* You will need to successfully register your HAN device with SCE. No bill credits will be issued to customers with HAN devices that were not successfully registered with SCE's system. Only the SCE customer whose name and address appear on the SCE account is eligible for this offer. Bill credits will be issued to eligible customers 6-8 weeks after successfully registering a qualifying HAN device with the SCE smart meter. Qualifying devices are those that are compatible with the Edison SmartConnect meter purchased after 12/1/2017. This program is funded by SCE customers and administered by SCE under the auspices of the California Public Utilities Commission. Funds are available on a first-come, first-served basis until such funds are no longer available. This program may be modified or terminated without prior notice. ©2017 Southern California Edison.
