required in the WMP that have hundreds or thousands of rows
- Confidential GIS layers per the WMP Technical Guidelines
- Application for Confidentiality

None of the above documents have been made public through either SCE's website or Energy Safety's service lists pursuant to the WMP Process and Evaluation Guidelines. The pre-submission WMP is being sent to Cal Advocates via Kiteworks. The three remaining documents are attached along with the CPUC Confidential Declaration.
