**NOTICE OF APPLICATION
SOUTHERN CALIFORNIA EDISON COMPANY'S REQUEST TO INCREASE ELECTRIC RATES
APPLICATION [A.25-03-001]**

Why am I receiving this notice?

On March 4, 2025, Southern California Edison Company (SCE) filed an application (A.25-03-001) with the California Public Utilities Commission (CPUC) requesting approval to sell SCE's Lower Tule Hydroelectric Project (the Hydroelectric Project) located in Tulare County, California (the Application) to Lower Tule Hydro LLC. In the Application, SCE seeks to increase its revenue by approximately \$32.7M. SCE has forecasted that the sale will save customers approximately \$17.4M when compared to the costs of continued operation and/or decommissioning.

If the CPUC approves SCE's request, it will affect your rates and bill.

Why is SCE requesting this rate increase?

- The Hydroelectric Project is not currently operational and is no longer necessary for SCE's generation needs.
- SCE will be paying the buyer a transfer payment upon closing as compensation for assuming the operation, maintenance and eventual decommissioning costs of the Hydroelectric Project as well as other project liabilities.
- This sale is the lowest cost option for SCE's customers when compared to the forecasted costs of the alternatives such as (a) repairing and continuing to operate the Hydroelectric Project and/or (b) decommissioning the Hydroelectric Project.

How could this affect my monthly electric rates?

If SCE's rate request is approved by the CPUC, the average residential monthly bill using 500 kWh per month would increase by approximately \$0.31 (0.2%) per month in the year following the close of the sale.

CUSTOMER BILL IMPACT TABLE

Bundled Average Rates (¢/kWh)				
Customer Group	Current Rates	Proposed Increase	Proposed Rates	% Change
Residential	31.6	0.06	31.7	0.2%
Lighting - Small and Medium Power	29.3	0.05	29.4	0.2%
Large Power	19.4	0.03	19.4	0.1%
Agricultural and Pumping	23.2	0.04	23.2	0.2%
Street and Area Lighting	34.9	0.03	34.9	0.1%
Standby	16.4	0.02	16.4	0.1%
Total	27.3	0.04	27.4	0.2%

Residential Bill Impact (\$/Month)				
Description	Current Bill	Proposed Increase	Proposed Bill	% Change
Non-CARE residential bill	\$176.04	\$0.31	\$176.35	0.2%
CARE residential bill	\$110.81	\$0.19	\$111.00	0.2%

The projected rate increase described in this notice is a forecast and is likely to slightly change depending on the month and year in which the sale of the Hydroelectric Project closes.

How does the rest of the process work?

The Application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt, modify, or deny SCE's Application. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Contact the CPUC

Parties to the proceeding may review the Application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers in order to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call **1-415-703-1584**, email PublicAdvocatesOffice@cpuc.ca.gov or visit www.publicadvocates.cpuc.ca.gov.

Please visit apps.cpuc.ca.gov/c/A2503001 to submit a comment about this proceeding on the CPUC Docket Card. Here you can also view documents and other public comments related to this proceeding. Your participation by providing your thoughts on SCE's request can help the CPUC make an informed decision.

If you have questions about CPUC processes, you may contact the CPUC's Public Advisor's Office at:

Email: public.advisor@cpuc.ca.gov
 Phone: **1-866-849-8390** (toll-free)
 Mail: CPUC Public Advisor's Office
 505 Van Ness Avenue
 San Francisco, CA 94102

Please reference SCE Lower Tule Application A.25-03-001 in any communications you have with the CPUC regarding this matter.

**NOTICE OF APPLICATION
Southern California Edison Company Request to Increase Electric Rates
APPLICATION A.25-03-009**

Why am I receiving this notice?

On March 14, 2025, Southern California Edison (SCE) filed an application with the California Public Utilities Commission (CPUC) requesting authorization to recover costs related to NextGen Enterprise Resource Planning (ERP) system.

SCE requests approval to recover \$1.162 billion of revenues over the 2025-2032 period related to its NextGen ERP system. SCE proposes to record the revenues in a two-way balancing account to allow for the recovery of NextGen ERP system-related costs, up to the amount authorized by the CPUC.

Why is SCE requesting this rate increase?

The proposed funding in this application is for replacement of SCE's core ERP system that has been in service for over 15 years and will soon be obsolete. This system is very complex and manages a vast amount of critical day-to-day information across SCE's most central processes that are necessary for SCE's business operations. Due to the lead time required to replace the core ERP system, and related software applications, SCE must begin taking the necessary steps for replacement now. Funding for the NextGen ERP system will also enable SCE to make cost-efficient upgrades to the ERP system. This will expand SCE's operational capabilities and enable business improvements that provide grid resiliency and customer benefits.

How could this affect my monthly electric rates?

If SCE's request is approved by the CPUC, the average residential monthly bill using 500 kWh per month would increase by approximately \$1.35 or 0.8% per month on average over the 2025-2032 period. The average CARE residential monthly bill with the same monthly usage would increase by approximately \$0.85 or 0.8% per month on average over the 2025-2032 period.

BILL IMPACT TABLE

Bundled Average Rates (¢/kWh)				
Customer Group	Current Rates (3/1/25)	Proposed Increase	Proposed Rates	% Increase
Residential	31.4	\$0.24	31.6	0.8%
Lighting - Small and Medium Power	29.1	\$0.21	29.3	0.7%
Large Power	19.2	\$0.11	19.3	0.6%
Agricultural and Pumping	23.0	\$0.15	23.1	0.7%
Street and Area Lighting	34.7	\$0.13	34.8	0.4%
Standby	16.3	\$0.07	16.4	0.4%
Total	27.1	\$0.19	27.3	0.7%

Residential Bill Impact (\$/Month)				
Description	Current (3/1/2025)	Proposed Increase	Proposed	% Increase
Non-CARE residential bill	\$174.78	\$1.35	\$176.12	0.8%
CARE residential bill	\$109.92	\$0.85	\$110.76	0.8%

Based on estimated average annual revenue requirement increase of \$145.266 million during the eight-year program period from 2025-2032; assumes average usage of 500 kWh per month in baseline region 9, and excludes climate dividend (i.e., GHG credits).

How does the rest of the process work?

The NextGen ERP Application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt, modify, or deny SCE's application. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.
