

Southern California Edison (SCE) Green Rate 2020 Price, Terms and Conditions

	<p>SCE's Green Rate is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.</p>
<p>Company</p>	<p>Southern California Edison</p>
<p>Contact Information</p>	<p>For more information about SCE's Green Rate, visit www.on.sce.com/greenrate or call 1-866-701-7867.</p>
<p>How will I be billed?</p>	<p>Customers will be billed based upon the 50% or 100% for which they have enrolled. The Green Rate premium will be applied to either 50% or 100% of their usage each month. The credits and charges will appear on the customer's energy bill, in addition to the customer's regular electricity charges.</p>
<p>How will my bill be calculated?</p>	<p>The Green Rate premium is estimated to be 1.26 cents/kWh for a Residential customer. As an example, a customer choosing the 100% option who uses 100 kWh will have the 1.26 cents/kWh applied to 100 kWh for a total Green Rate premium of \$1.26. This charge is separate from the otherwise applicable tariff the customer is on. The premium is composed of both charges and credits. Credits for the Green Rate include the Class Average Generation Credit and the Renewable Energy Value Adjustment. Green Rate Charges include the Renewable Power Rate, the GTSR Indifference Adjustment, the CAISO Grid & WREGIS Charges, the RA Adjustment, the Program Administration and Marketing Charge, and the RIC Charge.</p>

The current detailed credits and charges are as follows:

Component	(cents/kWh)
