Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Base Services Charge

Under California Assembly Bill 205, electricity bills will be restructured for residential customers beginning in November 2025. The electricity delivery section of the bill will include a Base Services Charge as a separate line item, replacing the current Basic Charge. Customers may also see total electricity prices lowered per kilowatt-hour (kWh). Estimate is based on current electricity rates as of June 1, 2025, and does not assume future rate changes. To learn more, visit sce.com/BaseServicesCharge.
