

ONLINE TOOLS AT MY ACCOUNT.

We have developed a family of tools that empower you to track your energy use and better control costs. It all starts with My Account, where you can monitor your usage and connect to our other programs, like Budget Assistant and Paperless Billing. Register for My Account at sce.com/myaccount.

Stay on budget and in control.

Budget Assistant is an easy-to-use tool to track your energy costs in near real-time and send you alerts via email, phone or text to let you know how you're doing. Prevent any high bill surprises by making changes before you receive your next bill. Simply log in to My Account to get started.

A smarter way to pay.

Keep your home clutter-free with Paperless Billing. You won't need stamps to send your payment and you can view your bill securely online from any device. Plus, with Direct Payment, your bill gets paid instantly. For more information, or to register, log in into My Account.

Save energy and money.

Under the Energy Usage and Management tab in My Account, click on Ways to Save for simple actions you can take to conserve energy and lower your bill.

Here are just a few tips to get you started:

- Let your dishes dry naturally by using the "air dry" feature on your dishwasher
- Give your A/C a rest and use ceiling and portable fans to cool and circulate air
- Grill outdoors or use the microwave to keep your home cooler
- Wash and rinse clothes in cold water
- Unplug chargers for phones, tablets and other devices when fully charged
- Close blinds and shutters to keep out afternoon heat
- Set the thermostat to 78 degrees when home and "off" when you're away

HELPFUL PROGRAMS AND SERVICES ARE AVAILABLE.

We are committed to helping you conserve energy and lower your energy bill where possible, so we've created programs and services to help you do just that.

Energy Advisor: 5 Minutes to energy savings

Reducing your monthly electric bill could be easier than you think. With our online Energy Advisor tool, you'll receive simple and often low- or no-cost ways to make your home energy efficient and lower your energy bill. For more information, visit sce.com/energysurvey.

The smart way to find perfect products.

Get valuable information at our Marketplace where you can search products for energy saving scores, reviews from leading retailers and experts, rebates and price drop alerts, and more. It's the smartest way to find your perfect product. For more information, visit marketplace.sce.com.

Get help with medical equipment.

If you or someone in your household uses electrically-operated medical equipment, you may be eligible for our Medical Baseline program, which increases your baseline allocation by 16.5 kWh per day. For more information, call 1-800-447-6620 or visit sce.com/medicalbaseline.

RESIDENTIAL RATE PLANS

Learn about new, available rate plan options.

RESIDENTIAL RATE PLANS

Your home, the size of your family, your schedule, and your lifestyle all play a part in determining your electricity needs. Our rate plans are designed so you can find the right fit and get the best rate specific to your household's lifestyle.

Keep your discount.

If you are currently receiving a discount through your enrollment in California Alternate Rate for Energy (CARE) or Family Electric Rate Assistance (FERA), you can still choose your preferred rate plan without affecting your discount.

Choose from tiered or time-of-use.

There are two types of rates from which you can select, tiered or time-of-use (TOU).

Tiered rates are based on how much energy you use. This is a more traditional billing plan. Customers pay a single rate for a "baseline" amount of energy each month. Once that allotment is used, the rate climbs to a more expensive tier.

TOU rate plans are based on how much and when you use energy. Plans feature different rates based on the time of day, day of the week, and season. Electricity rates are lower on nights and weekends, but go up during peak hours when energy resources are in demand.

MAKE THE SWITCH TODAY.

To enroll in a new rate plan or change to a different rate plan, visit sce.com/rateanalyzer or call us at **1-800-655-4555**.

Rate Plan Options	Rate Plan Details	Who May Benefit?
Tiered	Features two-tiered pricing. Tier 1 is your baseline allocation. Tier 2 rates begin when your energy use surpasses the Tier 1 allotment. A state-mandated High Usage Charge may also apply.	<ul style="list-style-type: none"> Households who can keep energy usage low throughout the month Households who have high energy usage during the late afternoon and early evening hours
TOU-D-A^{1, 2}	Features a year-round Super Off-peak period from 10 p.m. to 8 a.m. Higher peak rates are offset by a monthly baseline credit.	<ul style="list-style-type: none"> Low and medium energy users (less than 700 kWh/mo.) Apartment dwellers who do not use A/C NEM Customers
TOU-D-B^{1, 2}	Features a year-round Super Off-peak period from 10 p.m. to 8 a.m. Provides a lower peak rate, but a higher daily basic charge and no baseline credit.	<ul style="list-style-type: none"> Higher usage customers (more than 700 kWh/mo.) Large households with children or seniors Homes with A/C or a swimming pool
TOU-D-T²	A combination of TOU and tiered rate pricing. Two tiers of TOU pricing are determined by your baseline allocation.	<ul style="list-style-type: none"> Households who can keep energy usage low throughout the month Households who use energy in the early morning or evening during the week
TOU-D-4-9PM²	Features a Super Off-peak period from 8 a.m. to 4 p.m. during winter (Oct - May).	<ul style="list-style-type: none"> Customers who use energy before late afternoon or the later evening Small to moderately-sized homes
TOU-D-5-8PM²	Features a Super Off-peak period from 8 a.m. to 5 p.m. during winter (Oct - May).	<ul style="list-style-type: none"> Customers who use energy before 5 p.m. Those who are home during the day Small homes
TOU-EV-1²	Designed specifically for electric vehicle charging with a dedicated meter.	<ul style="list-style-type: none"> Customers with an electric vehicle

¹ Participation in TOU-D-A and TOU-D-B rate plans is limited, and enrollment requests are on a first-come, first-served basis.

² Off-Peak and Super Off-Peak pricing costs less per kWh than On-Peak pricing.
