

2017 Prospective Product Content Label:

SCE's Green Rate program matches 50% or 100% of your electricity usage. In 2017, SCE's Green Rate program will be made up of the following new renewable resources averaged annually.

Green-e Energy Certified New ² Renewables in Green Rate, 2017		Generation Location
Solar	100%	California
Total Green-e Energy Certified New Renewables	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historic Product Content Label the actual resource mix of the electricity you purchased.
2. New Renewables come from generation facilities that first began commercial operation on January 1, 2014 or later.

For comparison, the current average mix of resources supplying SCE Includes: Coal (0%), Nuclear (6%), Biomass & Waste (1%), Geothermal (9%), Solar (4%), Wind (10%), Natural Gas (27%), Large Hydroelectric (3%), and Other from unspecified sources (40%). This resource mix was prepared in accordance with the SCE 2014 Power Content Label.

The average home in SCE's territory uses 562 kWh per month [Source: SCE, 2016]. For more information about SCE's Green Rate Program, please contact SCE at 1-866-701-7867 or visit on.sce.com/greenrate.

For specific information about this electricity product, please contact Southern California Edison, 1-866-701-7867, www.sce.com.

Green Rate is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.

Southern California Edison (SCE) Green Rate 2017 Price, Terms and Conditions

	<p>SCE's Green Rate is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.</p>
Company	Southern California Edison
Contact Information	For more information about SCE's Green Rate, visit www.on.sce.com/greenrate or call 1-866-701-7867.
How will I be billed?	Customers will be billed based upon the 50% or 100% for which they have enrolled. The Green Rate premium will be applied to either 50% or 100% of their usage each month. The credits and charges will appear on the customer's energy bill, in addition to the customer's regular electricity charges.
How will my bill be calculated?	The Green Rate premium is estimated to be 3.8 cents/kWh. As an example, a customer choosing the 100% option who uses 100 kWh will have the 3.8 cents/kWh applied to 100 kWh for a total Green Rate premium of \$3.79. This charge is separate from the otherwise applicable tariff the customer is on. The premium is composed of both charges and credits. Credits for the Green Rate include the Class Average Generation Credit and the TOD Adjustment. Green Rate Charges include the Renewable Power Rate, the GTSR Indifference Adjustment, the CAISO Grid & WREGIS Charges, the RA Adjustment, the Program Administration and Marketing Charge, and the RIC Charge.

The current detailed credits and charges are as follows:

Component (cents/kWh)

Green Rate cents/kWh

Rate Component	Residential	G5-1	TC-1	G5-2	TOU-GS	TOU-8-Sec	TOU-8-Pri	TOU-8-Sub
