Introducing a New Pilot Program with Predictable Energy Bills for Peace of Mind

Dear «Customer First Name»,

At Southern California Edison (SCE), we want to ensure safe, reliable, and affordable electric service to our customers. We are pleased to introduce a new pilot program focused on making household energy more *affordable and predictable*.

The Percentage of Income Payment Plan (PIPP) Pilot is a four-year program that provides qualified customers with the same low, fixed energy bill every month. Based on your participation in our California Alternate Rates for Energy (CARE) program, you may be eligible to enroll in PIPP.¹ **If eligible, your electric bill will be fixed at a low amount of either \$29 or \$86 per month**, and is subject to change on a yearly basis.²

To see if you qualify for a lower, fixed monthly payment, please see the 2022-2023 Federal Poverty Guidelines (FPG) Household Income chart at right.³

This pilot program has limited availability. Apply today!

Please complete and return the included application in the provided postage-paid envelope. Or, if you prefer, apply online at sce.com/pipp. Once the pilot is fully enrolled, you may be put on a waiting list.

For more information or assistance, please visit sce.com/pipp or call us at **1-800-736-4777** and a Customer Service Representative will be glad to assist you.

Sincerely,

Valarie Hernandez

¹ Additional eligibility requirements for the PIPP pilot are (i) customers that have experienced two or more disconnections between March 2019 and February 2020, or (ii) customers that live in an area that has been identified as having high recurring disconnections.

² The fixed monthly bill amounts will be updated annually beginning June 2024 to reflect current income guidelines, at the same time as CARE program income guidelines are updated.

³ Customers applying for the lower, fixed monthly payment amount must prove their income within 90 days of enrollment or they will be moved to the higher, fixed monthly payment amount. Customers applying for the higher, fixed monthly payment amount will be subject to the existing CARE post-enrollment verification process.

PIPP is offered on a first-come, first-served basis within eligible customer segments until the pilot participant maximum is met. PIPP is funded by California utility ratepayers and administered by Southern California Edison under the auspices of the California Public Utilities Commission. Programs are subject to change without notice. Terms and conditions apply.
