Jameisha Washington	U.S. Forest Service (USFS)
Richard McNeill	USFS
Stephanie Heller	USFS
760-784-4085	Unknown

1 Relicensing participants are organized alphabetically by affiliation.

Questions (Note: responses to questions edited/revised for clarity):

Attendee/Affiliation	Question/Comment and Response
Richard McNeill, USFS	I am not able to see the video.
<i>Matthew Woodhall</i>	<i>Richard, we will make sure you get a link to the video.</i>
Richard McNeill, USFS	Could I also get spatial data for all of this?
<i>Ed Bianchi</i>	<i>As part of study implementations SCE will work with resource agencies to share and provide data that is pertinent to their jurisdiction. In past relicensings, both SCE and the Forest Service have shared/exchanged spatial data (GIS layers) and we anticipate a similar arrangement will occur during the Rush Creek relicensing.</i>

Post-meeting Communication:

Stakeholder	Question/Comment and Response
Jil Stark, June Lake Citizens Advisory Committee	Ms. Stark contacted Matthew Woodhall via telephone to inform him that she was not able to see the presentation and could only hear the audio. She inquired about how to sign up for additional information and the Technical Working Group meetings.
<i>Matthew Woodhall</i>	<i>A link to the Rush Creek Project website and information about how to sign up for participation in the relicensing and future Technical Working Group meetings was provided to Ms. Stark.</i>
