Response to Question 024 (SCE-43895-L-345):

a. For meetings with local government officials, SCE receives input verbally and captures it through written documentation. SCE also hosts meetings with county emergency management officials once every other week to solicit feedback on SCE's PSPS protocols. Input received regarding periods of concern and to attach specific circuit-community information with PSPS notifications were a result of on-going dialogue with various emergency response personnel.

b. Tracking is done through the After-Action process conducted after events.

c. SCE is currently developing procedures to track and process additional detailed input from meetings and discussions with local government officials. The tracking procedures will be finalized by May 1, 2020.
