

CHARGE READY PROGRAM

Electric vehicle charging solutions for multi-family, public sector, and commercial properties.

Our Charge Ready Program assists business and property owners with deploying the infrastructure and equipment necessary to support electric vehicle (EV) charging stations at their multi-family buildings, public sector, or business locations.

Specifically designed for light-duty passenger vehicles, the program helps by providing financial incentives, infrastructure, and technical support to facilitate the installation and maintenance of EV charging stations. With greater ease and affordability, property owners, businesses, and public entities can now meet the growing demand for clean energy charging options from their customers, employees, communities, and/or tenants.

Program Highlights

- Multiple program offerings for commercial and multi-family properties.
- Rebates to help offset the price for the purchase and installation of qualified EV charging stations.
- No- or low-cost infrastructure to support charging equipment.
- New multi-family construction program options and features.
- Technical assistance for siting the charging equipment, access to our experts, and other resources to help move each project forward.

Learn More

Contact your SCE Account Manager or email chargeready@sce.com. For more information, visit sce.com/chargeready.

The program provides a great opportunity for commercial, public sector, and multi-family property owners to offer EV fueling for light-duty passenger vehicles at their sites, including, but not limited to:

- Multi-family existing and new properties
- Retail locations
- Business offices
- Industrial complexes
- Hospitality locations
- Sport and entertainment facilities
- Light-duty fleets
- Public institutions
- Government institutions
- Agriculture and water

Program Offerings
