**Subject: Kern River No. 3 Hydroelectric Project, FERC Project No. 2290
Notice of Intent to File an Application for New License
and Pre-Application Document**

Dear Secretary Bose:

Southern California Edison Company (SCE or Licensee) is the owner and operator of the Kern River No. 3 Hydroelectric Project (Project), FERC Project No. 2290. Pursuant to Section 15(b)(1) of the Federal Power Act (16 USC § 808(b)) and Section (§) 5.5 of the rules and regulations of the Federal Energy Regulatory Commission (FERC or Commission) (18 CFR § 5.5), SCE hereby files its Notice of Intent (NOI) and Pre-Application Document (PAD) for this Project.

Notice of Intent and Pre-Application Document

As set forth in the NOI, SCE is seeking a new license for the continued operation and maintenance of the Project.

The PAD, which accompanies the NOI, presents existing environmental and operational information relevant to the Project proposal that will enable relicensing participants to identify issues and related information needs, develop study requests and study plans, and prepare relicensing documents.

The PAD comprises two volumes:

- Volume I (contains public information): includes information required by 18 CFR § 5.6(c) and § 5.6(d).
- Volume II (contains public information, confidential, and Critical Energy Infrastructure Information [CEII]): comprises the PAD appendices including:
 - Consultation Summary: details about early Stakeholder outreach SCE conducted with federal and state resource agencies, local governments, Tribes, and other members of the public interested in the Project;

Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
September 22, 2021
Page - 2 -

- Detailed Project Map Series;
- Supporting Project Information;
- Photo Logs;
- Draft Study Plans: ten draft study plans were developed by SCE in consultation with the Technical Working Groups to address potential issues and additional information gathering needs;
- Cultural and Tribal Resources (confidential): includes details on the location(s) of sensitive tribal or cultural resources. Disclosure of this information could be harmful to these resources. Pursuant to 18 CFR § 385.112, SCE requests confidential treatment of this information. This appendix will be electronically filed in the FERC eLibrary as Confidential and marked with the language "Contains Confidential Information - Do Not Release"; and
- Single-line Design Diagram (CEII): required by 18 CFR § 5.6(d)(2) and will be electronically filed in the FERC library as CEII.

Volume I and the public portions of Volume II were efiled with FERC's eLibrary under the "public tab."

SCE will distribute the NOI and PAD to federal and state resource agencies, local governments, Native American Tribes, and other members of the public likely to be interested in the relicensing proceeding, as set forth in the attached distribution list, pursuant to 18 CFR § 5.5(c). Members of the distribution list will receive documents electronically when possible. In addition, public portions of this filing will also be placed on SCE's Kern River No. 3 Project Relicensing website where the documents are available for download (www.sce.com/kr3).

A hard copy of the public portions of Volume I and Volume II will be available for review by appointment only during normal business hours at:

Kern River No. 3 Powerhouse
15115 Sierra Way
Kernville, CA 93238

Appendices F (Confidential) and G (CEII) in Volume II will be provided separately, in an electronic format unless otherwise requested, to those entities with jurisdiction over those resources. Pursuant to 18 CFR § 388.112 and 113, SCE respectfully requests that the Commission designate these appendices non-public information, as discussed above.

Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
September 22, 2021

Request for Designations as Non-Federal Representative

Pursuant to 18 CFR § 5.5(e), SCE requests to be designated as the Commission's non-federal representative in relicensing the Project for purposes of consultation under: (1) Section 7 of the Endangered Species Act (ESA), 16 USC § 1536, and the joint agency ESA implementing regulations at 50 CFR Part 402; and (2) Section 106 of the National Historic Preservation Act (NHPA), 54 USC § 306108, and the NHPA implementing regulations at 36 CFR Part 800.

SCE looks forward to working with the Commission and other interested parties on the Kern River No. 3 Hydroelectric Project relicensing. Should there be any questions or concerns regarding this filing please contact Martin Ostendorf, SCE Senior Manager, by phone at (559) 893-2033 or via email at martin.ostendorf@sce.com.

Sincerely,

Southern California Edison Company

Notice of Intent

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Southern California Edison Company

Project No. 2290
Kern River No. 3

NOTICE OF INTENT TO FILE APPLICATION FOR
NEW LICENSE

Pursuant to 18 CFR § 5.5, Southern California Edison Company (SCE) notifies the Federal Energy Regulatory Commission (FERC) of its intention to file an Application for a New License for the Kern River No. 3 Hydroelectric Project, FERC Project No. 2290 (Project).

The following information is provided consistent with the requirements of 18 CFR § 5.5(b).

(1) Potential applicant or existing licensee's name and address:

Applicant's name: Southern California Edison

Address: P.O. Box 800
Rosemead, CA 91770

Contact: Martin Ostendorf
Kern River No. 3 Relicensing Senior Manager
Southern California Edison Company
1515 Walnut Grove Avenue
Rosemead, CA 91770
Phone: 559-893-2033
Email: martin.ostendorf@sce.com

Wayne P. Allen
Principal Manager, Regulatory Support Services
Southern California Edison Company
1515 Walnut Grove Avenue
Rosemead, CA 91770
Phone: 626-302-9741
Email: wayne.allen@sce.com

(2) Project number: FERC Project No. 2290

(3) License expiration date: November 30, 2026

(4) Unequivocal statement of intent:

SCE intends to file an application for a new license for the Kern River No. 3 Hydroelectric Project (Project) located on the North Fork Kern River (NFKR) and on Salmon and Corral Creeks near the town of Kernville in Kern County in California utilizing FERC's Integrated Licensing Process (ILP).

(5) Type of principal Project works licensed:

The run-of-river Project diverts water from the NFKR and seasonally from Salmon and Corral Creeks. Diverted water is transported through a water conveyance system connected to the powerhouse and is returned to the NFKR through the powerhouse tailrace. Principal Project works under FERC's jurisdiction include three diversion dams, above and below-ground water conveyance system, forebay, penstocks, powerhouse, communication lines, access roads, and ancillary support facilities. A complete outline of all Project works is available in Section 4.0 of the Pre-Application Document.

(6) The location of the Project by state, county, and stream, and, when appropriate, by city or nearby city:

| | |
|---------------------------------|---|
| State or Territory: | California |
| County: | Kern and Tulare |
| Stream: | North Fork Kern River, Salmon Creek, Corral Creek |
| Township or nearby town: | Kernville |

(7) The installed plant capacity: 40.2 megawatts

(8) Names and mailing addresses of:

(i) Every county in which any part of the Project is located, and in which any federal facility that is used or to be used by the Project is located:

| | |
|---|---|
| Tulare County 2800 W. Burrel Ave. Visalia, CA 93291 | Kern County 1415 Truxtun Ave. Bakersfield, CA 93301 |
|---|---|

There are no federal facilities used by the Project.

(ii) Every city, town, or similar political subdivision.

(A) In which any part of the Project is or is to be located and any federal facility that is or is to be used by the Project is located:

The Project is not located within the city limits or boundary of any incorporated community. No federal facility is used or is proposed to be used by the Project.

(B) That has a population of 5,000 or more people and is located within 15 miles of the existing or proposed Project dam:

The Project boundaries or facilities are located near the small communities of Fairview, Riverkern, Camp Owens, and Kernville. There are no communities within 15 miles of the Project with a population of more than 5,000 residents.

(iii) Every irrigation district, drainage district, or similar special purpose political subdivision:

(A) In which any part of the Project is or is proposed to be located and any federal facility that is or is proposed to be used by the Project is located;

There are no irrigation districts, drainage districts, or other special purpose political subdivisions in the immediate vicinity of the Project. No federal facility is used or is proposed to be used by the Project.

(B) That owns, operates, maintains, or uses any Project facility or any federal facility that is or is proposed to be used by the Project:

No Project features are owned, operated, maintained, or used by any irrigation district, drainage districts, or other special purpose political subdivisions. No federal facility is used or is proposed to be used by the Project.

(iv) Every other political subdivision in the general area of the Project or proposed Project that there is reason to believe would be likely to be interested in, or affected by, the notification:

There are no other political subdivisions in the area of the Project that we believe would be interested in, or affected by this notification. However, the Project facilities are primarily located on federal lands (225.20 acres between Kern and Tulare Counties) on the Sequoia National Forest (SNF). The address for the SNF is as follows:

Sequoia National Forest
11380 Kernville Rd
Kernville, CA 93238-9795

(v) Affected Indian Tribes

The following Native American Tribes are potentially interested in the Project. There are no tribal lands located within or adjacent to the FERC Project Boundary.
