NOTES:

[1] Data availability is subject to meeting program requirements, i.e., university IRB certified research projects or statutory need for the data requested to comply with state or federal law.

[2] Data availability to Local Governments is subject to program rules for aggregated or anonymized data. No customer identifiable information can be provided.

[3] Personally Identifiable Information (PII) is confidential customer data and is omitted from EDRP datasets. Any non-PII data element, in combination with PII data, will be treated as confidential PII data and omitted from the EDRP dataset. Limited PII may be provided if the requester demonstrates the data is essential to the research or project, or is required by the agency to comply with state or federal law.

[4] Energy usage data will be provided on a monthly basis. Requests for interval datasets will be considered on a case by case basis.

NOTE: PII, or personal information, is defined in CPUC Decision 14-05-016 (p. 19): "Personal information" means any information that identifies, relates to, describes, or is capable of being associated with, a particular individual, including, but not limited to, his or her name, signature, social security number, physical characteristics or description, address, telephone number, passport number, driver's license or state identification card number, insurance policy number, education, employment, employment history, bank account number, credit card number, debit card number, or any other financial information, medical information, or health insurance information. "Personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records. (California Civil Code § 1798.80(e).)[2]
