Disclaimer: The following preliminary list of approved contractors is being provided to comply with GO 178. This list is subject to future update and revision.

Inclusion on this list does not constitute SCE's endorsement, representation, certification, warranty, or guarantee by SCE regarding such contractor's performance, safety record, or suitability for any given project. Contractor qualifications, authorizations, and eligibility may be revised, restricted, suspended, or withdrawn, and attachers remain responsible for independently evaluating and selecting contractors and ensuring compliance with all applicable requirements. The information provided on the contractor list is current only as of the date posted and may not reflect subsequent changes in contractor status, qualifications, insurance, licensing, or authorization.
