SCE'S APPLICATION FILING

On April 3, 2017, SCE filed an application with the CPUC for a review of its 2016 operations for certain aspects of its business. This review will cover a portion of SCE's ability to obtain electricity on behalf of its customers and its ability to produce energy for its customers from utility owned resources. This application requests a decrease in SCE's revenue requirement due to the over-collection in certain SCE accounts. This application is commonly referred to as SCE's Energy Resource Recovery Account (ERRA) Review Application.

ABOUT THE PROPOSAL

This application will review the following 2016 SCE information:

- (1) If the delivery of SCE's electricity, both SCE owned and contracted, complied with CPUC regulations

- (2) If SCE accurately recorded purchases of power and fuel in its ERRA Balancing Account
- (3) If SCE managed its contracts with electricity producers in compliance with CPUC regulations and reasonably operated its own generation resources

WHAT THIS PROPOSED APPLICATION MEANS TO YOU

Compared to revenues as of January 1, 2017, SCE’s ERRA Review application requests a revenue decrease of \$83.748 million, or a 0.7% system average rate decrease beginning in 2018.

CPUC PROCESS

This application has been assigned to Administrative Law Judges (Judges) who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. At the Evidentiary Hearings, parties of record will present their testimony and may be subject to cross-examination by other parties. These evidentiary hearings are open to the public, but only those who are parties of record can participate.

After considering all proposals and evidence presented during the formal hearing process, the assigned Judges will issue a proposed decision which may adopt SCE’s application as proposed, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.

As a party of record, the Office of Ratepayer Advocates (ORA) has reviewed this application on behalf of SCE’s ratepayers. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. ORA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.
