SOUTHERN CALIFORNIA EDISON COMPANY'S
NOTICE FOR PHASE 2 OF THE 2018 GENERAL RATE CASE
APPLICATION (A.) 17-06-030
PROPOSAL TO REVISE ELECTRIC RATES

On June 30, 2017, Southern California Edison Company (SCE) filed Application 17-06-030 with the California Public Utilities Commission (CPUC) seeking approval to revise rates for all of its customers. This application is part of the CPUC's process to establish costs, allocate revenues, and design rates for all customers.

This filing is referred to as Phase 2 of SCE's 2018 General Rate Case (GRC). The primary purpose of this application is for SCE to assign revenues to its customers, and adjust rate design. While this application will not increase or decrease overall revenues, residential customers will see an increase in rates if the proposed changes are adopted (see chart below). To reduce the impact to higher-usage residential customers, SCE is proposing an increase in the baseline allowance. This will provide more electricity at the lowest priced rate (*i.e.*, Tier 1). Revenue changes will be determined in separate proceedings and will be taken into account before the CPUC concludes its review of this application. The rate design the CPUC adopts in the Phase 2 proceeding will incorporate those revenue requirement changes. The Phase 2 revisions are estimated to change rates for customers in the first quarter of 2019.

The following table compares SCE's January 2017 average rates, by customer group, to an estimate of proposed average rates if SCE's revenue allocation proposals in this Application are approved by the CPUC:

Customer Group Revenue Impact
2018 GRC Phase 2 Application

Customer Group	Average Rates April 2014 ¢/kWh	Proposed Rates ¢/kWh	Proposed Change %
Residential	18.8	19.6	4.0%
Lighting - Small and Medium Power	16.9	15.9	-5.5%
Large Power	12.0	11.9	-0.6%
Agricultural and Pumping	12.7	13.3	4.1%
Street and Area Lighting	17.9	19.0	5.7%
Standby	9.8	10.1	3.7%
TOTAL	16.2	16.2	0.0%
Average rates exclude EITE revenue return and semi-annual California Climate Credit

CPUC Process

This application has been assigned to an Administrative Law Judge (Judge) who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. Evidentiary hearings may be held where utilities, consumer advocacy groups, and other entities which have been given official status as "parties" will present their testimony and may be subject to cross-examination by other parties. These evidentiary hearings are open to the public, but only those who are parties may participate.

After considering all proposals and all evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision determining whether to adopt all or part of SCE's request, modify it, or deny it. Any of the five CPUC Commissioners may sponsor an alternate decision. The proposed decision and any alternate decisions will be voted upon at a scheduled CPUC Voting Meeting.

The Office of Ratepayer Advocates (ORA) has reviewed this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. ORA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's website at www.ora.ca.gov.
