**Question 03:**

Provide an Excel table listing (as rows) all corrective notifications on electric substations that were open as of February 1, 2022, and located in HFTD areas.

The table should include the following information in separate columns.

- a. Notification identification (ID) number
- b. Name of the associated substation
- c. ID number of the associated substation
- d. HFTD tier
- e. Geographic latitude in decimal degrees, truncated to seven decimal places
- f. Geographic longitude in decimal degrees, truncated to seven decimal places
- g. Date the notification was originally opened
- h. Priority of the original notification (please use SCE's internal system of 1, 2, 3, etc.)
- i. Due date of the original notification
- j. Object/damage code or other internal SCE description of defect
- k. Date(s) the notification was reinspected or modified, if any
- l. Priority of the notification after it was reinspected or modified, if applicable
- m. Due date of the notification after it was reinspected or modified, if applicable

**Response to Question 03:**

Please see the attached Excel file for the requested information. The attached excel file contains notifications on substation equipment that were open as of Feb 1, 2022. With respect to subpart k – m, SCE's standard processes do not provide for reinspection of notifications and corresponding changes to the priority or due date. Therefore, these are not applicable.
