RE: Second Notice of Proposed Real Property Disposition – Right of First Offer  
Santa Ana River & Mill Creek Lands – San Bernardino County

Dear Tribal Leader:

In accordance with California Public Utilities Commission (“CPUC”) Resolution No. E-5076 and the CPUC’s Tribal Land Policy, Southern California Edison Company (“SCE”) is notifying you of its intent to sell properties located near the cities of Highland and Yucaipa in San Bernardino County, California (collectively referred to as the “Properties”). The California Native American Heritage Commission has identified the Properties as within or abutting your Tribe’s ancestral territory. The purpose of this letter is to provide a second notification of the Tribe’s right of first offer on the sale of the Properties and to request that the Tribe contact SCE if it has an interest in purchasing the Properties.

The first Property is within the San Bernardino National Forest and southeast of Running Springs and totals approximately 45 acres. The second location is located off Highway 38 north of the city of Yucaipa. These parcels total approximately 15 acres. All properties are vacant. Enclosed are maps depicting the Properties’ location.

In accordance with the Tribal Land Transfer Policy, the Tribe has a time-sensitive “right of first offer” on the sale of the Properties. If the Tribe is interested in acquiring the Properties, the Tribe must notify SCE, in writing, of the Tribe’s interest within thirty (30) days (by April 24, 2026). SCE is available for consultation with the Tribe, in accordance with California Government Code Section 64352.4, regarding the Tribe’s interest in the Properties. Following receipt of a statement of interest, SCE will meet and confer with the Tribe over the ensuing sixty (60) day period to determine if a mutually agreeable sale may be negotiated.

This notice does not constitute a formal offer of sale but rather solely serves as a notification of SCE’s intent to dispose of the Properties and of the Tribe’s right of first offer. SCE reserves the right to withdraw this notice at any time. In addition, any resulting agreement for the sale of the Properties will be conditioned upon obtaining approval from the CPUC. SCE makes

no guarantees regarding the CPUC's timing and whether the CPUC would approve and/or condition such a transaction.

In addition, SCE welcomes comments or information the Tribe would like to share regarding any cultural resources that may exist on the Properties. The Tribe's input is valuable to the CPUC as it reviews any future disposition of the Properties.

Should the Tribe have questions about this second notice or the Properties or wish to make a statement of interest in the Properties, please contact me at Southern California Edison Company, 2 Innovation Way, PIV 2, 2nd Floor, Pomona, CA 91768 or by e-mail at richard.fujikawa@sce.com or by phone at (714) 657-6950. In accordance with California Public Utilities Commission (“CPUC”) Resolution No. E-5076 and the CPUC’s Tribal Land Policy, Southern California Edison Company (“SCE”) is notifying you of its intent to sell properties located near the cities of Highland and Yucaipa in San Bernardino County, California (collectively referred to as the “Properties”). The California Native American Heritage Commission has identified the Properties as within or abutting your Tribe’s ancestral territory. The purpose of this letter is to provide a second notification of the Tribe’s right of first offer on the sale of the Properties and to request that the Tribe contact SCE if it has an interest in purchasing the Properties.

The first Property is within the San Bernardino National Forest and southeast of Running Springs and totals approximately 45 acres. The second location is located off Highway 38 north of the city of Yucaipa. These parcels total approximately 15 acres. All properties are vacant. Enclosed are maps depicting the Properties’ location.

In accordance with the Tribal Land Transfer Policy, the Tribe has a time-sensitive “right of first offer” on the sale of the Properties. If the Tribe is interested in acquiring the Properties, the Tribe must notify SCE, in writing, of the Tribe’s interest within thirty (30) days (by April 24, 2026). SCE is available for consultation with the Tribe, in accordance with California Government Code Section 64352.4, regarding the Tribe’s interest in the Properties. Following receipt of a statement of interest, SCE will meet and confer with the Tribe over the ensuing sixty (60) day period to determine if a mutually agreeable sale may be negotiated.

This notice does not constitute a formal offer of sale but rather solely serves as a notification of SCE’s intent to dispose of the Properties and of the Tribe’s right of first offer. SCE reserves the right to withdraw this notice at any time. In addition, any resulting agreement for the sale of the Properties will be conditioned upon obtaining approval from the CPUC. SCE makes

no guarantees regarding the CPUC's timing and whether the CPUC would approve and/or condition such a transaction.

In addition, SCE welcomes comments or information the Tribe would like to share regarding any cultural resources that may exist on the Properties. The Tribe's input is valuable to the CPUC as it reviews any future disposition of the Properties.

Should the Tribe have questions about this second notice or the Properties or wish to make a statement of interest in the Properties, please contact me at Southern California Edison Company, 2 Innovation Way, PIV 2, 2nd Floor, Pomona, CA 91768 or by e-mail at richard.fujikawa@sce.com or by phone at (714) 657-6950. The purpose of this letter is to provide a second notification of the Tribe’s right of first offer on the sale of the Properties and to request that the Tribe contact SCE if it has an interest in purchasing the Properties.

The first Property is within the San Bernardino National Forest and southeast of Running Springs and totals approximately 45 acres. The second location is located off Highway 38 north of the city of Yucaipa. These parcels total approximately 15 acres. All properties are vacant. Enclosed are maps depicting the Properties’ location.

In accordance with the Tribal Land Transfer Policy, the Tribe has a time-sensitive “right of first offer” on the sale of the Properties. If the Tribe is interested in acquiring the Properties, the Tribe must notify SCE, in writing, of the Tribe’s interest within thirty (30) days (by April 24, 2026). SCE is available for consultation with the Tribe, in accordance with California Government Code Section 64352.4, regarding the Tribe’s interest in the Properties. Following receipt of a statement of interest, SCE will meet and confer with the Tribe over the ensuing sixty (60) day period to determine if a mutually agreeable sale may be negotiated.

This notice does not constitute a formal offer of sale but rather solely serves as a notification of SCE’s intent to dispose of the Properties and of the Tribe’s right of first offer. SCE reserves the right to withdraw this notice at any time. In addition, any resulting agreement for the sale of the Properties will be conditioned upon obtaining approval from the CPUC. SCE makes

no guarantees regarding the CPUC's timing and whether the CPUC would approve and/or condition such a transaction.

In addition, SCE welcomes comments or information the Tribe would like to share regarding any cultural resources that may exist on the Properties. The Tribe's input is valuable to the CPUC as it reviews any future disposition of the Properties.

Should the Tribe have questions about this second notice or the Properties or wish to make a statement of interest in the Properties, please contact me at Southern California Edison Company, 2 Innovation Way, PIV 2, 2nd Floor, Pomona, CA 91768 or by e-mail at richard.fujikawa@sce.com or by phone at (714) 657-6950.
