

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE161134232513	3/9/2026	3/10/2026	City of Thousand Oaks	Local Government	Electric	What is the electricity usage and customer count within the city of Thousand Oaks, as needed to calculate the community greenhouse gas emissions for the city's annual GHG inventory?		In process	
SCE134113026	1/28/2026	2/11/2026	City of Manhattan Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Annual consumption/deliveries of electricity aggregated by customer class (residential, commercial, industrial, and agriculture) within Manhattan Beach city limits.		Completed	3/11/2026
SCE252382428	1/27/2026	1/30/2026	City of South Gate	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Would you be able to give us a breakdown of the types of South Gate accounts (business, commercial, industrial, or residential)? Numbers and overall energy usage. I am trying to project revenue on a UUT initiative.		Completed	2/27/2026
SCE17915262325	1/15/2026	1/20/2026	Town of Mammoth Lakes	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Emissions generated by energy consumption by customers within the Town		Completed	2/10/2026
SCE3343212714	12/22/2025	1/29/2026	City of Artesia	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Community-wide energy usage data for the City community separated into land use types: - Residential (multi-family, single-family) - Non-residential (commercial, industrial, etc.) If privacy laws require the information to be aggregated, we will ok.		Completed	2/26/2026
SCE21010197	12/1/2025	12/1/2025	Department of Community Services and Development	CA Dept of Comm	Electric	To fulfill state and federal reporting requirements. CSD needs utility historical usage data for low income program participants for 12 month	Recurring Request	Completed	12/22/2025
SCE111513419	11/20/2025	12/10/2025	City of Murrieta	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Emissions generated from electricity consumption by the following customers: Residential (Single and Multi-family) Commercial Industrial Municipal buildings and facilities Streetlights and Traffic Signals Any customers not captured above		Completed	1/8/2026
SCE17171629320	11/20/2025	11/20/2025	City of West Hollywood	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). How much energy was used by all customers (by category) within the City of West Hollywood during 2024 (calendar year)	Recurring request	Completed	12/11/2025
SCE1416163317	9/9/2025	9/10/2025	County of Ventura	Local Government	Electric	As part of the County of Ventura adopted Climate Action Plan, we are required to provide an updated GHG inventory to our Board every 5 years. This data will be used to develop a 2024 baseline year GHG inventory to take to the Board in 2026.	Cancelled due to data already provided under SCE3423148145.	Cancelled	9/10/2025
SCE21417262221	8/12/2025	12/8/2025	Caltrans - California Department of Transportation	State Agency	Electric	I would like to request the maximum demand / peak demand. The data will be used for an ampacity availability calculation.	Request cancelled due to no response from requestor.	Cancelled	12/8/2025
SCE16331515412	7/22/2025	7/30/2025	County of Los Angeles Department of Regional Planning	Local Government	Electric	The County of Los Angeles (County) is in the process of tracking implementation progress of our Climate Action Plan. The County is requesting municipal and community participation rate data by utility and tier.		Completed	8/27/2025
SCE30107331824	7/10/2025	12/16/2025	University of Chicago	Academic Research	Electric	Re: CPUC Ds 20-02-011, 21-06-026: What is the role of salespeople in rooftop solar? Do they drive adoption for customers that benefit most from NEM after interconnecting, or do high-pressure sales tactics tend to increase prices and lower welfare?		Completed	1/23/2026
SCE281410813	5/28/2025	6/11/2025	City of Santa Ana	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Santa Ana is conducting a greenhouse gas inventory and updating our Climate Action Plan. As part of the greenhouse gas inventory, our team is looking for city-wide data on electricity usage in Santa Ana.		Completed	7/9/2025
SCE2433344205	5/8/2025	5/13/2025	West Virginia University	Academic Research	Electric	I am researching how to predict and proactively mitigate tree caused electric outages.	This program does not fulfill this type of request. The requestor was routed to the appropriate SCE website for more information.	Cancelled	5/13/2025
SCE1413215223	4/16/2025	4/22/2025	City of San Bernardino	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of San Bernardino is preparing an update to The San Bernardino General Plan, the City's long-range plan to guide growth and development. As part of the update to The San Bernardino General Plan, the City is compiling data that will be integrated.		Completed	5/20/2025
SCE18222216	4/15/2025	12/9/2025	City of Palm Springs	Local Government	Electric	Aggregate Palm Springs 2023 load data needed to determine the GHG intensity of electricity consumption, for the City to complete its GHG inventory.	Request cancelled due to no response from requestor.	Cancelled	12/9/2025

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE3423148145	3/12/2025	3/25/2025	County of Ventura	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The County of Ventura is collecting energy consumption data since the adoption of our Climate Action Plan to measure the region's progress in reducing building emissions. This is an annual reoccurring request to get data from the prior year.	Recurring Request	Completed	4/22/2025
SCE33121303132	2/19/2025	2/19/2025	City of Claremont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total energy utilized in zip code 91711 January 1, 2024 through December 31, 2024 (or nearest billing cycle, if applicable).	Recurring Request	Completed	3/19/2025
SCE1429130336	2/12/2025	2/12/2025	City of Thousand Oaks	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). What is the electricity usage and customer count within the city of Thousand Oaks, as needed to calculate the community greenhouse gas emissions for the city's annual GHG inventory?	Recurring Request	Completed	3/14/2025
SCE9162842219	12/20/2024	12/20/2024	Department of Community Services and Development	State Agency	Electric	To fulfill state and federal reporting requirements. CSD needs utility historical usage data for low income program participants for 12 month	Recurring Request	Completed	1/10/2025
SCE7132211931	12/19/2024	12/19/2024	City of Ojai	Local Government	Electric	GHG data for the City of Ojai.	City seeks municipal data. This program does not fulfill this type of request. The requestor was routed to the appropriate internal process.	Cancelled	12/20/2024
SCE4417101916	12/13/2024	12/20/2024	City of Costa Mesa	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Costa Mesa seeks the community-wide electricity usage data broken down by customer sector for years 2022 and 2023 to support the City's GHG emissions inventory.		Completed	1/22/2025
SCE5428212116	12/6/2024	12/20/2024	California Air Resources Board	State Agency	Electric	We wish to update temporal distribution of residential wood combustion emissions for air quality modeling. We will use a predictive energy difference model to identify days and times when the energy usage based on temperature is lower than expected.	Aggregated Interval Data Requested	Completed	2/7/2025
SCE211192824	12/6/2024	1/14/2025	University of Texas at Austin	Academic Research	Electric	We will explore the economic implications of potential complementarities between residential solar photovoltaics and electric vehicle adoption. We plan to estimate a model of complementary technologies and derive implications for policy.	Cancelled due to requestor unable to sign NDA	Cancelled	1/14/2025
SCE13252816117	12/2/2024	6/6/2025	University of California Santa Barbara	Academic Research	Electric	I'm a researcher studying equitable energy transition in California. In my project, I'm evaluating how different retail rate design, electric vehicle adoption, and heat pump adoption can improve consumer economics and systems resiliency.	Request cancelled due to no response from requestor.	Cancelled	6/6/2025
SCE61927291910	11/25/2024	11/26/2024	City of Manhattan Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). What is the annual kwh energy consumption of all accounts located within the city of Manhattan Beach? What percent of accounts within the city of Manhattan Beach are on the base rate, the 50% green rate, and the 100% green rate? For annual reporting of jurisdiction-wide energy consumption.		Completed	12/24/2024
SCE175206728	11/22/2024	7/14/2025	University of California San Diego	Academic Research	Electric	This study advances our understanding of California's energy consumption patterns and their impact on regional economic output. By offering a data-driven approach to analyzing energy usage, it provides a foundation for more effective economic and environmental policies. Ultimately, this research will contribute to a more sustainable and resilient economic future, where energy conservation and economic growth go hand in hand.	Aggregated Interval Data Requested	Completed	8/19/2025
SCE12187122913	11/20/2024	11/26/2024	City of Maywood	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To create a detailed greenhouse gas emission inventory to measure and manage energy use and activities contributing to emissions within the city.		Completed	12/24/2024
SCE6153125257	11/13/2024	11/20/2024	City of Blythe	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are compiling a greenhouse gas emissions inventory and request aggregated data for Blythe CA.		Completed	12/18/2024
SCE23201222620	10/30/2024	2/11/2025	University of California Berkeley	Academic Research	Electric	The purpose of this project is to develop greenhouse gas inventories of all California cities and counties. The data will be used to recommend targets and GHG mitigation projects and policies.		Completed	3/28/2025
SCE301162486	10/27/2024	4/28/2025	University of California, Irvine	Academic Research	Electric	how is energy used by customers in this geographic area (in which SCE covers) what are the prices at different geographic area, at different time of the dat, at different day of the year.	Request cancelled due to no response from requestor.	Cancelled	4/28/2025

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE102329231318	10/23/2024	10/23/2024	City of Ojai	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Annual data consumption (2022 calendar year) for the City of Ojai, broken out by Commercial, Industrial, Single-Family Residential, and Multi-Family Residential.		Completed	11/21/2024
SCE1015721721	10/11/2024	10/11/2024	City of Fillmore	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The data needs related to electricity, including those from commercial and residential land uses. Residential and commercial electricity delivered by Southern California Edison (SCE). Annual Electricity Deliveries- kWh-E		Completed	11/12/2024
SCE1272710100	9/30/2024	5/5/2025	UCLA California Center for Sustainable Communities	Academic Research	Electric	As part of a CEC funded research grant, UCLA CCSC is measuring home energy consumption and greenhouse gas emissions impacts from an array of residential decarbonization measures (solar PV, storage, electrification of appliances) installed in 34 homes.	Interval Data Requested	Completed	6/10/2025
SCE30122010268	9/27/2024	9/30/2024	City of Santa Paula	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total residential & commercial electricity delivered (total energy consumption in kWh) by SCE for CY2022 within the City of Santa Paula city limits for a regional (all of Ventura County) climate action plan/GHG emissions inventory study.		Completed	10/28/2024
SCE10201418131	9/25/2024	9/26/2024	City of Simi Valley	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). How much greenhouse gas (GHG) emissions come from SCE electricity in the City of Simi Valley.		Completed	10/24/2024
SCE217108516	9/12/2024	9/12/2024	City of Port Hueneme	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Data will be used to quantify GHG emissions from the City of Port Hueneme's electricity usage in support of a regional climate action plan led by Ventura County		Completed	10/10/2024
SCE151241013	9/12/2024	5/2/2025	University of California Berkeley	Academic Research	Electric	We are conducting a study to investigate factors influencing unlicensed cannabis cultivation practices in California. We would like to know how much energy indoor cannabis cultivate utilizes across the state of California and its effect on the grid	Request cancelled due to no response from requestor.	Cancelled	12/9/2025
SCE471411130	9/10/2024	9/19/2024	City of Oxnard	Local Government	Electric	The City of Oxnard is request city-wide energy usage data to be utilized for a regional GHG inventory for the Venture County Comprehensive Climate Action Plan.		Completed	10/17/2024
SCE207176522	9/5/2024	4/2/2025	University of California, Irvine	Academic Research	Electric	We want to identify which Additional Dwelling Units have separate utility meters. This will help us determine which are being used for formal rentals. We have a list of parcels which recently received ADU permits we would like to check.	Request cancelled due to no response from requestor.	Cancelled	4/2/2025
SCE211130262125	9/4/2024	9/11/2024	City of Ventura	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). A GHG inventory is a part of the development of the grant-funded Oxnard-Thousand Oaks-Ventura Metropolitan Statistical Area Comprehensive Climate Action Plan (CCAP). The GHG inventory for 2022 will be used as a reference in this CCAP.		Completed	10/9/2024
SCE1521153011	8/27/2024	9/12/2024	City of Bell Gardens	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Usage data regarding the entire city's grid electricity usage to inform the city's Climate Action Plan (CAP)		Completed	10/10/2024
SCE91321151231	8/12/2024	8/12/2024	City of Santa Monica	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total Santa Monica citywide energy usage from January 1, 2023 - December 31, 2023. Please break down data by sector (Commercial, Industrial, Residential) and separate single-family from multi-family if possible. Data used for 2023 greenhouse gas inventory		Completed	9/10/2024
SCE296182711	7/25/2024	8/8/2024	City of Palm Springs	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are compiling a greenhouse gas emissions inventory and request the following data for the City of Palm Springs: Monthly Energy consumption for Residential Sector, Commercial Sector, Industrial Sector, Agriculture Sector, Other Non-residential land use.		Completed	9/6/2024
SCE212932125	7/24/2024	8/13/2024	City of Indian Wells	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are compiling a greenhouse gas emissions inventory and request the following data for Indian wells: monthly energy consumption for the residential, commercial, industrial, agricultural and other nonresidential uses. We also seek overall monthly consumpti		Completed	9/10/2024

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE17934152924	7/23/2024	7/23/2024	City of Long Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To complete the City's GHG emission for the City of Long Beach for the 2023 year	Recurring request	Completed	8/21/2024
SCE13292772016	7/22/2024	7/24/2024	City of Moreno Valley	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Community Inventory: Electricity Annual consumption/ deliveries disaggregated by customer class (residential, commercial, industrial, and agriculture) for customers within the incorporated City limits.		Completed	8/21/2024
SCE321207230	7/19/2024	7/30/2024	City of Lake Elsinore	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Emissions generated from electricity consumption by the following customers: Residential (Single and Multi-family) Commercial Industrial Municipal buildings and facilities Streetlights and Traffic Signals Any customers not captured above		Completed	8/27/2024
SCE15162823315	7/11/2024	7/16/2024	City of Palm Desert	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are compiling GHG emissions inventory for Palm Desert and are requesting monthly energy consumption for the following sectors: residential, commercial, industrial, agricultural, as well as non-residential land use and overall monthly consumption.		Completed	8/13/2024
SCE627302311	7/2/2024	7/3/2024	City of West Hollywood	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). How much energy was used by all customers (by category) within the City of West Hollywood during 2023 (calendar year) for our GHG inventory	Recurring request	Completed	7/31/2024
SCE1032724301	7/1/2024	7/8/2024	City of Desert Hot Springs	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are compiling a greenhouse gas emissions inventory and request the following data: Monthly energy consumption for the residential, r commercial, industrial, agricultural, and other non-residential land uses. Overall monthly consumption.		Completed	8/5/2024
SCE8289152029	7/1/2024	7/8/2024	City of Rancho Mirage	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Monthly consumption residential, Monthly consumption commercial, Monthly consumption industrial, Monthly consumption agriculture, Monthly consumption non-residential land use, Overall monthly consumption, Specific emission factors used in the calculation		Completed	8/5/2024
SCE247611330	7/1/2024	7/3/2024	City of Cathedral City	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Compiling greenhouse gas emissions inventory and request the following data for Cathedral City. Monthly energy consumption for: Residential sector Commercial sector Industrial sector Agriculture sector Other nonresidential Overall monthly consumption		Completed	8/2/2024
SCE181824121525	6/26/2024	4/2/2025	University of California San Diego	Academic Research	Electric	Does increased provision of electric vehicle DC fast charging infrastructure reduce the costs of charging? If so, do drivers respond to lower prices?	Request cancelled due to no response from requestor.	Cancelled	4/2/2025
SCE292527122716	6/26/2024	6/28/2024	City of Coachella	Local Government	Electric	Rquesting data for the City of Coachella: Monthly energy consumption for the following sectors: Residential, Commercial, Industrial, Agricultural, Non-Residential Land Use. Overall monthly consumption. Specific emission factors used for calculations.	Not SCE service territory. Referred requestor to the appropriate utility	Cancelled	6/28/2024
SCE11224281216	5/31/2024	6/7/2024	County of Ventura	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The County of Ventura is creating a report of 2023 community wide energy consumption and its associated GHG emissions.	Recurring Request	Completed	7/8/2024
SCE2314011336	5/30/2024	7/5/2024	Energy Institute at Haas	Academic Research	Electric	How can California cover the costs of grid modernization, wildfire prevention, renewable energy goals, and other programs in electricity rates while still achieving electrification goals that are critical to decarbonization?	Monthly kWh data requested	Completed	10/4/2024
SCE24241232725	5/23/2024	6/3/2024	City of Barstow	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To complete greenhouse gas emissions inventory, City is requesting annual aggregated purchased elec usage data for calendar years 2019-2023 by CEC sector for residential, commercial (e.g., retail, office, etc.), industrial, and agricultural (if applicable)		Completed	7/3/2024

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE1152228190	5/14/2024	5/16/2024	City of Palos Verdes Estates	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The most recent years of aggregated community-wide electricity usage data broken down by the residential, commercial, industrial, institutional, and agricultural sectors, to determine the city's greenhouse gas emissions from energy use for years 2019 - 20		Completed	6/13/2024
SCE8261526624	5/6/2024	5/8/2024	City of Buena Park	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Energy usage to support GHG emissions inventory for climate action and adaptation plan		Completed	6/5/2024
SCE181735315	5/2/2024	5/6/2024	NYU Tandon School of Engineering	Academic Research	Electric	I would like to see the energy patterns and how they are related to natural events. Then, I would like to develop data data-driven decisions.	Cancelled by requestor	Cancelled	5/6/2024
SCE172161337	4/2/2024	5/15/2024	University of California Irvine	Academic Research	Electric	We are looking at different electric grid resilience and reliability events across Southern California and need to develop electrical load profiles for each substation in the SCE service territory, which we can build from zip code or city level data.	Data need fulfilled based on publicly available information.	Cancelled	5/15/2024
SCE21124121522	3/15/2024	3/15/2024	City of Laguna Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The city would like to evaluate a communitywide electricity use report for calendar year 2023	Recurring Request	Completed	4/12/2024
SCE12591745	3/14/2024	3/28/2024	County of Santa Barbara	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total annual energy usage by residential, non-residential, agricultural and industrial customers in unincorporated Santa Barbara County for calendar years 2019-2023, exclude UCSB		Completed	4/25/2024
SCE34271814208	3/5/2024	4/2/2025	University of Southern California	Academic Research	Electric	The purpose of this analysis is to quantify how climate variability, such as temperature, humidity, and localized heat island effects, influence residential energy consumption.	Request cancelled due to no response from requestor.	Cancelled	4/2/2025
SCE233221293428	2/27/2024	3/19/2024	City of Lake Forest	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City is requesting 2020 community usage data for the City of Lake Forest for the purposes of calculating the City's greenhouse gas emissions for inclusion into an update to the City's community-wide greenhouse gas inventory.		Completed	4/16/2024
SCE11834142928	2/15/2024	2/23/2024	City of Redlands	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Redlands is requesting data for calendar year 2022 to update the greenhouse gas (GHG) inventory which will be prepared to assess Redlands' progress since adopting its Climate Action Plan (CAP) in 2017 and forecast new target years.		Completed	3/26/2024
SCE107310332	2/13/2024	5/16/2024	City of Palos Verdes Estates	Local Government	Electric	City seeks most recent years of aggregated community-wide electricity usage data broken down by the residential, commercial, industrial, institutional, & agricultural sectors, to determine the city's greenhouse gas emissions from energy use for 2019-2020.	Cancelled, data requested under new requester for data request SCE1152228190	Cancelled	5/16/2024
SCE14282411283	2/8/2024	2/9/2024	City of Thousand Oaks	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). What is the electricity usage and customer count within the city of Thousand Oaks, as needed to calculate the community greenhouse gas emissions for the city's annual GHG inventory?	Recurring Request	Completed	3/8/2024
SCE2330410629	1/25/2024	7/2/2024	University of California Berkeley	Academic Research	Electric	Our objective is to acquire usage data for customers operating at commercial power levels, particularly focusing on instances with distinct spikes in consumption during specific time periods, such as 12-hour or 16-hour cycles.	Cancelled due to no response from requestor	Cancelled	7/2/2024
SCE16113161225	1/16/2024	3/21/2024	City of Inglewood	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Inglewood seeks the most recent years of aggregated community-wide electricity usage data broken down by the residential, commercial, industrial, institutional, sectors to determine greenhouse gas emissions from energy use for 2019 & 2020.		Completed	4/18/2024
SCE20332719823	1/5/2024	1/8/2024	City of Ventura	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Ventura is partnering with the County of Ventura to prepare a regional GHG inventory which will include city specific and unincorporated county GHG inventories. The partnership will also prepare reduction measures for climate action plans.		Completed	2/5/2024
SCE34523162133	1/3/2024	1/5/2024	City of Claremont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Energy usage by customer sectors in the city for Annual Sustainability Report	Recurring Request	Completed	2/5/2024

SCE164206197	3/20/2022	4/15/2022	City of Lawndale	Local Government	Electric	The City of Lawndale seeks the most recent years of aggregated community-wide electricity usage data in order to determine the city's greenhouse gas emissions from energy use. We are requesting data for 2019 and 2020.	Cancelled by requestor	Cancelled	4/15/2022
SCE18251115524	3/20/2022	3/29/2022	City of Carpinteria	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). 2019 and 2020 electricity usage for City of Carpinteria	Recurring Request	Completed	4/29/2022
SCE1321231125	3/17/2022	3/24/2022	City of Torrance	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Torrance seeks 2019 and 2020 aggregated community-wide electricity usage data in order to determine the city's greenhouse gas emissions from energy use.		Completed	4/22/2022
SCE102642111	3/15/2022	3/23/2022	City of El Segundo	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of El Segundo seeks 2019 and 2020 aggregated community-wide electricity usage data in order to determine the city's greenhouse gas emissions from energy use.		Completed	4/22/2022
SCE2009252213	3/14/2022	3/23/2022	City of Goleta	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Annual 2019 and 2020 electricity usage for City of Goleta for GHG reporting.	Recurring Request	Completed	4/22/2022
SCE323022231230	3/8/2022	9/14/2022	Stanford University	Academic Research	Electric	We are trying to develop the relationship between end-user usage and extreme weather.	Cancelled due to requestor unable to sign the NDA.	Cancelled	9/14/2022
SCE81010173312	3/6/2022	8/12/2022	University of California Irvine	Academic Research	Electric	What is the impact of policies or programs that aim to include communities of color or economically vulnerable communities in the adoption of beneficial energy technologies, including novel technologies, that advance energy system electrification?	Request cancelled. No response from requestor for additional data.	Cancelled	8/12/2022
SCE101317183032	2/23/2022	2/28/2022	City of Claremont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Identify aggregate 2021 calendar year energy use for accounts located in 91711	Recurring request	Completed	3/25/2022
SCE9162202612	2/21/2022	3/9/2022	City of Rolling Hills	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Rolling Hills seeks the most recent years of aggregated community-wide electricity usage data in order to determine the city's greenhouse gas emissions from energy use.		Completed	4/8/2022
SCE22716152034	2/20/2022	3/10/2022	City of Hermosa Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Hermosa Beach seeks the most recent years of aggregated community-wide electricity usage data in order to determine the city's greenhouse gas emissions from energy use."		Completed	4/12/2022
SCE203322151917	2/3/2022	2/16/2022	Energy Institute at Haas	Academic Research	Electric	How will the costs of grid modernization, wildfire prevention, renewable energy goals, and other programs be distributed across households while still achieving electrification goals that are critical to decarbonization?	Residential Appliance Saturation Survey respondent information. No Interval data requested	Completed	3/18/2022
SCE4222011110	1/24/2022	8/12/2022	University of Southern California	Academic Research	Electric	We are inquiring to gain access to commercial buildings' end-use meter data for further analytical research. We are looking to incorporate building-related features to assess commercial building energy efficiency and retrofit strategies.	Request cancelled. No response from requestor for additional data.	Cancelled	8/12/2022
SCE10161132300	1/12/2022	1/20/2022	City of Fountain Valley	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City is preparing an update to its General Plan and is compiling data that will be integrated into its green house gas (GHG) emissions inventory. To complete this we request annual aggregated purchased electricity usage data.		Completed	2/22/2022
SCE124113524	12/19/2021	12/21/2021	Department of Community Service and Development	State Agency	Electric	To Fulfill state of California and federal reporting requirements CSD needs historical kWh usage data for low-income water participants for 24 months.	Recurring Request	Completed	1/7/2022
SCE63226312	12/8/2021	12/9/2021	Department of Community Service and Development	State Agency	Electric	To Fulfill state of California and federal reporting requirements CSD needs historical kWh usage data for low-income participants for 12 and 24 months.	Recurring Request	Completed	12/16/2021
SCE222097623	10/13/2021	10/19/2021	University of Texas at San Antonio	Academic Research	Electric	Finding customer usage based on fuzzy rules and making decisions if they should adopt load cutting, alternative energy (Solar) or another rate plan to increase their revenue. Secondary, create a cluster map for display on the basis of Energy Rate plans.	Request Cancelled as requestor is no longer affiliated with this university.	Cancelled	10/21/2021
SCE333333161821	9/27/2021	10/14/2021	Mono County	Local Government	Electric	Gathering data for an update to Mono County's Resource Efficiency Plan. Requested data includes electricity use (in Annual KWH for 2020) for the following areas in Mono County: Domestic, GS-1, Streetlighting, TOU-GS, and Direct Access %.		Completed	11/22/2021

SCE1452202019	9/21/2021	12/21/2021	Energy Institute at Haas	Academic Research	Electric	Same as request SCE1510141815. What is the economic value of different levels of reliability at the residential level? How do power outages affect households' electricity consumption and investment in energy-using goods and services? Households' electricity consumption and investment on energy-using goods and services.	Interval Data Requested	Completed	2/16/2022
SCE102125281130	9/16/2021	9/22/2021	City of Rancho Palos Verdes	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Rancho Palos Verdes seeks 2020 aggregated community-wide electricity usage data in order to determine current greenhouse gas emissions from energy use.	Recurring request	Completed	10/22/2021
SCE9214151628	9/14/2021	10/5/2021	City of Manhattan Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Electricity (kWh) consumption for City of Manhattan Beach for 2019 and 2020 for GHG Emission reporting.		Completed	11/5/2021
SCE32122322627	9/12/2021	9/17/2021	City of Irvine	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Annual energy aggregated for all customer classes for accounts in city's boundary (i.e., residential, commercial, industrial).	Recurring Request	Completed	10/22/2021
SCE61411199	8/5/2021	5/6/2022	Colorado School of Mines	Academic Research	Electric	How is energy being consumed by customers, comparing income-qualified and not, across Southern California Edison's operating territory? Can we use this data to develop an algorithm to help close the energy efficiency gap for disadvantaged communities?	Cancelled due to requestor unable to sign NDA	Cancelled	5/6/2022
SCE291722423	8/4/2021	8/9/2021	City of Claremont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We would like to get a report on total energy used in Claremont (zip code 91711) during the 2019 calendar year.	Recurring Request	Completed	8/27/2021
SCE11142510515	7/25/2021	8/2/2021	City of Ontario	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Ontario updating the General Plan and Climate Action Plan. The City is requesting annual aggregated purchased electricity usage data for the calendar years 2016-2020 by CEC sector	Recurring Request	Completed	9/2/2021
SCE75411134	7/15/2021	9/28/2021	Stanford University	Academic Research	Electric	The purpose of this research is to understand the long-term effects of energy efficiency measures (EEM) on the demand response (DR) in K-12 schools. This project aims to do so by examining the DR performance of school buildings pre- and post- EEM retrofit.	Interval Data Requested	Completed	11/5/2021
SCE62313921	7/13/2021	8/12/2021	University of California Los Angeles	Academic Research	Electric	How does Climate Zone designation affect energy outcomes, for those customers along the Climate Zone border?	Monthly kWh Usage requested	Completed	11/22/2021
SCE1927280135	6/27/2021	4/20/2022	Energy Institute at Haas	Academic Research	Electric	What is the impact of electricity prices on EV ownership and driving? How do baseline allocations impact rate choice for EV owners?	kWh usage only	Completed	5/13/2022
SCE13701137	6/22/2021	6/28/2021	County of Los Angeles Department of Regional Planning	Local Government	Electric	The County of Los Angeles (County) is in the process of creating a Greenhouse Gas (GHG) inventory and emission projection scenarios for unincorporated communities within the County associated with the development of a Climate Action Plan.		Completed	8/6/2021
SCE20614243411	6/16/2021	6/18/2021	Department of Community Services and Development	State Agency	Electric	To fulfill state and federal reporting requirements. CSD needs utility historical usage data for low-income program participants for 12 and 24 month.	Recurring Request	Completed	7/2/2021
SCE82415102016	6/1/2021	6/24/2022	UC Berkeley - Fisher Center for Real Estate and Urban Economics	Academic Research	Electric	This study seeks to estimate the impact of energy efficiency of commercial buildings on the probability of California commercial mortgage default	Request cancelled due to no response from the requestor	Cancelled	6/24/2022
SCE34332131213	5/23/2021	7/21/2021	University of California Irvine	Academic Research	Electric	How much renewable energy and storage technologies would have to be implemented in Santa Catalina Island in order for it to reach net zero-carbon emissions and full grid-independence?	Request cancelled. No response from requestor for additional data.	Cancelled	7/21/2021
SCE192020151431	5/13/2021	6/29/2021	County of Santa Barbara	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Annual electricity usage for the unincorporated County of Santa Barbara for greenhouse gas emissions inventory	Recurring Request	Completed	7/30/2021
SCE9328221526	4/27/2021	5/4/2021	City of Claremont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total aggregate energy used within the city in Calendar Year 2020	Recurring request	Completed	5/28/2021
SCE132313262030	4/8/2021	6/24/2022	Michigan State University	Academic Research	Electric	This project aims to study the distributional effects of rooftop solar PV adoption under different tariffs and solar energy remuneration schemes.	Request cancelled due to no response from the requestor	Cancelled	6/24/2022
SCE311030331030	4/5/2021	4/8/2021	City of Santa Clarita	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are developing the GHG inventory for the City of Santa Clarita as part of the Climate Action Plan Update and are requesting the usage data by sector (agricultural, industrial, residential, street lighting, etc.) and usage data for municipal accounts		Completed	5/7/2021

SCE26234211232	3/16/2021	3/23/2021	City of Thousand Oaks	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). What is the electricity usage within the city of Thousand Oaks, as needed to calculate the community greenhouse gas emissions for the city's annual GHG inventory?	Recurring request	Completed	4/23/2021
SCE52214171021	3/14/2021	3/17/2021	City of Long Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total electricity used within the City of Long Beach border for each of the calendar years 2016, 2017, 2018, 2019, and 2020 for GHG inventory.		Completed	4/16/2021
SCE3222311827	3/8/2021	3/18/2021	City of Beverly Hills	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Beverly Hills is preparing to complete its Climate Action and Adaptation Plan (CAAP). We are trying to complete data research for community wide electricity use to complete our GHG emission data research.		Completed	4/23/2021
SCE20626295	3/2/2021	8/6/2021	University of Michigan	Academic Research	Electric	how customers shave and shift load in response to participation in time-based demand response programs.	Interval Data Requested	Completed	9/10/2021
SCE19336113129	2/26/2021	3/10/2021	University of California Santa Barbara	Academic Research	Electric	Research to establish historical electricity consumption of agriculture and residential customers in the Central Valley and Santa Barbara to improve energy efficiency.	Interval Data Requested	Completed	4/16/2021
SCE2622321320	2/22/2021	2/24/2021	City of Santa Monica	Local Government	Electric	How many kWh were used in the City of Santa Monica for the 2019 and 2020 calendar years?	Recurring request	Completed	3/26/2021
SCE180921821	2/15/2021	2/16/2021	UC Davis Center for Water-Energy Efficiency	Academic Research	Electric	Can agricultural groundwater extraction volumes be accurately estimated with energy usage data using power consumption calculation methods? If so, can this method help California accurately estimate their water withdrawals an associated energy consumption	Pump Test Data Only. No interval data requested.	Completed	3/19/2021
SCE30620322113	2/14/2021	3/2/2021	UC Davis Center for Water-Energy Efficiency	Academic Research	Electric	How do evaporative cooling systems (commonly referred to as swamp coolers) impact the water and energy use of residential households in the geographical areas in California where evaporative cooling systems are used in high concentration?	Interval Data Requested.	Completed	4/9/2021
SCE3317142924	1/27/2021	3/1/2021	UC Davis Center for water-energy efficiency	Academic Research	Electric	how much energy was saved with the rollout of a grant program that funded water-energy saving devices in residential homes.	Monthly kWh	Completed	4/6/2021
SCE13152514034	12/16/2020	12/24/2020	City of Huntington Beach	Local Government	Electric	We are requesting anonymized residential electrical usage data of 1,082 addresses within the Oak View neighborhood to predict the benefits of energy efficiency and renewable generation for this community.	Recurring Request	Completed	2/12/2021
SCE6171419117	12/14/2020	12/15/2020	Department of Community Service and Development	State Agency	Electric	To fulfill state and federal reporting requirements. CSD needs utility historical usage data for low-income program participants.	Recurring Request	Completed	12/31/2020
SCE20243291819	11/24/2020	4/13/2021	University of California Los Angeles	Academic Research	Electric	This data is for the design, planning, and execution of the Basset-Avocado Heights Advanced Energy Project, a CEC-funded project exploring strategies and approaches to expanding distributed energy resources in disadvantaged communities.	Interval Data Requested	Completed	5/14/2021
SCE25921312213	11/16/2020	11/17/2020	Department of Community Service and Development	State Agency	Electric	To fulfill state and federal reporting requirements. CSD needs utility historical usage data for low-income program participants.	Recurring Request	Completed	12/4/2020
SCE212388115	11/2/2020	11/5/2020	City of Rancho Palos Verdes	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Rancho Palos Verdes seeks 2018 and 2019 aggregated community-wide electricity usage data in order to determine current greenhouse gas emissions from energy use.		Completed	12/4/2020
SCE101128182	10/26/2020	11/10/2020	City of Moorpark	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Annual electricity usage by year and sector (e.g. residential, commercial, industrial, municipal, agricultural) for GHG reporting.		Completed	12/11/2020
SCE5011331	9/29/2020	10/6/2020	City of Palm Springs	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). 2018 electricity usage across all accounts in the City of Palm Springs for GHG reporting.		Completed	11/6/2020
SCE4172231218	9/24/2020	6/24/2021	UC Berkeley Energy and Resources Group	Academic Research	Electric	We are investigating electricity reliability and resiliency across communities in California, specifically the rotating outages during the load curtailment directed by CAISO on 8/14-15. Therefore, we request the spatial extent of rotating outage groups.	Request cancelled due to no response from the requestor	Cancelled	6/24/2021
SCE17193121429	9/15/2020	9/17/2020	Town of Apple Valley	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The Town of Apple Valley is preparing our Climate Action Plan and need 2019 data to compile an inventory of emissions.	Recurring request	Completed	10/22/2020
SCE29029281626	9/1/2020	11/10/2020	University of California Riverside	Academic Research	Electric	Research will evaluate how the changes to critical peak pricing (CPP) program made in 2019 impacted its effectiveness. To do so, we will utilize advanced econometrics and machine learning techniques. Please see our email for a detailed project description.	Interval Data Requested	Completed	2/16/2021

We are requesting aggregated communitywide electricity consumption separate by customer sectors. Data will be used for the City's GHG inventory.	Recurring Request	Completed	5/22/2020
SCE1227152118	3/30/2020	6/8/2020	City of Moreno Valley	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Calendar year 2018 and 2019 electricity usage for Moreno Valley for use in the Moreno Valley Climate Action Plan GHG inventory. Please provide electricity usage for available sectors.	Recurring Request	Completed	7/10/2020
SCE30222502626	3/5/2020	7/1/2020	UC Davis Center for Water-Energy Efficiency	Academic Research	Electric	How responsive are groundwater pumpers to an agency-imposed pumping fee and energy prices, and will farmers adjust water and land use in response to changes in fees and energy prices.	Interval usage requested	Completed	8/7/2020
SCE122013331617	2/11/2020	2/24/2020	City of Costa Mesa	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). City requests the total amount of electricity used by all accounts in 2019. The data will be used for a CCA feasibility study.		Completed	3/31/2020
SCE33303271819	2/9/2020	5/20/2020	UC Davis Center for Water-Energy Efficiency	Academic Research	Electric	Can agricultural groundwater extraction volumes be accurately estimated with energy usage data using power consumption calculation methods? If so, can this method help California accurately estimate their water withdrawals an associated energy consumption	Interval usage requested	Completed	6/30/2020
SCE8332221128	1/29/2020	2/12/2020	City of West Hollywood	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). West Hollywood needs communitywide energy consumption data for years 2017 and 2018 in preparation for Climate Action Plan.		Completed	3/13/2020
SCE251124513	1/28/2020	2/19/2020	City of Huntington Beach	Local Government	Electric	Anonymized residential community data for Oak View neighborhood for year 2015-2019 based on matched addresses provided by city for assessment of environmental performance and resiliency of the local electric infrastructure.		Completed	4/3/2020
SCE1261411013	1/26/2020	2/5/2020	City of Carpinteria	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). 2018 Annual electricity usage for the City of Carpinteria for GHG inventory. Annual Electricity Usage for the City of Carpinteria per agricultural, commercial, industrial, and residential sector.		Completed	3/5/2020
SCE212934016	1/13/2020	11/4/2021	Energy Institute at Haas	Academic Research	Electric	How can California cover the costs of grid modernization, wildfire prevention, renewable energy goals, and other programs in electricity rates while still achieving kWh Usage Requested electrification goals that are critical to decarbonization?		Completed	12/10/2021
SCE93113282326	1/6/2020	1/7/2020	Department of Community Service and Development	State Agency	Electric	To fulfill state and federal reporting requirements. CSD needs utility historical usage data for low-income program participants.	Recurring Request	Completed	1/24/2020
SCE17319133214	12/18/2019	1/28/2020	City of Beaumont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Community wide and municipal electric energy consumption for 2015 to 2019 for general plan update.		Completed	3/12/2020
SCE1202226534	12/17/2019	12/23/2019	City of Norco	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). City is working with WRCOG on Climate Action Plan and would like to have the total kWh for calendar year 2017.		Completed	1/24/2020
SCE702171615	12/12/2019	12/17/2019	City of Perris	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). City is working with WRCOG on Climate Action Plan and would like to have the total kWh for calendar year 2017.		Completed	1/24/2020
SCE12103173322	12/12/2019	1/7/2020	City of Laguna Beach	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Historical 2015 - 2018 electricity usage data within City of Laguna Beach for calculating community sources of carbon emissions.		Completed	2/7/2020
SCE2594181810	12/10/2019	1/9/2020	City of Carson	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total use of electricity within Carson borders for calendar years 2017 & 2018. Only aggregate data is needed, broken down by the residential, commercial & industrial for Green House Gas inventory.		Completed	2/21/2020
SCE26181026913	12/8/2019	12/12/2019	City of Goleta	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). 2018 Annual electricity usage for the City of Goleta for planning.		Completed	1/17/2020
SCE82491941	12/3/2019	12/11/2019	City of Menifee	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). City is working with WRCOG on Climate Action Plan and is requesting the total kWh for calendar year 2017.		Completed	1/17/2020

SCE209651321	11/15/2018	12/4/2018	City of La Verne	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Aggregate community electricity usage data for the City of La Verne for Calendar years 2015, 2016, and 2017. Only annual aggregate data is needed, broken down by residential, commercial, and industrial sectors. Data should be aggregated annually.		Completed	1/11/2019
SCE31724143021	11/13/2018	11/19/2018	City of Bell	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Bell has begun to develop a comprehensive inventory of sources of greenhouse gas emissions resulting from activities within the City of Bell boundaries. Aggregate energy usage data within Bell for 2015.		Completed	12/28/2018
SCE183001973	11/8/2018	11/26/2018	City of Santa Barbara	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). We are trying to figure out the total number of kWh used by all accounts within the city of Santa Barbara boundary (for all account types) for 2017. We would also like to get the community's total demand.		Completed	12/28/2018
SCE4152018123	11/5/2018	11/16/2018	City of Bellflower	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total use of electricity within the City limits for the 2016-2017 calendar year for GHG inventory. Only aggregate data is needed. Please provide a description of how building types are assigned to each category (residential, commercial and industrial sectors).		Completed	12/19/2018
SCE2661714128	11/2/2018	11/16/2018	Ohio State University	Academic Research	Electric	Project will provide empirical analyses based on statistical & engineering models to support a holistic analysis of distribution-side electricity system resilience on the SCE control area. Focus is on the resilience implications of physical infrastructure. 10 years of SCE entire customer base of aggregated Load, capacity, outage, distribution side data.	Due to existing Ohio State laws and regulations, OSU was unable to sign the Non-Disclosure Agreement (NDA) with indemnification clause as is.	Cancelled	12/7/2018
SCE4112725237	10/15/2018	10/25/2018	City of Paramount	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Total use of electricity within the City limits for the 2016 & 2017 calendar year. Only aggregate data is needed, broken down by the residential, commercial and industrial sector for GHG Reporting; Also, a calculated utility emissions factor? Please provide _____ (lbs. CO2/MWh).		Completed	11/26/2018
SCE32103114712	10/15/2018	10/31/2018	City of Lake Forest	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Developing a community wide GHG inventory. Aggregate community electricity usage data for the City of Lake Forest for calendar years 2015, 2016 and 2017.		Completed	12/3/2018
SCE11562489	9/26/2018	10/18/2018	County of Riverside	Local Government	Electric	Requesting aggregated community energy consumption for unincorporated Riverside County to prepare the county's Climate Action Plan update.		Completed	11/16/2018
SCE41317341119	9/24/2018	10/3/2018	City of Montclair	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). I would like to receive the community kWh usage for calendar year 2015,2016, and 2017. Aggregated annually for Greenhouse gas inventory /General Plan Update related to GHG emissions.		Completed	11/6/2018
SCE10311623821	9/18/2018	11/26/2018	City of Goleta	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Data gathering for strategic energy planning purposes related to the development associated with the City of Goleta's adoption of a 100% Renewable Electricity goal by 2030. Aggregated community usage from 7/1/2017 to 6/30/2018.		Completed	12/28/2018
SCE131942816	9/6/2018	9/19/2018	City of Walnut	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Electricity usage data within City of Walnut (incorporated City limits) for calendar years 2015, 2016, and 2017, for Climate Action Planning purposes. Information should be aggregated annually for each year.		Completed	10/23/2018
SCE5283313210	8/21/2018	8/30/2018	City of Santa Monica	Local Government	Electric	How many customers have subscribed to the Green Tariff? What level of renewable energy have they selected?	This program does not fulfill this type of request. The requestor was routed to the appropriate internal process.	Cancelled	8/30/2018
SCE16127032	8/1/2018	8/10/2018	City of Corona	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To understand how much electricity is used within the City (# of Bundled/DA: accounts; aggregate consumption; non-coincident demand in each rate group, coincident factors and average load profile by rate group).	Recurring request	Completed	9/21/2018

SCE182015311222	3/16/2017	10/4/2017	Department of Community Services and Development	State Agency	Electric	In order to fulfill State and Federal reporting requirements, CSD requires specific utility usage data for low-income program participants. As a condition of program participation, applicants are required to sign disclosures granting permission for CSD. 14 - 24-month historical energy usage for various program participants.	Recurring Request	Completed	1/12/2018
SCE1662633164	2/23/2017	5/4/2017	Oregon State University Cascades	Academic Research	Electric	What is the official electrical rate schedule at 4551 E. Philadelphia Street, Ontario, CA? Any additional classification information regarding the NEM program?	Request cancelled due to no response from the requestor	Cancelled	5/4/2017
SCE126961813	2/21/2017	5/25/2017	University of California Los Angeles	Academic Research	Electric	Study to estimate consumer demand for solar panels as a function of the retail electricity rate, the price and availability of solar panels, the net-metering rate, and the value of government subsidies provided to households with renewable energy systems.		Completed	8/4/2017

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE131431414	2/10/2017	2/22/2017	County of Ventura	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). County staff is requesting annual usage broken out Residential, Commercial, Industrial and Agricultural customer class, separated by calendar years 2015 and 2016, so we can update the GHG inventory for the unincorporated county.		Completed	3/24/2017
SCE4292519173	1/25/2017	4/4/2017	City of Santa Monica	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). How much energy is being used at the census tract level for 2016? How has energy usage changed over time? Request Census Tract Group usage data for Santa Monica for 2016 by customer rate group aggregated annually.		Completed	5/18/2017
SCE19215111214	1/19/2017	1/31/2017	Housing Authority of the City of San Buenaventura	Local Government	Electric	The Housing Authority of the City of San Buenaventura is a partner in the Better Buildings Challenge. This is AB802 related request for usage at specific property addresses.	This program does not fulfill this type of request. The requestor was routed to the appropriate internal process.	Cancelled	2/3/2017
SCE198194630	12/30/2016	2/15/2017	Ventura County Regional Energy Alliance	Local Government	Electric	VCREA staff is requesting annual usage broken out Residential, Commercial, Industrial and Agricultural customer class so we can update the 2015 GHG inventory for the cities and unincorporated county.	This request was previously fulfilled in July 2016.	Cancelled	2/22/2017
SCE13292118236	12/27/2016	1/5/2017	City of Santa Monica	Local Government	Electric	We would like to gather specific property address information for NEM-V projects. We will then independently create case studies to support our efforts in promoting NEM-V in Santa Monica.	This program does not fulfill this type of request. The requestor was routed to the appropriate internal process.	Cancelled	1/6/2017
SCE2225231534	12/13/2016	3/30/2017	Carnegie Mellon University	Academic Research	Electric	We aim to evaluate the energy, load shape, and environmental justice impacts of residential, commercial, and industrial energy efficiency interventions and utility programs, including low-income bill assistance programs.	Requestor is unable to provide a signed NDA and IRB	Cancelled	10/30/2017
SCE19161791918	12/5/2016	12/19/2016	City of Redlands	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). 2015 electricity use for Redlands and unincorporated regions of San Bernardino County for use in the Redlands Climate Action Plan GHG inventory. Also, 2015 GHG emissions per kilowatt-hour of electricity to use as an emission factor to calculate emissions based on electricity use.		Completed	1/20/2017
SCE213300120	11/28/2016	12/19/2016	City of Lancaster	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Determine customer participation in residential and commercial energy efficiency by subprogram in the City of Lancaster from 2010 to 2016. Assist in the development of LCE's EE programs so that they may be complementary and targeted towards hard to reach areas of the community.		Completed	3/17/2017
SCE15391857	11/22/2016	4/20/2017	University of Southern California	Academic Research	Electric	Impacts on household acceptance of Time of Use (TOU) pricing. The goal of this project is to determine what conditions are associated with households accepting TOU, so that future policies can aim to create these conditions. Requesting 2016 Pilot Participation Survey and interval electricity usage data for the same customers.	Interval Data Requested	Completed	8/18/2017
SCE3020121833	11/10/2016	11/22/2016	City of Corona	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To understand how much electricity is used annually by SCE's customers within the City of Corona, for the purpose of identifying existing energy use conditions. Number of accounts, Aggregate consumption, aggregate non-coincident demand in each rate group, number of DA accounts, DA aggregate consumption, DA aggregate non-coincident demand in each rate group, Coincidence factors and average load profile by rate group.		Completed	12/21/2016
SCE28294231311	10/18/2016	12/13/2016	University of California Los Angeles	Academic Research	Electric	How effective are the energy efficiency programs? need the account level "EE program data from 2013 to 2015, and CARE program data from 2010-2015" under Ventura, Orange, San Bernardino, Riverside, Imperial, LA counties.		Completed	3/17/2017
SCE172918111518	10/17/2016	11/23/2016	County of San Bernardino	Local Government	Electric	Energy usage for Greenhouse Gas Inventory for the Countywide Plan/General Plan update for unincorporated areas of San Bernardino County for 2014.	Recurring Request	Completed	12/16/2016
SCE283120123428	10/11/2016	12/6/2016	Housing Authority of Tulare County	Local Government	Electric	Requesting electric usage by addresses. The data will be used to develop utility allowances for the residents. The utility allowances are required to be given to the tenant by the regulations of the Program and must be calculated using actual billing information.	We are unable to provide customer specific information through this program to Local Governments without customer authorization.	Cancelled	12/6/2016
SCE26242232720	8/30/2016	9/30/2016	City of Huntington Beach	Local Government	Electric	I need community data for the City for 2014 and 2015 I also need aggregate data for a neighborhood/census tract. The City received an EPIC Challenge grant through the CPUC and CEC and needs this data to complete a baseline analysis of energy usage.	Duplicate request. This fulfillment will be completed under the UC Irvine Request (SCE 161142322)	Cancelled	6/23/2017

# SCE Third Party Data Request Log

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE191412589	5/13/2015	1/14/2016	Energy Institute at Haas	Academic Research	Electric	How much energy and money do energy management systems (EMSs) save industrial utility customers? Do EMSs lead to higher participation in utility energy efficiency programs? The data requested is for 2 purposes associated with the evaluation of the energy efficiency technology. The first is to develop a randomized list of industrial customers within SCE's territory so that we can run a randomized control trial (RCT) to evaluate the adoption and energy savings of the energy management system technology. We want to share the name and address of the industrial facilities with our implementer subcontractors who will be recruiting the facilities into the RCT.	Interval data requested.	Completed	2/19/2016
SCE22844331	5/7/2015	8/27/2015	Stanford University	Academic Research	Electric	We are developing an open source tool for utilities to defer distribution upgrades by deploying distributed energy resources. We need typical load curves for a variety of different comm and resi customers showing the effect of energy efficiency and DR	Request cancelled due to no response from requestor.	Cancelled	8/27/2015
SCE104151333	4/28/2015	8/21/2015	Energy Institute at Haas	Academic Research	Electric	1. What drives participation in SCE's Quality Installation (QI) program for residential air conditioning? 2. How large are the reductions in electricity consumption, carbon dioxide, and criteria pollutants? 3. How does participation and savings vary across socioeconomic groups?	Interval data requested. Initial set of Residential Quality Installation Program participants Interval data fulfilled 10/8/2015. Additional request for random sample of residential interval data was fulfilled by 4/19/2016.	Completed	4/22/2016
SCE19252552320	4/21/2015	7/28/2015	California Institute for Energy and Environment	Academic Research	Electric	How well a new type of high-accuracy sensor works on the distribution system. Requesting Real-time voltage and current measurement	This program does not fulfill this type of request. The requestor was routed to the appropriate internal process.	Cancelled	7/28/2015
SCE43326251420	4/21/2015	11/1/2015	Olin Business School at Washington University in St. Louis	Academic Research	Electric	How do consumers respond to different energy pricing schedules? Specifically, we plan to use the data and recent developments in behavioral economics to estimate the extent to which consumers are sophisticated in their response to price changes.	Requestor is unable to provide IRB approval and project Statement of Work for requested PII information.	Cancelled	11/1/2015
SCE824827618	3/25/2015	5/28/2015	City of Claremont	Local Government	Electric	Is Claremont's energy usage decreasing in response to energy efficiency initiatives. City is participation in the Georgetown University Energy Prize.	This program does not fulfill this type of request. The requestor was routed to the appropriate internal process.	Cancelled	5/28/2015
SCE85212934	3/13/2015	4/1/2015	City of Industry	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Industry is preparing a climate action plan (CAP). As part of the CAP, the City is compiling data that will be integrated into the City's greenhouse gas (GHG) emissions inventory. To complete the City's GHG emissions inventory, the City is requesting year 2011, 2012, 2013, and 2014 (if available) aggregated purchased electricity usage data by CEC sector for each of the following land uses: (1) residential, (2) commercial (e.g., retail, office, etc.), (3) industrial, and (4) agricultural (if applicable).		Completed	5/28/2015
SCE12103016613	3/10/2015	3/20/2015	City of Calimesa	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Calimesa tracks electricity, gas, and water usage Citywide to update our Greenhouse Gas Inventory worksheet on an annual basis in order to track our progress in compliance with California's Assembly Bill 32. We are requesting annual kWh usage data for Non Residential, Municipal, Single Family, and Multi Family accounts citywide for the City of Calimesa, as previously given as a Confidential Usage Report by SCE.		Completed	5/20/2015
SCE341863287	3/4/2015	3/25/2015	Western Riverside Council of Governments	Local Government	Electric	WRCOG administers an Energy Leader Partnership (WRELP) with SCE, SoCal Gas, and the Cities we requested data for. The purpose of this request is simply to create a quarterly 'report card' to help provide an understanding of how each city is doing on a quarter-by-quarter basis.		Completed	5/20/2015
SCE341812221232	2/23/2015	2/27/2015	City of Westminster	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To complete the City's GHG emissions inventory, the City is requesting year 2011, 2012, 2013, and 2014 aggregated purchased electricity usage by CEC sector for municipal, residential, commercial, industrial, and agricultural land uses.		Completed	4/24/2015
SCE212828204	2/11/2015	2/19/2015	City of Santa Monica	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City annually reports on community energy usage for both gas and electricity as a part of its Sustainable City Plan and Climate Action Plan requirements. The City's SustainableSM.org website has hosted historical energy usage in the community. It has also reported on energy usage via its Climate Action Plan. Going forward the City will be using Socrata, an Open Data platform, to present the information. It will be delineated by these sectors: residential, small commercial, large commercial.		Completed	4/16/2015

# SCE Third Party Data Request Log

Last Updated: 3/18/2026

Request ID	Date Submitted	Complete Request Received	Requestor	Requestor Type	Data Type	Request Description	Notes	Status	Date Closed
SCE28181722120	2/9/2015	2/23/2015	County of Santa Barbara	Local Government	Electric	We are looking for the biggest energy users in Santa Barbara County for the past two years. We are working on a plan to reduce greenhouse gas (GHG) emissions in Santa Barbara County, through our ECAP plan. One of our alternative measure could be to reduce GHG by working with the largest energy users in the county to cut their emissions. To do that we would need to know who they are and their usage.	We are unable to provide customer specific information through this program to Local Governments without customer authorization.	Denied	3/12/2015
SCE25117262019	2/2/2015	2/4/2015	City of Claremont	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). The City of Claremont adopted its Sustainable City Plan in 2006, which outlined several goals, including the reduction of energy consumption. In accordance with the plan, we have published an Annual Sustainability Report Card every year since, which reports our progress (at the municipal as well as community levels) toward reaching the goals outlined in the plan. Data is presented in an aggregated fashion, as shown in the graph attached. I am trying to update our data to include the year 2014.		Completed	3/25/2015
SCE15113123251	1/27/2015	1/27/2015	City of Chino Hills	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). Data is requested for the preparation of a greenhouse gas (GHG) emissions inventory as part of a city climate action plan. A GHG emissions inventory includes emissions from energy sources such as electricity. The inventory will be for 2013, consistent with the City's General Plan baseline year. We request electricity data as detailed as possible for 2013. We request detailed electricity data by land use, for example: electricity use for Residential users, Commercial users, and Industrial users. If the data can be further disaggregated, such as to single and multifamily residential, we request the more detailed data. We understand the data would be subject to the 15/15 Rule.		Completed	3/25/2015
SCE9241428150	1/27/2015	2/4/2015	County of San Bernardino	Local Government	Electric	The question that we are trying to figure out is how much electricity is used annually by SCE's customers in the unincorporated areas of San Bernardino County, ideally by rate class, for the purpose of identifying existing energy use conditions. We would like data for the most recent year available, which is probably 2013, although if we can get multiple years of data that would be extremely helpful		Completed	4/1/2015
SCE13720122411	1/12/2015	1/21/2015	Cucamonga Valley Water District	Local Government	Electric	Approximately how many Edison customers participate in the CARE program. We don't need to know the specific customer name, just the count.		Completed	3/4/2015
SCE17311041322	1/9/2015	1/19/2015	Housing Authority of the City of Santa Barbara	Local Government	Electric	Please provide the Housing Authority of the City of Santa Barbara with Energy Consumption Data for the following accounts starting from January 2010 to present. This Data is being requested because the US Department of Housing & Urban Development is conducting a survey to collect data regarding the utility performance of properties which received competitive grants through the American Recovery and Reinvestment Act.	Cancelled by requestor.	Cancelled	1/19/2015
SCE142114211010	1/5/2015	1/14/2015	Western Riverside Council of Governments	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). WRCOG administers an Energy Leader Partnership (WRELP) with SCE, SoCal Gas, and the Cities we requested data for. The purpose of this request is simply to create a quarterly 'report card' to help provide an understanding of how each city is doing on a quarter-by-quarter basis.		Completed	3/10/2015
SCE101119182226	12/19/2014	1/14/2015	City of Goleta	Local Government	Electric	(Due to privacy safeguards pursuant to CPUC D.14-05-016, some requested data was omitted). To support the Phase 3 Strategic Plan Program (Task 1.1.5), the City will develop a baseline & land use alternatives to illustrate the energy savings potential of certain planning and design choices based on how energy is used by customers in Goleta.		Completed	3/31/2015
