Overview

This use guide covers various features and functions of the Charge Ready Application Portal for the Small Site Rebate (SSR) program.

This document is intended for users who will submit requests for Small Site Rebates. These roles are:

♦ Customers
♦ Charge Ready Trade Professionals

What is SSR?

The Small Site Rebate (SSR) is a program under the larger eMobility Transportation Electrification (TE) Charge Ready (CR) program. It is used to submit requests for rebates for the installation of four or fewer charging stations at non-residential sites.

This user guide is to support the training of the Charge Ready Application Portal tool that supports the SSR program.

For more information about Site and Participant Eligibility, refer to the SSR Program Guidelines and Fact Sheet documents.

Key Terms

The table below lists key terms used in SSR and their description.

</table>
Project Workflow

When completing a Small Site Rebate request, the following processes take place:

1. **Customer** completes a Project Submission form.
2. SCE reviews the form for completeness. If incomplete, notifies applicant of information needed for completion.
3. SCE completes the Desktop Review.
4. SCE completes the Account Management Support form.
5. SCE completes the Site Assessment (for new meters only).
6. SCE completes the Agreement Preparation.
7. **Customer** completes the Agreement Acceptance.
8. SCE completes the Funds Reservation.
9. **Customer** completes the Site Plan Submission (for new meters only).
10. SCE completes the Design and Construction (for new meters only).
11. **Customer** completes the Design Acceptance (for new meters only).
12. **Customer** completes Pending Installation and Incentive Request form, along with applicable attachments (only after installation occurs).
13. SCE completes the Incentive Review, and identifies if site inspection is required.
14. SCE schedules and conducts a site review and completes Incentive Site Review form, if required.
15. SCE approves or rejects the payment for a project.

*For more information about the program, refer to the SSR Program Guidelines and Fact Sheet.*

Program Forms

The SSR program consists of five forms (or tasks), and each form has multiple sections. Depending on the phase of the process, form sections and fields may be:

- Unpopulated and fillable (required fields are marked with a red asterisk *)
- Auto-populated and editable
- Auto-populated and read-only
- Conditionally visible based on the values in other fields
Accessing the Charge Ready Application Portal

You can access the Charge Ready Application Portal through SCE.com. To access the portal, follow the steps below:

   The Welcome to your Charge Ready Application Portal page displays.

2. Enter your Email.
3. Enter your Password.
4. Click Sign In.

   ![Welcome to your Charge Ready Application Portal]
   The Applications page displays.

   ![Applications page]

3 of 54
Accessing the Charge Ready Application Portal for Charge Ready Trade Professionals

If you are a Charge Ready Trade Professional, you must have access to the Charge Ready Trade Ally Community (TAC) Portal. You and your company must also be approved by SCE to apply for rebates on behalf of the customer(s).

To access the portal as a Charge Ready Trade Professional, follow the steps below:

1. Navigate to the Trade Ally Community Portal: https://sce-chargeready.force.com/s

   The TAC landing page displays.

2. Select Login or Login to Your Account.

   The Login page displays.

3. Enter your Email.

4. Enter your Password.

5. Click Log In.

   The TAC Home Page displays.
6. Select **My Projects**.

![My Projects](image)

Note: If the My Projects tab is not on the screen, your company profile is not yet approved as a Charge Ready Trade Professional.

The **My Projects** page displays.

7. Click **Apply by Program**.

![Apply by Program](image)

The **Charge Ready Application Portal** opens and the **Applications** page displays.

For more information about Charge Ready Trade Professionals, refer to the Charge Ready TAC Fact Sheets and Program Handbook.
Project Submission

The Project Submission form is submitted by the Customer or Charge Ready Trade Professional through the Charge Ready Application Portal. By completing this form, participants request to reserve funding for a rebate.

Eligible participants complete this form prior to the purchase or installation of qualifying Electric Vehicle (EV) equipment. The Small Site Rebate only applies to four or fewer newly constructed charging stations at non-residential sites.

Once a Project Submission is complete, SCE determines the eligibility for program participation.

For a full list of eligible participants, or for more information about the program, refer to the Small Site Rebate Program Guidelines and Fact Sheet.

Completing the Project Submission Form

To create and complete a new application, follow the steps below:

1. Click New Application.

The Select customer site to include in this application page displays.
2. Select the drop-down menu under **Choose an address** and select an address.
   
   Note: The **Choose an address** page displays for a customer with multiple sites.

3. Click **Continue**.

   The **Select a program for the Application** page displays.

4. Scroll down.
5. Click the right arrow to select **Small Site Rebate**.

The **Program Rules** page displays.
Note: If the menu on the right-hand side of the screen is minimized, select the menu icon.

Once the Program Rules page displays, you will complete all the required fields.

The topics below covers how to complete each section of the Project Submission form.

**Program Rules**

6. Review the **Program Rules**.

7. Click the **Next** arrow.
Site Customer of Record

8. Select Yes or No for Is the applicant the customer of record for any meters at this site.

9. Click the Next arrow.

Customer Information

10. Verify the Bill Account Information and Site Information.

11. Click the Next arrow.
Additional Customer Contact Information

12. Complete the **Project Contact Information**.

13. Complete the **Site Contact Information**.

Note: If Site Contact is different from Customer Project contact, enter the Site Contact details.
If Property is Own

15. Select Own.

16. Click the **Next** arrow.

If Property is Lease

15. Select **Lease**.

16. Complete the **Property Owner Contact Information**.

17. Click the **Next** arrow.
Additional Customer Information

18. Enter the **Market Segment/Business Type**.

19. Enter the **Parking Type**.

20. Click the > **Next** arrow.

Account Management Support

21. Verify the **Assigned Account Manager Support**, if applicable.

   Note: If you are not aware of your Assigned Account Manager, please leave this field blank. One will be assigned to your project.

22. Click the > **Next** arrow.
**Project Information**

23. Complete the **Site Information**.

25. Complete the **Third-Party Assistance** information.

Note: If you select Yes under Are you using a Charge Ready Trade Pro, the **Trade Professional Information** section displays. If you select No, the Trade Professional Information section does not display.

26. Scroll down.

27. Complete the **Charging Station Information**.

28. Scroll down.
29. Complete the **Port Count/Preferred Location Information**.

Note: Four or fewer ports is a requirement for the Small Site Rebate. Any value above 4 leads to an error.

30. Click the **Next** arrow.

**New versus Existing Meters**

NOTE: If you request 1 to 3 ports, it will give you the option to select an Existing Meter or a New Meter.

If you request 4 ports, it will only give you the option to select a New Meter.
Trade Professional Information, if applicable

This section only applies if you are using a Trade Professional.

31. Click the Trade Professional Lookup.

The lookup displays.

32. Enter a vendor name.

A list of vendors displays.

33. Select the applicable vendor.
34. Confirm the **Vendor Company Information** and **Vendor Contact Information**.

35. Click the ✨ Next arrow.

### File Uploads

36. Select the ☐ **Folder** icon to upload **Site Layout**.

The **Open pop-up window** displays.
37. Select the applicable file.
38. Click **Open**.

![File Uploads](image)

The file uploads.

39. Select the **Folder** icon to upload **Site Photos**.
40. Click **Submit**.

![File Uploads](image)
Form Sent!

Once you submit an application, the Form Sent! page displays, and a submission email is sent to you.

41. Select check your rebates from your account view.

The Applications page displays.

Once a Project Submission is complete, SCE determines the eligibility for program participation.
Applications in Draft Status

You can save an application and complete it at a later time.

Saving an Application in Draft Status

To begin an application and save it in Draft status, follow the steps below:

1. While completing an application, select **Back to Applications**.

The **Applications** page displays.
Editing an Application in Draft Status

To edit an application in Draft status, follow the steps below:

1. Select the **Application Number**.

![Application Details](image1)

The **Application Details** page displays.

2. Select **Click to Open**.

![Program Rules](image2)

The **Program Rules** page displays.

3. Complete the application.
**Duplicating an Application**

You can duplicate an application in the following statuses:

- Draft
- Submitted
- Withdrawn
- Complete

To duplicate an application, follow the steps below:

1. Click the **Duplicate** icon.

   ![Duplicate Icon](image)

   The **Select the customer site to include in this application** page displays.

2. Complete the application.

   ![Select Customer Site](image)
Discarding a Draft Application

You can delete an application in Draft status.

Note: The Delete icon only appears for applications in Draft status.

To delete an application, follow the steps below:

1. Select the Delete icon.

2. Select OK.
Agreement Acceptance

The Agreement Acceptance is completed by the Customer or Charge Ready Trade Professional through the Charge Ready Application Portal. By completing this form, participants review and sign the Participation Agreement.

Eligible participants complete this form prior to the installation of qualifying Electric Vehicle (EV) infrastructure and equipment. This form:

- Specifies the program agreement of the project

Once an Agreement Acceptance is complete, SCE executes and reserves project funds.

For a full list of eligible participants, or for more information about the program, refer to the Small Site Rebate Program Guideline.

Completing the Agreement Acceptance Form

To complete the Agreement Acceptance, follow the steps below:

1. Select the Application Number.

The Application Details page displays.
2. Select **Click to Open** under 7. Agreement Acceptance.

The **Customer Information** page displays.

Once the Agreement page displays, you will complete all the required fields.

The topics below covers how to complete each section of the Agreement Acceptance form.

**Customer Information**

3. Verify the **Customer Information**.

4. Click the **Next** arrow.

The **Summary of Assessment Chargers** page displays.
Summary of Assessment Chargers

5. Verify the **Summary of Assessment Chargers**.

6. Click the **Next** arrow.

The **Agreement** page displays.

Agreement

7. Select **PDF Agreement Review**.
An **Agreement** window displays.

8. Review the agreement.
   Note: Review the agreement in its entirety before accepting the agreement.

9. Select **Close**.
   Note: You can also download the Agreement Review.

   ![Agreement Review](image)

The **Agreement** page displays.

10. Select **Yes** or **No** under Reject Agreement.
    Note: If Reject Agreement is Yes, enter an **Agreement Rejection Explanation**.

    ![Agreement](image)

    Note: If Reject Agreement is No, select an **Agreement Acceptance Method**.
**Electronic Acceptance**

Note: Trade Pros submitting on behalf of customers are only able to Print and Upload the Agreement.

If the Agreement Acceptance Method is Electronic Acceptance, follow the steps below.

1. Select **Electronic Acceptance**.
2. Enter an **Agreement Accepted Date**.
3. Select the checkbox under **Customer Accepts Agreement**.
4. Click the **Next** arrow.

Note: If the Agreement requires a signature from the Property Owner, you will be prompted to send a link for their signature.

The **File Uploads** page displays.
Print and Upload

If the Agreement Acceptance Method is Print and Upload, follow the steps below:

1. Select **Print and Upload**.
2. Upload a file under **Agreement Upload**.
3. Click the ➡️ **Next** arrow.

Note: If the Agreement requires a signature from the Property Owner, you will be prompted to send a link for their signature.

The **File Uploads** page displays.
File Uploads

11. Upload an Email Communication file, if applicable.

12. Click the Next arrow.

The Project Information page displays.

Project Information

13. Select Yes or No under Request to Withdraw Project.

14. Select Yes or No under Is your charging station vendor installing the charging equipment.
15. Confirm the **Charging Information** is correct.

16. Click the **Next** arrow.

![Project Information](image)

The **Trade Professional Information** page displays.

**Trade Professional Information**

17. Verify the **Trade Professional Information**.

18. Click the **Next** arrow.

![Trade Professional Information](image)

The **Installer Information** or **Additional Customer Contact Information** page displays.
Installer Information, if applicable

19. Verify the Installer Information.

20. Click the Next arrow.

The Additional Customer Contact Information page displays.

Additional Customer Contact Information

21. Verify the Customer Contact Information.

22. Select Submit.

The Application Details page displays.
Application Details

Once you submit the Agreement Acceptance, the Application Details page displays.

Note: You can select Back to Applications to go back to the Applications page.

Once an Agreement Acceptance is complete, SCE executes and reserves project funds.
Site Plan

The Site Plan form is required only for participants who have requested new meter service and is submitted by the Customer through the Charge Ready Application Portal. By completing this form, participants provide the plan of the project site.

Eligible participants complete this form prior to the utility side design and installation of qualifying Electric Vehicle (EV) infrastructure and equipment. This form:

- Specifies the overall site plan.

Once a Site Plan is complete, SCE reviews the site plan.

For a full list of eligible participants, or for more information about the program, refer to the Small Site Rebate Program Guidelines.

Completing the Site Plan Form

To complete the Site Plan, follow the steps below:

1. Select the Application Number.

   ![Application Number Screen]

   The Application Details page displays.

2. Select Click to Open under 9. Site Plan Required.

   ![Application Details Screen]
The Customer Information page displays.

Once the Customer Information page displays, you will complete all required fields.

The topics below covers how to complete each section of the Site Plan form.

**Customer Information**

3. Verify the Customer Information.

4. Click the Next arrow.

The Additional Customer Contact Information page displays.
Additional Customer Contact Information

5. Verify the **Additional Customer Contact Information**.

6. Click the Next arrow.

The *File Uploads* page displays.

File Uploads

7. Upload the **Site Plan**.

8. Select **Submit**.

Note: Site Plans must include a base map and a civil plan map in CAD file format.

The *Application Details* page displays.
Application Details

Once you submit the Site Plan, the Application Details page displays.

Note: You can select **Back to Applications** to go back to the Applications page.

Once a Site Plan is complete, SCE reviews the site plan.
Design Acceptance

The Design Acceptance form is submitted by the Customer through the Charge Ready Application Portal. By completing this form, participants are agreeing to the preliminary design and site plans for the project.

Eligible participants complete this form prior to the installation of qualifying Electric Vehicle (EV) infrastructure and equipment. This form:

- Specifies the design of the site plan

Once a Design Acceptance is complete, SCE begins work on project requirements.

For a full list of eligible participants, or for more information about the program, refer to the Small Site Rebate Program Guidelines.

Completing the Design Acceptance Form

To complete the Design Acceptance, follow the steps below:

1. Select the Application Number.

The Application Details page displays.

2. Select Click to Open under 11. Design Acceptance.

The File Uploads page displays.

Once the File Uploads page displays, you will complete all the required fields.

The topics below cover how to complete each section of the Design Acceptance form.
File Uploads

3. Verify the File Uploads.
4. Click the Next arrow.

The Comments page displays.

Comments

5. Enter Preliminary Design Comments from Customer, if needed.
6. Click the Next arrow.

The Preliminary Design page displays.
Preliminary Design

7. Select Yes or No for Preliminary Design Approved.

8. Click the Next arrow.

Note: If Preliminary Design Approved is No, enter a Revision Reason.

The Final Design page displays.

Final Design

9. Upload the applicable files.

10. Click the Next arrow.

The Customer Information page displays.
Customer Information

11. Verify the **Customer Information**.

12. Click the ➡️ **Next** arrow.

![Customer Information](image)

The **Additional Customer Contact Information** page displays.

Additional Customer Contact Information

13. Verify the **Additional Customer Contact Information**.

14. Select **Submit**.

![Additional Customer Contact Information](image)

The **Application Details** page displays.
Application Details

Once you submit the Design Acceptance, the Application Details page displays.

Note: You can select **Back to Applications** to go back to the Applications page.

Once a Design Acceptance is complete, SCE begins work on project requirements.
Pending Installation and Incentive Request

This form is submitted by the Customer through the Charge Ready Application Portal. By completing this form, participants are requesting their rebate.

Eligible participants complete this form after the installation of qualifying EV equipment is complete. This form:

- Specifies the equipment installed at the site
- Includes documentation such as final invoices, site photos, and proof of ownership

Once a Pending Installation and Incentive Request is complete, SCE reviews all equipment information and documentation to verify eligibility.

For a full list of eligible participants, or for more information about the program, refer to the Small Site Rebate Program Guidelines.

Completing the Pending Installation and Incentive Request Form

To complete the Pending Installation and Incentive Request form, follow the steps below.

1. Select the Application Number.

The Application Details page displays.
2. Select **Click to Open** under 12. Pending Installation and Incentive Request.

The **Customer Information** page displays.

**Customer Information**

3. Confirm the **Bill Account Information** and **Site Information**.

4. Click the ➡️ **Next** arrow.
The Additional Customer Contact Information page displays.

**Additional Customer Contact Information**
