**Question 008d:**

Re. EVM, activity VM-1 (WMP Sec. 5.3.5.16.1, and Table 25, activity 16.1):

d. Has SCE benchmarked its inspection rating system with PG&E? If yes, how?

**Response to Question 008d:**

SCE assumes “inspection rating system” is referring to SCE’s HTMP Tree Risk Calculator. SCE has not performed an official benchmark with PG&E. However, prior to the development of SCE’s HTMP Tree Risk Calculator, SCE’s vegetation management personnel met with personnel who were familiar with PG&E’s inspection/assessment tools to gain insight in the development of SCE’s HTMP Tree Risk Calculator.
