Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison Company's (SCE) Application for Authorization to Recover Costs Related to Service Center Modernization Projects to the California Public Utilities Commission (CPUC) A.26-10-031

What is Being Requested?

SCE is requesting an increase in revenue of $57.256 million to recover costs recorded in the Service Center Modernization Projects Memorandum Account. If approved, these costs would be recovered over a 12-month period beginning in 2029.

SCE's service centers are critical operating facilities supporting the personnel, vehicles, equipment, materials, and communications systems used to plan, operate, maintain, and restore the electric system under normal and emergency conditions. The service center modernization work addressed facility conditions, operational constraints, building-code and accessibility requirements, circulation and parking limitations, materials-storage and fleet-maintenance needs, communications infrastructure, and aged building systems.

Bundled Average Rates (¢/kWh)				
Customer Group	**Current Rates (10/1/26)**	**Proposed Increase**	**Proposed Rates**	**% Increase**
Residential	34.54	0.10	34.65	0.30%
Lighting - Small and Medium Power	29.68	0.08	29.76	0.25%
Large Power	20.23	0.04	20.28	0.21%
Agricultural and Pumping	23.81	0.06	23.87	0.24%
Street and Area Lighting	36.70	0.05	36.75	0.15%
Standby	14.97	0.02	14.99	0.15%
Total	**28.60**	**0.08**	**28.67**	**0.26%**
Residential Bill Impact ($/Month)				
Description	**Current (10/1/26)**	**Proposed Increase**	**Proposed**	**% Increase**
Residential bill	$188.64	$0.53	$189.17	0.28%
CARE residential bill	$111.25	$0.34	$111.59	0.30%
Based on an estimated average annual revenue requirement increase of $57.256 million; assumes average usage of 500 kWh per month in baseline region 9, and excludes climate dividend (i.e., GHG credits).				

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500 kWh per month would see a rate increase of approximately $0.53 per month in 2029. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting [apps.cpuc.ca.gov/c/A261031]. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-10-031 in any communication with the CPUC.
