**SOUTHERN CALIFORNIA EDISON COMPANY (SCE)**  
**NOTICE TO CHANGE YOUR RATES FOR LOW-INCOME PROGRAMS**  
**FOR YEARS 2015-2017**

**APPLICATION (A.) 14-11-007**

**PROPOSAL AFFECTING ELECTRIC RATES**

On November 18, 2014, Southern California Edison Company (SCE) proposed to the California Public Utilities Commission (CPUC) approval of its Energy Savings Assistance (ESA) and California Alternate Rates for Energy (CARE) programs for 2015 – 2017 and budgets for 2016-2017 (In August 2014, the CPUC approved the 2015 budget). SCE seeks budget funding approval of \$70.56 million for 2016 and \$70.76 million for 2017. These programs provide qualified low-income customers with discounts on their energy bills and free or low cost appliances and other devices to help lower their energy use.

If this application is approved, SCE will collect \$228.496 million in electric revenues for low income programs over the 2015-2017 period. SCE's request in this application is a \$12.563 million net decrease over the amount authorized by the CPUC for these programs for the 2012-2014 program cycle (see CPUC Decision D.12-08-044, as modified by D.14-08-030), which is an average net decrease of \$4.188 million per year. If the CPUC approves the total requested amount for program years 2015-2017, it will result in an estimated **0.03% system average rate decrease relative to current rates.**

The following table compares SCE's current average rates, by customer group, to an estimate of proposed average rates if SCE's revenue requirement and revenue allocation proposals in this Application are approved by the Commission:

## Customer Group Revenue Impact

### **Background on low income programs**

SCE offers a variety of programs and services to help income-qualified customers reduce their energy bills. The ESA Program helps low-income customers conserve energy and save money by providing free (or substantially discounted) appliances and installation of energy efficient refrigerators, air conditioners and more, as well as home efficiency solutions such as weatherization. More information on SCE's ESA Program can be found online at [www.sce.com/esap](http://www.sce.com/esap). The CARE Program helps ensure electricity is available at affordable rates to qualifying low income customers by providing at least a 30 percent discount on electricity bills. SCE also proposes to fund its Cool Center Program out of the CARE administration budget, consistent with the practices of San Diego Gas & Electric Company (SDG&E) and Pacific Gas and Electric Company (PG&E). More information on SCE's CARE Program can be found online at [www.sce.com/care](http://www.sce.com/care). More information on SCE's Cool Centers Program can be found online at [www.sce.com/coolcenters](http://www.sce.com/coolcenters).

### **CPUC PROCESS**

This Application will be assigned to an Administrative Law Judge (Judge) who will determine how to receive evidence and other related documents, necessary for the CPUC to establish a record upon which to base its decision. Evidentiary Hearings (EHs) may be held where parties of record will present their testimony and may be subject to cross-examination by other parties. These EHs are open to the public, but only those who are parties of record can participate.

After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision which may adopt SCE's proposal, modify it or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.

As a party of record, the Office of Ratepayer Advocates (ORA) reviewed this application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent

investor-owned utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. ORA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. Other parties of record will also participate in the CPUC's proceeding to consider this application. For more information about ORA, please call (415) 703-1584, e-mail [ora@cpuc.ca.gov](mailto:ora@cpuc.ca.gov) or visit ORA's website at <http://ora.ca.gov/default.aspx>.
