

Important Update on Electric System Upgrades

July 14, 2020

SUBJECT: Southern California Edison (SCE) Activities in the Palmdale Area

Dear neighbor,

Beginning on July 20, 2020, SCE contract crews from PAR Electrical Contractors (PAR) / Quanta Energized Services (QES) will be performing work on the Tehachapi Renewable Transmission Project (TRTP) Segment 6 transmission wires in the utility right-of-way corridor. Below are important dates to keep in mind.

Anticipated Construction Schedule: *(Note: this schedule may change depending on weather and other factors)*

- July 20, 2020 – August 06, 2020 from 7:00 a.m. to 7:00 p.m. (or sundown).

Location:

- Unincorporated L.A. County Areas of Palmdale and Acton (see map below)

What you can expect to see:

- **Operations:** Contractors will perform detailed line inspections and upgrades as needed.

No electrical outages or helicopter work is associated with these activities.

We appreciate your patience and are making every effort to minimize potential impacts during this work. SCE is committed to ensuring the safety of the public and project personnel during this work.

We're here to answer your questions. For more information, please contact us:
