Details of your SCE and CCA charges appear separately on the bill.

5. Your rate
   Specifies the rate plan pricing schedule for your SCE account.

6. Your payment stub
   Shows the amount due and the due date. When you pay your bill to SCE, we will be responsible for transferring the generation portion of your payment to your CCA. If you're paying by mail, remember to write your customer account number on the “memo” line of your check and make sure the SCE address is visible in the return envelope window. Check this section each month for important news and information about your bill, SCE programs and services, and more.

**Things you should know**

**2020 Fixed Recovery Charge**
SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

**DWR Adjustment**
This is a refund from the California Department of Water Resources (DWR) relating to the purchase of power during the 2000-2001 energy crisis. The adjustment line item will only appear on bills of customers who previously paid the DWR Bond Charge.

The Department of Water Resources (DWR) Bond Charge is collected by SCE to support the California Wildfire Fund, including payment of bonds issued by the California Department of Water Resources (DWR). The Wildfire Fund reduces the costs to customers associated with catastrophic wildfires, supports the financial stability of California’s electric utilities, and allows utilities to carry out necessary improvements to lessen future wildfire threat. The Competition Transition Charge (CTC) is a charge for legacy SCE electricity contracts, signed prior to 1998, that exceed a CPUC-approved market price limit.
