Notice of Southern California Edison's Water and Gas Rate Increase Request

Southern California Edison (SCE) Company's Cost Recovery Application to the California Public Utilities Commission (CPUC) A.26-03-003

What is Being Requested for SCE Water?

SCE is requesting to recover a total of \$7.382 million (20.9%) of revenue over five years beginning in 2027, for costs recorded to various memorandum accounts. SCE proposes a revenue increase of approximately \$656.28 thousand in 2027 (6%) and \$1.68137 million annually from 2028 - 2031 (12-13%) through a surcharge to commercial and irrigation customers. The total dollar increase per customer class is shown in the table below.

Customer Class	Total \$ Increase Over 5 Years	% Increase
Commercial	\$7,068,865	21.2%
Irrigation	\$312,875	15.1%

How Would This Impact the Average Catalina Water Customer in Each of These Classes?

If the request is approved, commercial customers would see an average bill increase of approximately \$148.35 (11%) in 2027 and approximately \$380.10 (23-24%) for 2028-2031. Irrigation customers would see an average bill increase of approximately \$34.60 (8%) in 2027 and approximately \$88.64 (16-17%) for 2028-2031. The actual impact will vary based on usage and other factors.

What is Being Requested for SCE Gas?

SCE is requesting to recover \$544,128 of revenue in 2027-2028 (11.8% annual increase) for costs recorded to the Catastrophic Event Memorandum Account. This would be recovered from commercial customers through a surcharge.

How Would This Impact the Average Catalina Commercial Gas Customer?

If the request is approved, customers would see an average gas bill increase of approximately \$96.20 (8%). The actual impact will vary based on usage and other factors.
