1. Your amount due

Shows your current monthly amount due and the due date.

2. Your SCE account information

If you ever need customer service or want to enroll in SCE programs and services, we'll use your Customer Account Number and/or Service Account Number to access your information.

3. Your account summary

Shows your most recent account activity, including any payments, new charges, amount due, and due date.

4. Your cost varies by time of day

Time-Of-Use (TOU) rates vary based on the times of day and season shown in this chart. Your account is currently being served under one of SCE's Business TOU rate plans, which means you'll pay less when you're able to shift some of your business's energy usage to off-peak and super off-peak hours, when overall energy demand and costs are lower. For more information about TOU rates, visit sce.com/rates.

5. Your payment stub

Shows the amount due and the due date. If you're paying by mail, remember to write your Customer Account Number on the "memo" line of your check and make sure the SCE address is visible in the return envelope window. Your business can save postage costs and help the environment by going paperless at sce.com/ebilling — it's fast, easy, and secure.

10 Past due bills
When is my bill past due? It is past due 20 days after the preparation date, which was 10/23/25.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?
0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?
Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?
The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. "Above market" refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Micro-business Certification

Pursuant to CPUC D.10-10-032 and D.10-11-037, customers who meet the definition of a "micro-business" as defined by California Government Code Section 14837, may be rebilled for a maximum of three months rather than three years for an undercharge resulting from a billing or meter error. To learn more and what you can do to self-certify as a "micro-business" please call 1-800-990-7788 or visit us at sce.com.
