

CHARGE READY PROGRAMS

Third-Party Funding Attestation Form

Pursuant to SCE's Charge Ready tariffs, if the Program Participant receives rebates from both SCE and any third party or parties to reimburse costs relating to the purchase and/or installation of Customer-Side Make Ready Infrastructure and/or Charging Equipment, the total of rebates received by the Program Participant from SCE and any third part(y)(ies) may not exceed the Program Participant's total costs for procuring and/or installing such infrastructure and/or equipment.

Accordingly, the amount of any rebate provided by SCE will be reduced to ensure that, when combined with any other such third-party rebates or incentives, the total of all rebates received by the Program Participant does not exceed those total costs.

To enforce this provision, Program Participants must disclose all third-party funding received in connection with its Charge Ready project, including, but not limited to, any grants, rebates, and incentives. Program Participants are required to disclose third-party funding whether or not SCE provides a rebate.

Additionally, the Program Participant must consent to SCE sharing information pertaining to the Program Participant's Charge Ready project or participation in the Charge Ready program with third-party or grant funding entities that will be used to verify third-party funding.

Program Participant hereby confirms disclosure of all such third-party funding. Each rebate will be assessed independently against the costs it was designed to cover.

Please initial one of the following:

_____ Program Participant confirms that no third-party funds were received for this project. Program Participant will notify SCE if additional funding not disclosed here is received in the future.

_____ Participant confirms that the following third-party funds have been or will be received for this project and consents to SCE sharing information pertaining to Program Participant's Charge Ready project or participation in the Charge Ready program with third-party or grant funding entities that will be used to verify such third-party funding. In the following table, please list all third-party funding for the project, even if you are uncertain whether such funding covers the same costs as the Customer-Side Make-Ready Infrastructure Rebate or Charging Equipment Rebate.

Third-Party Funding

Funding Source	Timeframe for Receiving Funds	Dollar Amount	Equipment / Services Funding Covers

The above table MUST be broken up by category and fund amount.

Program Participant will notify SCE if additional funding not disclosed here is received in the future.

I certify that the above information I have provided is true, correct, and complete.
