

SAFETY NOTICE: PREPARE FOR PUBLIC SAFETY POWER SHUTOFFS (PSPS)

When fire weather conditions, which include high winds, dry vegetation and low humidity, put our communities at risk, we may temporarily shut off power. This important safety tool is called a Public Safety Power Shutoff (PSPS) and it helps reduce the risk of fires caused by utility equipment. Even if you don't have an account with Southern California Edison (SCE), you could still be affected by PSPS.

WHAT TO EXPECT DURING PSPS.

Advance Notice. Your landlord or property owner will typically get an alert from us up to three days before a potential power shut off.

Shutoffs. When shutoffs occur, we will need to keep the power off until the weather improves.

Power Restoration. Once fire weather conditions pass, we inspect power lines for damage and or debris. Because of this, it may take a day or more to restore power. Our goal is to turn the power back on when it is safe to do so.

Updates. Sign up to receive PSPS Address Alerts throughout shutoff events by scanning the code below or visiting [sce.com/pspsalerts](https://www.sce.com/pspsalerts).

PLAN AHEAD. BE PREPARED. STAY SAFE.

We'll keep you informed during the outage and when power has been restored.

Bookmark Outage Map. Check your PSPS status on the outage map at [sce.com/outagemap](https://www.sce.com/outagemap) or download the MySCE mobile app at [sce.com/mobile-app](https://www.sce.com/mobile-app).

Update Your Contact Information. Make sure your landlord or property owner has your contact information, so they can share PSPS alerts with you before an outage.

Make an Emergency Plan. Plan for everyone in your household, including pets, and create a supply kit for longer outages. Visit [sce.com/beprepared](https://www.sce.com/beprepared) for tips.

Plan for Medical Needs. If you or someone in your home depends on electrically-powered medical equipment, learn more about our Medical Baseline Allowance program at [sce.com/mbl](https://www.sce.com/mbl).

Find Helpful Resources. Learn about our customer care programs, including rebates for portable power stations and portable generators for eligible customers at [sce.com/customerresources](https://www.sce.com/customerresources).

STAY INFORMED.

PSPS and Wildfire Safety. We continue to invest in resiliency measures to reduce the risk of wildfires caused by utility equipment. Learn more about PSPS at [sce.com/psps](https://www.sce.com/psps) and our wildfire safety efforts at [sce.com/wildfire](https://www.sce.com/wildfire).
