**NOTICE OF EVIDENTIARY HEARING REGARDING
SOUTHERN CALIFORNIA EDISON COMPANY'S REQUEST TO INCREASE RATES
FOR THE 2018 GENERAL RATE CASE
APPLICATION (A.) 16-09-001**

The California Public Utilities Commission (CPUC) is holding an Evidentiary Hearing regarding Southern California Edison Company's (SCE's) request to increase rates by \$33 million in 2018, an additional increase of \$477 million in 2019, and \$554 million in 2020. This increase will be above SCE's 2017 authorized revenue requirement of \$5.640 billion. The Evidentiary Hearing will take place on the following date and at the following location:

Date and Time	Location
March 19, 2018 9:30 a.m.	California Public Utilities Commission Commission Courtroom 505 Van Ness Avenue San Francisco, CA 94102

The locations for the Evidentiary Hearings are wheelchair-accessible. If you need a Sign or other language translator, please contact the Public Advisor's Office using the contact information at the end of this notice, at least five working days before the Evidentiary Hearing you will attend.

SCE's APPLICATION FILING

This revenue increase request is referred to as a General Rate Case (GRC), and it covers costs to operate SCE and deliver power to its customers. It does not cover SCE's cost to purchase fuel to operate its generators, or costs to purchase power from other companies. If this request is approved by the CPUC, SCE's revenue requirement will be \$5.673 billion in 2018, a \$33 million (0.59%) increase over the currently authorized amount.

THE KEY REASONS FOR SCE'S PROPOSED INCREASE

The primary reasons for the requested revenue increases are:

1. Electric grid safety;
2. Reinforcing grid reliability, and grid resiliency in case of an emergency;
3. Improving customer service and communication, and offering customers more choices to meet their needs; and
4. Modernizing the electric grid to integrate distributed energy resources without compromising safety and reliability.

WHAT THIS PROPOSED GRC APPLICATION MEANS TO YOU

If the CPUC approves the application, the impact on non-CARE residential customers who use the system-wide average of 600 kWh per month would be about \$1.51 a month in 2018. In 2019, the monthly increase would be about \$5.01, and in 2020, the monthly increase would be about \$6.83. The table below shows the proposed rate increase by customer group for 2018.

Proposed Rate Increase by Customer Group

CPUC PROCESS

This application has been assigned to two Administrative Law Judges (Judges), who have determined how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. At the Evidentiary Hearing, parties of record will present their testimony and may be subject to cross-examination by other parties. These evidentiary hearings are open to the public, but only those who are parties of record can participate.

After considering all proposals and evidence presented during the formal hearing process, the assigned Judges will issue a proposed decision which may adopt SCE's application as proposed, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.

As a party of record, the Office of Ratepayer Advocates (ORA) has reviewed this application on behalf of SCE's ratepayers. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. ORA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov or visit ORA's website at www.ora.ca.gov/.
