ON-BILL FINANCING PROJECT MATRIX FORM

In addition to submitting your OBF application, SCE requires that you provide information about the project you are seeking to finance.

The Information provided in this form will be used to calculate your On-Bill Financing loan amount. The monthly loan repayment amount will be approximately equal to the estimated monthly dollar savings Customer is expected to receive through their SCE utility bill based on the energy savings listed on this form. Any misrepresentation of project information, including estimated energy savings could affect the Customer's overall energy bill.

The OBF program requires customer participation in an Energy Efficiency (EE) program. Along with this form, and your OBF Application, you will be required to provide a copy of your EE application documentation for the project(s) you propose to finance through OBF in order to verify this OBF program requirement. The information on this form should match the project information provided to you by your project implementer.

If you have questions regarding these or other OBF requirements, or need assistance completing this form, please contact our Business Incentives Department.

Customers are required to submit this form twice. First with the OBF application (proposed savings), and finally with the project's Installation Report (final savings). Please select the corresponding project status on the next section of the form.

Project Site Information			
Customer/Business Name	Name of Applicant		
Service Account / Contract Account	Site Address		
Energy Efficiency Program Customer	Loan Amount Requested		
is participating in:	Project Status:	Application Olnstallation Report	
 Check this box only if you are re-submitting a copy of the Project Matrix form with or energy savings for your Installation Report 	nout any changes in scope, quantities	Date of Re-Submittal

Customer Acknowledgement			

By signing this form the Customer accepts and agrees to the following, in addition to the OBF Program Terms and Conditions:

- The OBF loan amount, monthly loan payment amount, and loan term will be determined in part by the information provided on this worksheet.
- The information provided on this form must be accompanied by proof of participation in an eligible Energy Efficiency progam-
- All information included on this sheet is accurate to the best of the Customer's knowledge.
- Customer acknowledges that SCE does not verify the accuracy of the information provided in this form. Providing inaccurate energy savings estimates or other project information could affect Customer's overall energy bill after the loan is issued, and Customer will still be responsible for paying the OBF Loan in full.
