NOTICE OF APPLICATION Southern California Edison Company's Request to Increase Electric Rates APPLICATION A.22-03-018

Why am I receiving this notice?

On March 30, 2022, Southern California Edison Company (SCE) filed with the California Public Utilities Commission (CPUC) its application for authorization to recover costs related to the 2019 winter storms, 2020 heat waves, and 2020 fires recorded in the Catastrophic Event Memorandum Account (CEMA), (Application A.22-03-018). The application is requesting a total of \$197.857 million. The costs that SCE seeks to recover in the application are not funded through existing rates.

If the CPUC approves this application, SCE will recover forecasted costs in electric rates over a 1-year period beginning on January 1, 2024, or upon a final decision in this proceeding. This will impact your monthly bill.

Why is SCE requesting this rate increase?

To recover costs incurred to restore service to customers, repair or replace damaged facilities, and comply with governmental agency orders after events declared to be disasters by state or federal authorities, including winter storms in 2019, heat waves in 2020, and five fires in 2020.

How could this affect my monthly electric rates?

If SCE's rate request is approved by the CPUC, the average residential monthly bill using 500 kWh per month would increase by approximately \$1.90 or 1.3% per month.

Proposed Electric Rate Increase

Bundled Average Rates (¢/kWh) Customer Group	Current Rates	Proposed Increase	Proposed Rates	% Increase

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SCE's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SCE's application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels.
