D. Relevant question in Maturity Survey (if applicable)

NA

E. Relevant meeting or call (if applicable)

NA

F. Specific Data request

How many locations does SCE intend to collect vegetation samples from as part of its efforts to expand its program in 2020?

Response to Question 012 (SCE-43895-D-300):

SCE is planning on sampling live fuel moisture in at least 2 additional locations in 2020. Each location will consist of 1 to 3 sampling sites. The additional locations will be in or around Three Rivers and Shaver Lake in the Western Sierra.
